**Tribune for Victory and Socialism** ,2005      **A Second Reckoning** Scott D. Seligman,2021-10 A Second Reckoning tells the heartbreaking story of the murder that led to the city of Annapolis s last hanging and a broader appeal for posthumous justice especially in racially tainted cases      **The Philosophie, Commonly Called, the Morals, Written by the Learned Philosopher, Plutarch of Chæroneæ. Translated Out of Greeke Into English, and Conferred with the Latine Translations, and the French, by Philemon Holland ... They were taught not to question the men in their families or their pastors They were told to remain sexually pure and trained to feel shame if a man was tempted Some of these girls were abused and assaulted Some made to shrink down so small they became a shadow of themselves To question their leaders was to question God All the while their male leaders built fiefdoms from megachurches and sprawling ministries They influenced politics and policy To protect their church's influence these men covered up and hid abuse American Christian patriarchy as it rose in political power and cultural sway over the past four decades hurt many faithful believers Millions of Americans abandoned churches they once loved Yet among those who stayed and a few who still loved the church they fled a brave group of women spoke up They built online megaphones using the democratizing power of technology to create long overdue change In *Disobedient Women* journalist Sarah Stankorb gives long overdue recognition for these everyday women as leaders and as voices for a different sort of faith Their work has driven journalists to help bring abuse stories to national attention Stankorb weaves together the efforts of these courageous voices in order to present a full layered portrait of the treatment of women and the fight for change within the modern American church *Disobedient Women* is not just a look at the women who have used the internet to bring down the religious power structures that were meant to keep them quiet but also a picture of the large scale changes that are happening within evangelical culture regarding women's roles ultimately underscoring the ways technology has created a place for women to challenge traditional institutions from within
