Always Obedient Essays On The Teachings Of Dr Klaas Schilder:

Always Obedient Jakob Geertsema, 1995 *A Church for a Secular World* Marinus De Jong, 2025-09-25 The relationship between the Church and the world has been a subject of debate since the Church's earliest days Stanley Hauerwas with his emphasis on the Church as polis has made a significant contemporary contribution one that has also faced strong criticism This study examines the distinctive insights of second generation neo Calvinist theologian Klaas Schilder 1890 1952 on this issue Neo Calvinism is renowned for its development of Reformed theology particularly in this area and Schilder builds on this tradition with a critical eye Engaging with the increasing secularity of the twentieth century he carefully interacts with Karl Barth's writings while refining his own perspective In doing so Schilder's position comes close to the Anabaptist stance of Hauerwas yet remains firmly rooted in the Reformed understanding of creation *The Reading and Preaching of the Scriptures in the Worship of the Christian Church, Volume 6* Hughes Oliphant Old, 2007 The Reading and Preaching of the Scriptures in the Worship of the Christian Church is a multivolume study by Hughes Oliphant Old that canvasses the history of preaching from the words of Moses at Mount Sinai through modern times In Volume 1 The Biblical Period Old begins his survey by discussing the roots of the Christian ministry of the Word in the worship of Israel He then examines the preaching of Christ and the Apostles Finally Old looks at the development and practice of Christian preaching in the second and third centuries concluding with the ministry of Origen *The Challenges of Cultural Discipleship* Richard J. Mouw, 2011-11-21 Richard J Mouw is well known for his incisive views on the intersection of culture and Christianity and for his efforts to make the thought of major Dutch theologian Abraham Kuyper accessible to average Christians In this volume Mouw provides the scholarly backstory to his popular books as he interprets applies expands on and at times even corrects Kuyper's remarkable vision for faith and public life In thirteen essays Mouw explores and develops the Kuyperian perspective on key topics in Christian cultural discipleship including public theology sphere sovereignty education creation and more He deftly articulates an ecumenically enriched neo Calvinist or neo Kuyperian perspective that appropriates and contextualizes the ideas and insights of this important theologian and statesman for new challenges in Christian thought and service **The Covenant of Redemption** John V. Fesko, 2015-12-09 The covenant of redemption pactum salutis the eternal intra trinitarian covenant was a common staple within Early Modern Reformed theology yet there are very few historical works that examine this doctrine J V Fesko's study *The Covenant of Redemption Origins Development and Reception* seeks to address this lacuna In the contemporary period the covenant of redemption has been derided as speculative mythological a declension from trinitarianism or erroneously derived from one or two biblical proof texts Yet seldom have critics carefully engaged the primary sources to examine the different formulations supporting exegesis and ways in which the doctrine was employed Far from speculation sub trinitarian or a cold business transaction proponents of the covenant of redemption constructed this doctrine based upon a web of interconnected biblical texts and were very sensitive to maintaining a robust doctrine of the

trinity as they employed this doctrine as a bulwark against the anti trinitarian claims of Socinian theologians Proponents of the doctrine also saw this pre temporal covenant as the embodiment of intra trinitarian love that overflows unto those chosen in Christ for their salvation and ultimate fellowship with the triune God John V Fesko explores the historical origins of the doctrine and then surveys its development in the seventeenth through nineteenth centuries examining key advocates of the doctrine including David Dickson Herman Witsius Johannes Cocceius Francis Turretin Patrick Gillespie John Gill Jonathan Edwards Charles Hodge and A A Hodge He then examines the contemporary reception of the doctrine in the twentieth century with a survey of the doctrine s critics including Karl Barth Herman Hoeksema Klaas Schilder and John Murray After exploring the claims of the critics the study moves to examine the views of twentieth century proponents including Geerhardus Vos Herman Bavinck Abraham Kuyper Louis Berkhof and G C Berkouwer

The Shepherd-flock Motif in the Miletus Discourse (Acts 20:17-38) Against Its Historical Background Bernard Aubert, 2009 The Shepherd Flock Motif in the Miletus Discourse Acts 20 17 38 Against Its Historical Background provides a comprehensive survey of the use of the shepherd flock motif in the ancient world for the readers of the New Testament This review of Ancient Near Eastern Jewish Greco Roman and Christian sources is guided by a motific approach that integrates the concept of metaphor Semantics and the comparative method A chief concern of this study is to apply this knowledge to the study of Luke Acts especially the Miletus Discourse Acts 20 17 38 The shepherd flock motif appears to be central in this speech and helps to integrate other motifs and themes in this discourse such as the kingship motif The Shepherd Flock Motif in the Miletus Discourse Acts 20 17 38 Against Its Historical Background is indispensable to the study of motifs in the New Testament and contributes meaningfully to the scholarly research on Luke Acts

As You See the Day Approaching Theodore G. Van Raalte, 2016-01-06 We are in the last days Living well in such a time depends upon believing that Christ has conquered sin and death and is ruling today alive at God s right hand These essays on the end time will help Christians live like people who really have eternal life already the life of the Spirit of Christ who lives and moves in both Christ and Christians Whether your question is about heaven the soul hell the new earth about how believers in the Old Testament thought of these things or about what redemptive progress God brought by the resurrection of Christ you will find answers here Readers will also be warmly encouraged by the practical and realistic chapters about the Christian s calling in social and political matters and about the ways that the church s worship is a participation in heavenly realities Central to everything about the end time is the fact that by dying and rising Jesus Christ brought the whole world forward into the last days and has in principle brought Christians into a fullness that Moses and even Adam did not yet know Read and be encouraged Contributors include

