The Lost Feather Erjan J. Slavin,2013-03-18 The Lost Feather is a tome of transitions and of what happens in transit between the plateaus of definitive expressions that took place elsewhere Underneath the painting of the bluebird that left its traces of blue in the sky beneath the artist s hand is the painting of what culminated in that moment of certain artistry The underpainting adds a context for the sure strokes of the finished art and the back ends of a process reveal the makings of the meaning that is final as a gesture In between the moment of the bird s passing and the recognition of the color in the air a feather that is lost in that transitory beauty is found in these pages something which the polished work could not have given by its very nature as an edition of a work of literature that is said to be complete **A Book About Roses S.**
