Nursery Rhymes of England, Collected Chiefly from Oral Tradition James O. Halliwell, 1854 Oral Traditions and Gender in Early Modern Literary Texts Mary Ellen Lamb, Karen Bamford, 2017-11-28 Proposing a fresh approach to scholarship on the topic this volume explores the cultural meanings especially the gendered meanings of material associated with oral traditions The collection is divided into three sections Part One investigates the evocations of the old nurse as storyteller so prominent in early modern fictions The essays in Part Two investigate women s fashioning of oral traditions to serve their own purposes The third section disturbs the exclusive associations between the feminine and oral traditions to discover implications for masculinity as well Contributors explore the plays of Shakespeare and writings of Spenser Sidney Wroth and the Cavendishes as well as works by less well known or even unknown authors Framed by an introduction by Mary Ellen Lamb and an afterword by Pamela Allen Brown these essays make several important interventions in scholarship

in the field They demonstrate the continuing cultural importance of an oral tradition of tales and ballads even if sometimes circulated in manuscript and printed forms Rather than in its mode of transmission contributors posit that the continuing significance of this oral tradition lies instead in the mode of consumption the immediacy of the interaction of the participants Oral Traditions and Gender in Early Modern Literary Texts confirms the power of oral traditions to shape and also to unsettle concepts of the masculine as well as of the feminine This collection usefully complicates any easy assumptions about associations of oral traditions with gender *Truths* Prodosh Aich,MVR Nair,2017-04-28 We are what we know We know what is handed down Our daily life is organised by historical narrations Universally To judge over the validity of historical narrations and of history we must know all about those narrators of history Today and during the last two centuries all narrators of history are educated in institutions created by European Christians They narrate history incoherently though the history all over is coherent and interdependent The libraries are flooded by incoherent deliberations and with books that are copied and pasted from other books This is more so since the rise of the Ottoman Empire since the blockade of the land route and beginning of search for a sea route to India and all that has followed thereafter until our days Why do they narrate incoherently though historical developments are coherent and interdependent by its nature Why do they copy and paste and duplicate To judge over the validity of historical narrations in their books the authors of this book search and investigate into the acquired qualifications and careers of all main narrators of this history The search is based on primary documents The result of this search is thrilling mysterious and stunning We are fed by books that are based on secondary sources These books are mere propaganda which should be stored in bad libraries The result of this search has banged on the Pandora s Box and it is open now *The Heritage of Armenian Literature: From the oral tradition to the Golden Age* Agop Jack Hacikyan,Gabriel Basmajian,Edward S. Franchuk,Nourhan Ouzounian,2000 Armenian written literature originated almost 16 centuries ago with the invention of the Armenian alphabet This anthology translated into English takes a comprehensive approach to capturing the essence of of the literature of the entire period covered Unexpected Lost Treasures Jasper Quincy,AI,2025-04-03 Unexpected Lost Treasures embarks on a historical adventure investigating the enduring allure of real undiscovered artifacts and riches The book argues that the search for these lost items transcends mere monetary gain representing a quest to understand human history and civilization Consider the Flor de la Mar a Portuguese ship lost in 1511 while carrying a vast treasure or the Amber Room the lavish chamber stolen during World War II These stories and others offer potential keys to unlocking new perspectives on trade routes artistic achievements and pivotal historical events The book weaves together maritime art and military history to provide a comprehensive context for these mysteries Starting with a definition of what constitutes a significant lost treasure the narrative progresses through specific examples detailing their histories and the ongoing searches By exploring historical documents archaeological reports and eyewitness accounts Unexpected Lost Treasures presents factual information in an accessible and engaging manner much like a historical mystery

The narrative acknowledges the speculative nature of some claims focusing on well documented cases where rediscovery remains plausible     **Jesus and the Oral Gospel Tradition** Henry Wansborough, 2004-12-30 A collection of papers from two international symposia by such important scholars as Aune Dunn Gerhardsson Meyer Rordorf and Talmon The articles share the conviction that the only way to break the deadlock in the Synoptic problem is to examine the oral tradition about Jesus which lay behind the Gospels and to continue even beyond them The book addresses such central issues as the characteristics of oral tradition oral tradition in Judaism in the teaching of Jesus his aphorisms and the narrative meshalim and in the Gospel narratives and the relationships of John Paul and the Didache to oral tradition This volume should bring onto a new plane the discussion of the all important oral stage of Gospel tradition     **The Origins of Suffolk** Peter M. Warner, 1996 This book gives details of recent excavations at sites of international significance such as Sutton Hoo West Stow and Brandon It covers the history and archaeology of Suffolk from the time of the first farmers to the coming of the Normans