Covenant Works T. Hoogsteen, 2015-10-30 In the development of Covenant Works I follow neither the way of the seventeenth century Federal Theology nor the way of nineteenth century Critical Theology nor the way of twentieth century Federal Vision nor the way of a compromise Covenant Works lays open the Scriptures biblical structure The author integrates the covenant Christology the trinity the kingdom the church and historical linearity into the Scriptures to reveal its architectonic unity

Participation and Covenant Dick Moes, 2024-03-13 In Participation and Covenant Contours of a Theodramatic Theology Moes develops a theological framework that has participation in the life of God in Christ through the Spirit as its integrative center In doing so he enters into conversation with covenant or federal theology particularly as it has been presented by Michael Horton in which the integrative center is the concept of the covenant He argues that God s fundamental relationship with humanity does not entail a covenant ontology a fundamentally legal and ethical relationship to God as we find in Horton s presentation but rather an ontology of participating in God s loving presence in Christ through the Holy Spirit For this relationship we were created and this participation is therefore natural to us Accordingly a theodramatic framework that incorporates a reframed understanding of divine human covenants and that has participation in the life of God in Christ by the Spirit as its integrative center is better able to give direction for clearly communicating the gospel in our secular culture and for properly shaping our Christian identity and practice in the face of

the secularism that affects the church too than Horton's framework of covenant theology The Ark of Yahweh in Redemptive History Deuk-il Shin, 2012-11-29 The Ark of Yahweh in Redemptive History is an exegetical and theological study of the Ark of Yahweh throughout the Old Testament The ark which appears as the centerpiece of Israelite existence in Old Testament times is widely understood as the unique symbol of God's special presence Yet this monograph is to underline that the ark functioned as a revelatory tool of Divine attributes although many proposals on the function of the ark in the Old Testament have been presented fetish chest bearer of God's image a miniature temple God's throne footstool a simple receptacle a war palladium and spatial center of amphictyony In particular The Ark of Yahweh in Redemptive History shows that Yahweh led his people to faith using the sacred object in history and that the ark was in the long run a disposable object for the people of older covenant in the process of redemptive history **To You and Your Children** Benjamin K. Wikner, 2004 Scripture promises that God's people shall not labor in vain nor bring forth children for trouble for they shall be the descendants of the blessed of the Lord and their offspring with them Is 65:22-23 and that Christ will turn the hearts of the children to their fathers Mal 4:6 Yet Christian parents today face a disturbing exodus of their children from the Church to the world Why is this What is the place of children within the faith What do the promises mean Recognizing that this subject is fraught with difficulty and grief the twelve contributors to this volume seek to address the hard questions and lay a biblical foundation of hope for our children Contributors include Timothy Bayly Joel Belz Randy Booth David Hagopian Douglas Jones Dr Nelson D Kloosterman Dr Charles Alan McIlhenny Dr Robert S Rayburn G Mark Sumpter Tom Trouwborst Benjamin K Wikner and Douglas Wilson Faith and Ethnicity Borght, Dirk van Keulen, Martien Brinkman, 2019-12-30 In writing In Christ there is neither Jew nor Greek the apostle Paul touched on a topic that still is hotly debated among Christians today the relationship between faith and ethnicity The Reformed Churches usually organized along regional or national lines are no exception and wrestle world wide with the issue This volume offers more traditional Western mostly European perspectives exploring Western and Eastern European and North American contexts Hermeneutics church order and ecumenical aspects complement the theme This and the previous volume of Studies in Reformed Theology contain contributions to the fourth international conference of the International Reformed Theological Institute IRTI held in Princeton N J U S A 2001 on the theme of Faith and Ethnicity The Church Preserved Through Fires Sun-gil Hō, 2006 *Created and Creating* William Edgar, 2017-03-16 The gospel of Jesus Christ is always situated within a particular cultural context but how should Christians approach the complex relationship between their faith and the surrounding culture Should we simply retreat from culture Should we embrace our cultural practices and mindset How important is it for us to be engaged with our culture and mindset How might we do that with discernment and faithfulness William Edgar offers a biblical theology in the light of our contemporary culture that contends that Christians should and indeed must engage with the surrounding culture By exploring what Scripture has to say about the role of culture and glean insights from a variety of theologians including

Abraham Kuyper T S Eliot H Richard Niebuhr and C S Lewis Edgar contends that cultural engagement is a fundamental aspect of human existence He does not shy away from those passages that emphasize the distinction between Christians and the world Yet he finds shining through the biblical witness evidence that supports a robust defence of the cultural mandate to be fruitful and multiply and fill the earth and subdue it Genesis 1 28 With clarity and wisdom Edgar argues that we are most faithful to our calling as God s creatures when we participate in creating culture Introduction Part 1 Parameters of culture Part 2 Challenges from Scripture Part 3 The cultural mandate Epilogue Scout Piet Prins,1997 During the Nazi occupation of the Netherlands a young Dutch boy s German shepherd proves himself invaluable when his tracking ability saves his young owner s life

All That God Cares About Richard J. Mouw,2020-06-16 How do Christians account for the widespread presence of goodness in a fallen world Richard Mouw one of the most influential evangelical voices in America presents his mature thought on the topic of common grace Addressing a range of issues relevant to engaging common grace in the 21st century Mouw shows how God takes delight in all things that glorify him even those that happen beyond the boundaries of the church and defends the doctrine of common grace from its detractors **T&T Clark Handbook of Neo-Calvinism** Nathaniel Gray Sutanto,Cory Brock,2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields
