Bones In The Womb:

A Feminist Companion to Wisdom and Psalms Athalya Brenner-Idan, Carole Fontaine, 1998-11-01 While the Wisdom volume in the first Feminist Companion series investigated multiple aspects of characterizations of women found in Wisdom literature the 13 essays in this volume move beyond the study of the characterization of females that formed one of the first steps of modern feminist criticism the recovery of what had been ignored or trivialized by androcentric readings dominant through the centuries This second volume takes up questions of voice exclusion and construction as well as the reinforcement of world views that while perhaps necessary to the survival of the postexilic community as a whole nevertheless left a legacy of continued gender asymmetry in Judaism and Christianity Science and Philosophy in the Indian Buddhist Classics, Vol. 1 Thupten Jinpa, 2017-11-07 Explores the nature of the material world through the five aggregates used by Buddhist thinkers discussing such topics as sources of knowledge the scope of reason and the nature of time *A system of surgery, tr. and accompanied with notes and observations b J.F. Ecclesiastes, 1934 *Like a Woman in Travail* John A. Porter, 2024-01-26 Have you struggled with making sense of suffering whether in your own life in the history of God's people or just in the world around you What if the secret to the enigma of suffering far from being shrouded in impenetrable darkness is transparently set forth at the very beginning of the Bible in God's immediate response to human sin from where it is progressively unfolded as the inner dynamic of so called salvation history What if suffering in its essence is a form of precisely those birth pangs through which a new creation enucleated in the body of the risen Christ is being brought into existence to replace the old What if you could come to see your own suffering as pain that is intended to be productive of new life This is precisely what John A Porter argues in this study of the biblical perspective on suffering He discerns in birth pangs the key to a profound understanding of the place of suffering in God's redemptive plan not only for humanity but for the cosmos and especially in the life of the Church and the individual Christian **Death Ritual in Late Imperial and Modern China** James L. Watson, Evelyn Sakakida Rawski, 1988

During the late imperial era 1500 1911 China though divided by ethnic linguistic and regional differences at least as great as those prevailing in Europe enjoyed a remarkable solidarity What held Chinese society together for so many centuries Some scholars have pointed to the institutional control over the written word as instrumental in promoting cultural homogenization others the manipulation of the performing arts This volume comprised of essays by both anthropologists and historians furthers this important discussion by examining the role of death rituals in the unification of Chinese culture The American Gynaecological and Obstetrical Journal, 1894 *Saint Bartholomew's Hospital reports*, 1875 **Reports**, 1875
