Herrstrom, 2012-03-29 The Book of Unknowing meditates on John's confrontation with the incandescent Jesus a figure of our desire for immortality Guiding us through the Gospel's coming to grips with Jesus the poet David Sten Herrstrom prefers sparking the imagination to arguing a thesis as he explores John's own obsessions such as image light symbol water sign water to wine shapeliness symmetry loves Peter Mary's and above all words the Word the body of Jesus The result is a heady literary engagement not afraid of wit and paradox For anyone who loves literature or whose business is interpretation ministers and teachers this book blossoms with fresh revelations about the many voices of Jesus living in the House of the Interpreter and interacting with another interpreter Nicodemus as well as about John the interpreter who continually pauses to explain Jesus motives metaphors and the meaning of his death This meditation on John's Gospel takes the goat's leaping approach to the craggy language of John and Jesus rather than the methodical rock climber's And along the way to help him find footholds on the how and why of John's strategies the author calls on other poets from William Blake to Emily Dickinson and Miguel de Unamuno The result a poet's rather than a preacher's theologian's or scholar's reading of John's book one which crosses the borders of disciplines Throughout The Book of Unknowing David Herrstrom is unsettled and exhilarated by the peculiar orneriness and fragrance of John's book by its strange particulars that grab him by the throat and call lives into question As William Blake has said Exuberance is Beauty and this is an exuberant book *The Reasonableness and Certainty of the Christian Religion. The third edition, corrected and ... enlarged. (Additions, etc.)* Robert JENKIN, 1715 The Works of John Locke ... John Locke, 1722 *Sufism* Jean-Louis Michon, Roger Gaetani, 2006-03-24 A collection of essays on Sufism written by such contemporary contributors as Seyyed Hossein Nasr William Chittick and Frithjof Schuon demystifies its language philosophies and history in a volume that also provides interpretations of classic and modern essays Original The Book of Certainty Abū Bakr Sirāğaddīn, 1970 **THE BOOK OF LIFE & THE FASTING CURE** Upton Sinclair, 2024-01-17 In The Book of Life The Fasting Cure Upton Sinclair details a groundbreaking exploration of health diet and self improvement couched within the framework of early 20th century reformist thought Sinclair adopts a narrative style that is both engaging and didactic weaving personal anecdotes with practical advice on fasting and nutrition The book encapsulates the zeitgeist of the Progressive Era reflecting the rising interest in holistic health approaches amidst industrialization's threats to personal well being Sinclair's fervent advocacy for vegetarianism and fasting aligns with his broader thematic concerns about societal reform and individual empowerment encouraging readers to reclaim their health from an increasingly mechanized environment Upton Sinclair renowned for his fearless critique of capitalism and class disparity became an influential figure in American literature His earlier work The

Jungle exposed the harsh realities of the meatpacking industry highlighting his lifelong commitment to social justice and public health Sinclair's exploration of fasting as a remedy for modern ailments stems from his own health struggles and a profound belief in the power of personal agency in the face of societal pressures This remarkable work is a must read for anyone interested in health wellness and the intertwining of personal choices with societal health Sinclair's insightful arguments and practical guidance on fasting serve not only as a path to physical well being but also as a call to consciousness about our lifestyles Readers seeking both a provocative critique of modern eating habits and a practical guide to personal health will find exquisite value in Sinclair's vision