**Seeking the Imperishable Treasure** Steven R. Johnson, 2008-07-01 In Seeking the Imperishable Treasure Johnson tracks the use of a single saying of Jesus over time and among theologically divergent authors and communities He identifies six different versions of the saying in the canonical gospels and epistles Mark Matthew Luke John James and Colossians as well as the Gospel of Thomas and Q After tracing the tradition and redaction history of this wisdom admonition he observes at least two distinctly different wisdom themes that are applied to the saying the proper disposition of wealth and the search for knowledge wisdom or God What he discovers is a saying of Jesus with roots in Jewish wisdom and pietistic traditions as well as popular Greek philosophy that proved amazingly adaptable in its application to differing social and rhetorical contexts of the first century     **Oral Epic Traditions in China and Beyond** Chao Gejin, 2021-12-30 This volume is the masterpiece of Chao Gejin one of the best known Chinese scholars of epic studies during the last several decades between the 20th and 21st centuries The discussion ranges from Homeric and Indo European epics to renewed discoveries of age old African and Asian epics The author details developments in research from Parry and Lord s work on Homeric epics and Serbo Croatian oral poetry to his own research on the Mongol heroic epic The book traces the formation of theoretical systems such as Oral Formulaic Theory Ethnopoetics and Performance Theory and ends with the author s explorations of the 20th century Mongolian singer Arimpil s singing of his native epic poetry By combining China s theoretical concerns in verbal art and Western theories in folklore Chao illustrates the nature and feature of oral epic in many ways and is heading for constructing an oral poetics in a broader sense Students and scholars of epic studies literature folklore and anthropology will find this an essential reference     **The Ruby Rosary** Thinley Norbu, 2022-10-11 An in depth presentation of one of the most profound traditions of Tibetan Buddhism the Dudjom lineage beginning with the Buddha and tracing the origins and development of the lineage through its Indian and Tibetan masters The Ruby Rosary is Thinley Norbu s commentary on a short prayer written by his father His Holiness Dudjom Rinpoche who was a revered leader of the Nyingma lineage of Tibetan Buddhism

as well as a revealer of treasures in the Tibetan tradition The root text entitled The Pearl Necklace is a prayer of devotion to the eighteen primary masters of the Dudjom incarnation lineage strung together into a necklace of liberated lifetimes With lively storytelling Thinley Norbu illuminates the life of each of these great yogis scholars and masters of the Buddha s teachings from N den Dorje Chang Shariputra and Saraha to Dudjom Lingpa It concludes with an account of the enlightened activities of Dudjom Rinpoche himself a towering figure thus completing this awe inspiring portrait of a modern master

Martin,2021-07-26 The subject for this study the Tibetan treasure revealer Gshen chen Klu dga is a crucial figure in the development of Bon as an organised religion after the eleventh century Here for the first time he is situated in the context of what was happening in Buddhism at the time By scrutinizing his life and gter ma treasures that were to be of much controversy in later ages Dan Martin sheds light on the mechanism of Tibetan polemical tradition and the ways in which sectarianism accords itself legitimacy by resurrecting ancient arguments in a subtly distorted manner The exhaustive annotated bibliography of previous works about Bon forming the second part of the work can rightly be seen as a legacy of Gshen chen Both parts taken together make this an indispensable guide to any student of Bon      The Return of Oral

Hermeneutics Tom Steffen,William Bjoraker,2020-05-01 Have Western exegetes turned an Eastern book into a Western one Has our fondness for a fixed printed text capable of being analyzed with precision and exactitude blinded us to other hermeneutic possibilities Does God require all people to be able to analyze grammar to interpret Scripture Does God assume all people can interpret Scripture through oral means The authors recognize the effects of centuries of literacy socialization that produced a blind spot in the Western Christian world the neglect by most in the academies agencies and assemblies of the foundational and forceful role orality had on the biblical text and teaching From the inspired spoken word of the prophets including Jesus pre text to the elite literate scribes who painstakingly hand printed the sacred text to post text interpretation and teaching the footprint of orality throughout the entire process is acutely visible to those having the oral aural influenced eyes of the Mediterranean ancients Could oral hermeneutics be the mother of relational theology      **Linguistic Heritage**

**The Sacred Oral Tradition of the Havasupai** Frank D. Tikalsky, Catherine A. Euler, Nagel John, Leslie Spier, Erna Gunther, 2010. Early in the twentieth century, Leslie Spier and Erna Gunther, graduate students trained by anthropologist Franz Boas, hiked to the bottom of the Grand Canyon to learn about Havasupai culture. In the process, they asked two Havasupai leaders and elders for every story they could remember. These were translated by native speakers and transcribed by Spier and later Gunther. Yet for unknown reasons, Spier never published the whole collection of forty-eight stories, one of the earliest most complete translations of an entire Native American oral tradition. Passed from Spier to anthropologist and Havasupai scholar Dr. Robert C. Euler, the stories published here for the first time in book form, with the permission of the Havasupai Tribal Council, are a cultural library and a cultural treasure that reflect an ancient Yuman language, mythological tradition. Publication restores them to the People Pai Pa Pah from whom they arose. In addition to the forty-eight stories, the volume includes essays on the cultural prehistory of the Grand Canyon and the cultural life of the Havasupai, as well as an overview of Havasupai history, leadership, and language, and an introduction to scientific thought on sacred story and mythology.
