## **Bombingham A Novel:**

*Doing Recent History* Claire Bond Potter, Renee C. Romano, 2012-04-25 Recent history the very phrase seems like an oxymoron Yet historians have been writing accounts of the recent past since printed history acquired a modern audience and in the last several years interest in recent topics has grown exponentially With subjects as diverse as Walmart and disco and personalities as disparate as Chavez and Schlafly books about the history of our own time have become arguably the most exciting and talked about part of the discipline Despite this rich tradition and growing popularity historians have engaged in little discussion about the specific methodological political and ethical issues related to writing about the recent past The twelve essays in this collection explore the challenges of writing histories of recent events where visibility is inherently imperfect hindsight and perspective are lacking and historiography is underdeveloped Those who write about events that have taken place since 1970 encounter exciting challenges that are both familiar and foreign to scholars of a more distant past including suspicions that their research is not historical enough negotiation with living witnesses who have a very strong stake in their own representation and the task of working with new electronic sources Contributors to this collection consider a wide range of these challenges They question how sources like television and video games can be better utilized in historical research explore the role and regulation of doing oral histories consider the ethics of writing about living subjects discuss how historians can best navigate questions of privacy and copyright law and imagine the possibilities that new technologies offer for creating transnational and translingual research opportunities *Doing Recent History* offers guidance and insight to any researcher considering tackling the not so distant past

**Race Mixing** Suzanne W. Jones, 2006-02-15 In the southern United States there remains a deep need among both black and white writers to examine the topic of race relations whether they grew up during segregation or belong to the younger generation that graduated from integrated schools In *Race Mixing* Suzanne Jones offers insightful and provocative readings of contemporary novels the work of a wide range of writers black and white established and emerging Their stories

explore the possibilities of cross racial friendships examine the repressed history of interracial love reimagine the Civil Rights era through children s eyes herald the reemergence of the racially mixed character investigate acts of racial violence and interrogate both rural and urban racial dynamics Employing a dynamic model of the relationship between text and context Jones shows how more than thirty relevant writers including Madison Smartt Bell Larry Brown Bebe Moore Campbell Thulani Davis Ellen Douglas Ernest Gaines Josephine Humphreys Randall Kenan Reynolds Price Alice Walker and Tom Wolfe illuminate the complexities of the color line and the problems in defining racial identity today While an earlier generation of black and white southern writers challenged the mythic unity of southern communities in order to lay bare racial divisions Jones finds in the novels of contemporary writers a challenge to the mythic sameness within racial communities and a broader definition of community and identity Closely reading these stories about race in America *Race Mixing* ultimately points to new ways of thinking about race relations We need these fictions Jones writes to help us imagine our way out of the social structures and mind sets that mythologize the past fragment individuals prejudge people and divide communities

Where the Devil Don't Stay Stephen Deusner, 2021-09-07 In 1996 Patterson Hood recruited friends and fellow musicians in Athens Georgia to form his dream band a group with no set lineup that specialized in rowdy rock and roll The Drive By Truckers as they named themselves grew into one of the best and most consequential rock bands of the twenty first century a great live act whose songs deliver the truth and nuance rarely bestowed on Southerners so often reduced to stereotypes *Where the Devil Don t Stay* tells the band s unlikely story not chronologically but geographically Seeing the Truckers albums as roadmaps through a landscape that is half real half imagined their fellow Southerner Stephen Deusner travels to the places the band s members have lived in and written about Tracking the band from Muscle Shoals Alabama to Richmond Virginia to the author s hometown in McNairy County Tennessee Deusner explores the Truckers complex relationship to the South and the issues of class race history and religion that run through their music Drawing on new interviews with past and present band members including Jason Isbell *Where the Devil Don t Stay* is more than the story of a great American band it s a reflection on the power of music and how it can frame and shape a larger culture *Learning from Birmingham* Julie Buckner Armstrong, 2023-05-22 As Birmingham goes so goes the nation Fred Shuttlesworth observed when he invited Martin Luther King Jr to the city for the transformative protests of 1963 From the height of the civil rights movement through its long aftermath the images of police dogs and fire hoses turned against protestors and the four girls murdered when Ku Klux Klan members bombed the Sixteenth Street Baptist Church made the city an uncomfortable racial mirror for the nation But like many white people who came of age in the civil rights movement s wake Julie Buckner Armstrong knew little about her hometown s history growing up with her single working class mother in 1960s and 70s It was only after moving away and discovering writers like Toni Morrison and Alice Walker that she began to realize that her hometown and her family were part of a larger story of racial injustice and struggle In recent years however Birmingham has rebranded itself as a vibrant

