War Bond Plays and Other Dramatic Material for Use in Connection with War Finance Promotion United States. War Finance Division, 1943 Adapting King Lear for the Stage Lynne Bradley, 2016-03-16 Questioning whether the impulse to adapt Shakespeare has changed over time Lynne Bradley argues for restoring a sense of historicity to the study of adaptation Bradley compares Nahum Tate s History of King Lear 1681 adaptations by David Garrick in the mid eighteenth century and nineteenth century Shakespeare burlesques to twentieth century theatrical rewritings of King Lear and suggests latter day adaptations should be viewed as a unique genre that allows playwrights to express modern subject positions with regard to their literary heritage while also participating in broader debates about art and society In identifying and relocating different adaptive gestures within this historical framework Bradley explores the link between the critical and the creative in the history of Shakespearean adaptation Focusing on works such as Gordon Bottomley s King Lear s Wife 1913 Edward Bond s Lear 1971 Howard Barker s Seven Lears 1989 and the Women s Theatre Group s Lear s Daughters 1987 Bradley theorizes that modern rewritings of Shakespeare constitute a new type of textual interaction based on a simultaneous double gesture of collaboration and rejection She suggests that this new interaction provides constituent groups such as the feminist collective who wrote Lear s Daughters a strategy to acknowledge their debt to Shakespeare while writing against the traditional and negative representations of femininity they see reflected in his plays **Gunmen and Gangsters** Michael Schlossheimer, 2018-08-03 Gangsters such as Al Capone and Lucky Luciano were considered by many people to be the most exciting personalities of the 1920s and 1930s The public was hungry for press coverage about these mysterious and dangerous men Most reports about them were sketchy as the reporters did not want to get on the bad side of the racket bosses Hollywood s response to the public s fascination was to portray the lives of gangsters on the movie screen using actors such as Humphrey Bogart James

Cagney and Edward G Robinson Perhaps surprisingly these men received not so favorable reviews from the Academy Award voters and as their popularity grew with the public censorship dictated other actors be brought in to play the roles That's what this book is about the personal and professional lives of William Bendix Charles Bickford Ward Bond Broderick Crawford Brian Donlevy Paul Douglas William Gargan Barton MacLane and Lloyd Nolan second string actors who replaced the big names and did a memorable job A filmography is supplied for each actor *Strategies of Political Theatre* Michael Patterson, 2003-05-22 This volume provides a theoretical framework for some of the most important play writing in Britain in the second half of the twentieth century Examining representative plays by Arnold Wesker John Arden Trevor Griffiths Howard Barker Howard Brenton Edward Bond David Hare John McGrath and Caryl Churchill the author analyses their respective strategies for persuading audiences of the need for a radical restructuring of society The book begins with a discussion of the way that theatre has been used to convey a political message Each chapter is then devoted to an exploration of the engagement of individual playwrights with left wing political theatre including a detailed analysis of one of their major plays Despite political change since the 1980s political play writing continues to be a significant element in contemporary play writing but in a very changed form *Chemistry for the Biosciences* Jonathan Crowe, Tony Bradshaw, 2014 Leading students through the essential concepts that are central to understanding biological systems this text uses everyday examples and analogies to build their confidence in an often daunting subject By focusing on the key themes that unify the subject it shows how integral chemistry is to the biosciences *Bodied Spaces* Stanton Garner, 2019-04-15 At me too someone is looking Samuel Beckett *Waiting for Godot* In a venturesome study of corporeality and perception in contemporary drama Stanton B Garner Jr turns this awareness of the spectator's gaze back upon itself His book takes up two of drama's most essential and elusive elements spatiality through which plays establish fields of visual and environmental relationship and the human body through which these fields are articulated Within the spatial terms of theater this book puts the body and its perceptual worlds back into performance theory Garner's approach is phenomenological emphasizing perception and experience in the theatrical environment His discussion of the work of playwrights after 1950 including Samuel Beckett Eugene Ionesco Peter Weiss Harold Pinter Sam Shepard David Mamet Edward Bond Maria Irene Fornes Caryl Churchill and Ntozake Shange explores the body's modes of presence in contemporary drama Drawing on work in areas as diverse as scenographic theory medical phenomenology contemporary linguistics and feminist theories of the body Garner addresses topics such as theatrical image stage objects dramatic language the suffering body and the staging of gender all with a view toward developing a phenomenology of *mise en scene* **The Minute Man**, 1943 **The Play Out of Context** Hanna Scolnicov, Peter Holland, 1989-02-24 This is a volume of essays which examines the relationship between the play and its historical and cultural contexts Transferring plays from one period or one culture to another is so much more than translating the words from one language into another The contributors vary their approaches to this problem from the

theoretical to the practical from the literary to the theatrical with plays examined both historically and synchronically The articles interact with each other presenting a diversity of views of the central theme and establishing a dialogue between scholars of different cultures With play texts quoted in English the range of themes stretches from a Japanese interpretation of Chekhov to Shakespeare in Nazi Germany and Racine borrowing from Sophocles Most of the essays are based on papers presented at the Jerusalem Theatre Conference in 1986 The book will be of interest to students and scholars of the theatre and of literature and literary theory as well as to theatregoers

The Tragedy of King Lear William Shakespeare,2005-08-11 This second edition of King Lear features a new introductory section by Jay L Halio **Field Organization News Letter** ,1943 **Molecular Biology of RNA** David Elliott,Michael Ladomery,2011 Of RNA biology as part of a broader programme of study **Themes in Drama: Volume 8, Historical Drama** James Redmond,1986-04-17
