Bombay Novels Mamta Mantri, 2019-01-15 Mumbai *Bombay* How do we explain this city and ourselves within it How do the city and the city dweller together allow for representations of urban life to arise in literature and the fine arts This book is an understanding of Mumbai both as an architectural and literary space through the lens of spatial criticism and the technique of fl nerie As an icon of experiences Mumbai is felt through the simultaneous acts of walking observing remembering and articulating In analyzing four novels namely Baumgartner s *Bombay Ravan* and *Eddie Shantaram* and *Baluta* the book claims that the characters and their authors offer an alternative vision of the city as they also construct a transient place for themselves This act of fl nerie is an act of transgression as it turns the outside into the inside changing public space into private space As the characters serve to disrupt meaning uncover hidden histories and expose power relations involved in the representation of place they actualize many possibilities and meanings Using the novel as a literary device the authors have told stories not only of the protagonist fl neur but also of people around them sometimes in detail sometimes in passing In contesting claiming and owning the lives the stories and the city the humane aspect is never forgotten