diverse destination for civil rights heritage tourism Former sites of violence have been transformed into a large moving National Park Service memorial complex that includes a museum public art churches and multiple walking tours But beyond the tourist map one can see in Birmingham just like Anytown USA a new Jim Crow reemerging in the place where the old one supposedly died Returning home decades later to care for her aging mother Shuttlesworth's admonition rang in her mind By then an accomplished scholar and civil rights educator Armstrong found herself pondering the lessons Birmingham has for America in the twenty first century where a 2014 Teaching Tolerance report characterized a common understanding of the civil rights movement in two names and four words Martin Luther King Jr Rosa Parks and I have a dream Seeking to better understand her hometown's complicated history its connection to other stories of oppression and resistance and her own place in relation to it Armstrong embarked on a journey to unravel the standard Birmingham narrative to see what she would find instead Beginning at the center with her family's arrival in 1947 in a neighborhood near the color line within earshot of what would become known as Dynamite Hill Armstrong works her way out in time and across the map Pulling at strings and weaving in the personal stories of her white working class family classmates and other local characters not traditionally associated with Birmingham's civil rights history she expands the cast and forges connections between the stories that have been told about Birmingham as well as those that haven't From a funny cousin whose closeted community was also targeted by Bull Connor's police force to an aunt who served on the jury that finally convicted Robert Chambliss of murdering Denise McNair Armstrong combines intimate personal stories archival research and cultural geography to reframe the lessons of Birmingham through the intersections of race class gender faith education culture place and mobility The result is more than a pageant of Birmingham and its people it's also a portrait of Birmingham rendered on the ground over time as seen in old plantations in segregated neighborhoods across contested boundary lines over mountains along increasingly polluted waterways under the gaze of Vulcan beneath airport runways on the highways cutting through and running out of town In her search for truth and beauty in the veins of Birmingham Armstrong draws on the powers of place and storytelling to dig into the cracks complicating the easy narrative of Black triumph and overcoming Among other discoveries found in the mirror Armstrong finds a white America that for too long has failed to recognize itself in the horrific stories and symbols from Birmingham's past or accept the continuing inequalities from which it unfairly benefits A literary scholar Armstrong observes that many of the best writings on civil rights and race relations describe racism as a wound a poison or a sickness without offering easy prescriptions Citing James Baldwin Armstrong knows stories have the power to touch the human heart but warns that resistance to injustice only begins there Once engaged it is up to each of us to look again and consider what our stories really reveal about the world and ourselves In *Learning From Birmingham* Armstrong reminds us that the stories of civil rights structural oppression privilege whether intentional or unconscious abuse and inequity are difficult and complicated but that their telling especially from multiple stakeholder perspectives is absolutely necessary

**Birmingham, 35 Miles** James Braziel, 2008-02-26 In this haunting and poignant debut novel James Braziel tells an unforgettable story of love family and survival across a world that has already begun to die When the ozone layer opened and the sun relentlessly scorched the land there was nothing left but to hope Mathew Harrison had always heard of a better life as close as Birmingham only thirty five miles away zones of blue sky wet grass and clean breathable air But to him it s a myth a place guarded by soldiers off limits to all but the lucky few Meanwhile Mat works alongside his father mining only the red clay that the once fertile Alabama soil can offer Now with the killing deserts on the move again and the woman he loves on a Greyhound heading north Mat has a travel visa and every reason to leave But his roots in this lifeless soil inexplicably hold him firmly to the past Torn between hope and resignation with time running out Mat must make a fateful choice between a new life and the one that isn t ready to let him go
