

Bone House

The dynasty of the area changed through the time when chiefs murdered one another, and the tent of the chiefs changed with it. Yet the Bone-House always stayed the same.

Bone trading never withered as the area swung away against other species and against themselves from time to time. And great hunters were always welcomed with their trophies. Skulls they brought back from the battle and game were the symbols for their honor and strength. In a land bathed in blood and bones, the house of the bone-carving and bone-selling thrived.
