Bonhoeffer And South Africa Theology In Dialogue:

Bonhoeffer and South Africa John W. De Gruchy, 1984 In this stimulating book John W de Gruchy points out the relevance of Dietrich Bonhoeffer's thought for the life of the church in South Africa engaging in dialogue the theology of Bonhoeffer and the theology of South Africa Both Bonhoeffer's theology and his life bore witness to the need for Christians to come face to face with the pressing political and social issues of the day Bonhoeffer believed that to bear an authentic witness to Christ in certain settings was to go against the stream the church in South Africa says de Gruchy faces the challenge to be just such a troublesome witness He finds in Bonhoeffer's theology direction and liberation for the oppressed as well as for the privileged who need to be freed for others Throughout the book demonstrates the abiding significance of Bonhoeffer's theology which according to de Gruchy derives from the fact that he was before all else a witness to Jesus Christ John de Gruchy is Robert Selby Taylor Professor of Christian Studies and Director of the Religion and Social Change Unit in the University of Cape Town *ThirdWay*, 1985-09 Monthly current affairs magazine from a Christian perspective with a focus on politics society economics and culture *Bonhoeffer's Christocentric Theology and Fundamental Debates in Environmental Ethics* Steven C. van den Heuvel, 2017-05-04 There is widespread understanding of the close connection between religion and the ecological crisis and that in order to amend this crisis theological resources are needed This monograph seeks to contribute to this endeavor by engaging the theology of Dietrich Bonhoeffer His theology is particularly suitable in this context due to its open ended nature and to the prophetic and radical nature of the questions he was prepared to ask that is why there are many other attempts to contextualize Bonhoeffer's theology in areas that he himself has not directly written about In this monograph Steven van den Heuvel first of all addresses the question of how to translate Bonhoeffer's theology in a methodologically sound way He settles on a modified form of the general method of correlation Then secondly van den Heuvel sets out to describe five major concepts in Bonhoeffer's work bringing these into critical interplay with discussions in environmental ethics and eco theology In making the correlations he thoroughly describes each concept situating it in the historic and intellectual background of Bonhoeffer's time He then transposes these concepts to contemporary environmental ethics describing what contribution Bonhoeffer's theology can make *The Oxford Handbook of Dietrich Bonhoeffer* Michael Mawson, Philip G. Ziegler, 2019 This Handbook offers an overview of Dietrich Bonhoeffer's 1906-1945 biography and intellectual context his contributions to all areas of doctrinal theology ethics and public life the significance of his thought for some contemporary issues and debates and an evaluation of some existing resources for studying Bonhoeffer **The Cambridge Companion to Dietrich Bonhoeffer** John W. de Gruchy, 1999-05-13 This Companion serves as a guide for readers wanting to explore the thought and legacy of the great German theologian Dietrich Bonhoeffer 1906-45 The book shows why Bonhoeffer remains such an attractive figure to so many people of diverse backgrounds Its chapters written by authors from differing national theological and church contexts provide a helpful

Bonhoeffer and the Responsibility for a Coming Generation Robert Vosloo, Teddy Sakupapa, Karola Radler, Ashwin Thyssen, 2024-07-25 This volume draws together a selection of high quality presentations at the 13th International Bonhoeffer Congress held in January 2020 in Stellenbosch South Africa The theme of the conference was How a coming generation is to go on living Bonhoeffer and the response to our present crisis and hope The selected essays engage thoroughly and creatively with this concern to take responsibility not only for our own personal and communal life in all of its complexity and richness but also for the ethos and society that future generations will inherit from us The pertinence of Bonhoeffer's question is addressed in these contributions anew as we experience threats on a global level to socio political economic and inter religious stability and solidarity Attention is also given to some important challenges experienced in the so called global South and the reality of climate change and ecological devastation implies that the question of how future generations are going to go on living is linked to the fact that we live on a planet that is in jeopardy Also included as an appendix is the powerful sermon preached by the South African Anglican archbishop of Cape Town Thabo Makgoba at the opening worship service of the congress

Dietrich Bonhoeffer Refuting Carl Schmitt's Deizision Karola Radler, 2025-06-26 Radler examines Bonhoeffer's and Schmitt's intellectual paradigms of thought of theology and jurisprudence Whilst both thinkers encounter constitutional institutional models they arrive at opposing conclusions and actions This book tackles how they approach the indicators for a decision of choices between alternatives the urgency of resolving the problems at hand the intended goal and the following active manifestation in Christ Radler reveals how Schmitt's form of Deizision resting on a linear model of history abstracts metaphysical content from

objective normative evaluation and in support of a human personality representing the idea of Christ elevates the significance of the self over content and subject in structural analogy to theological dogma On the other hand Bonhoeffer's theology repudiates Schmitt's political jurisprudential position contesting that history ultimately focuses on leading to human wholeness through reconciliation *Unconscious Christianity in Dietrich Bonhoeffer's Late Theology* Eleanor McLaughlin, 2020-03-27 In the last years of his life Dietrich Bonhoeffer began work on an idea that he called unbewusstes Christentum unconscious Christianity While Bonhoeffer's other ideas from this period have been extensively studied and are important in the field of theology and beyond this idea has been almost completely ignored For the first time in Bonhoeffer scholarship Eleanor McLaughlin provides a definition of unconscious Christianity based on a close reading and analysis of the texts in which Bonhoeffer mentioned the term From a variety of surviving texts from a scribbled marginal note in his Ethics manuscript to the fiction he wrote in prison she constructs a detailed definition of unconscious Christianity that sheds light not only on Bonhoeffer's late work but his theological development as a whole **Christianity in South Africa** Richard Elphick, Rodney Davenport, T. R. H. Davenport, 1997-01-01 At a strategic time in South Africa's history the Christian history which is absolutely basic to all developments is presented in a comprehensive and objective way Too little attention is given to the influence of religion in socio-political accounts This is a creative and much needed contribution to scholarship and general knowledge An outstanding work Dean S Gilliland Fuller Theological Seminary
