Except Ye Come as a Child Curt V. Martin,2013-07-03 Except Ye Come as a Child brings imagination wisdom emotion surprises suspense and light hearted comedy to poetry Each poem is a story with its own message and lesson Although the poems are written so that anyone can understand the content it will not come as a surprise that one reader may receive an entirely different message from another Each poem has a spiritual message that speaks to the heart in the area that needs it the most War Stories for My Grandchildren H.F. Jansen Estrup,2007-03-15 Storytelling at its best this compelling memoir graphically portrays the scarred emotional landscape of young men who seek a place in the world by way of a military career Exhausted shadows of the past are brought alive with uncommon eloquence as the author looks back on his youth brimming with innocence idealism and patriotism A page turner the book explores the complex nature of a man whose brave daring and sometimes foolhardy exploits led to the essential task building a scaffold of choices and attitudes by rendering meaning from the intractable depths of experience What in other hands might be a dreary tale of adolescent angst betrayal and disillusion takes on truly pyrotechnic energy lifting his coming of age from the mundane to the profound Reviews Rating Excellent top rating by Writer s Digest What I like best is the humanity of the speaker Narrators often glorify themselves or the people they love and consequently attack those who might have ever hurt them slightly It seems those authors do not approach their lives from a position of power But this book is filled with real people with distinctive voices made human and vulnerable by their standards and faults and are loved all the more for them by the reader Especially wonderful is the perspective on the world the philosophies and stories presented with reasoning throughout as well as the various layers of actual war and the psychology of boy and manhood the raw relatable vivid voice that is found inside the project is quite necessary and brilliant and I hope it will come under the gaze of many a person interested at all in our worlds history or the intelligent wisdom of one who has lived Rating 5 Stars By jd2 ID In War Stories For My Grandchildren the author vividly portrays how war is not always on the military battlefield This unique book tells of war in all walks of life be it young old personal social or military It connects the reader to war through the eyes and mind of the author who experienced these events as they unfolded With a poignant view of the military gained from a combined total of twenty plus years in the Air Force and Navy he writes with the technical expertise of an insider and the wisdom acquired after five tours in Southeast Asia Here s a bargain if I ever read

one The book contains about twenty different stories for the price of one book Each story filled with a refreshingly honest point of view Not just the blood and guts side of war but a deeper philosophical understanding of what it is what it does and how humanity can't seem to detach itself from it Real life danger and excitement await the reader in stories like The Drowning of Helen Lee and Sea Dragon as well as others I'm sure his Grandchildren will enjoy them all I did Highly recommended from a satisfied reader Jd2 SFR
