Suddenly, you can see what's going on inside people: you can see what motivates and matters to them and how to influence and communicate with them successfully. Finally, you have a simple, clear, true-to-life map of personality that gives you the key to understanding people and interacting with them successfully. The 5 Personality Patterns is a book that can change your life. This is one of the most useful popular psychology books I have ever seen. . . . It should become a classic.--- Stephen M. Johnson, author of *Character Styles* and *Characterological Transformation*

As we attempt to understand the psychology of success
