the Buddhist way of life *The Heart of Religion* P. D. Mehta,1987 **The Trail of the Open Heart** Rebecca Rees,2010-01-15 These are stories of All Kinds of Love cat love family love romantic love erotic love friendship and community love love of work love of home love of nature love of art love of justice love of spirit broken love mistaken love and eternal love From finding and losing and finding a girlhood Jesus to fighting racial injustice in the old South to thirty years of radical loving in flowery San Francisco to adventuring to live on the edge of the wild high desert mountains this is one feminist Everywoman s journey on the Trail of the Open Heart The dedication from the story Mistakes of the Open Heart gives a taste of the book I dedicate this story to my loving mistakes on the trail of the open heart the ones who got away To Michael my first friend in San Francisco who was in love when I was free and free when I was in love and lovingly married when I was free again To Charles my Rainmaker To Tim the first lover who made me feel beloved To Doug my kindred spirit who held hands with me in the convent To Steve who dumped me on the Winter Solstice but still wrote to tell me he loved his Hanukah present of seven stories To David a sweet guy who just wanted to be my friend and sing with me on the trail And to Paula best friend and adventure buddy of my youth who said that one of us should have been a man and knew that neither was willing to volunteer From you lost nowhere or nevermore lovers and from the unnamed others including the bad guys I have learned hard lessons You taught me humility and respect for the needs of others You taught me compassion in situations in which I was the rejector instead of the rejectee You taught me to allow every relationship to assume its natural form and that just because people love each other does not mean that they are meant to be together You helped me learn that the true source of all my love is me You taught me that part of being an attractive woman may be attracting experiences that I didn t expect You taught me to take responsibility for assessing when a person may be impulsive and unreliable and to take responsibility for acting on that knowledge You taught me that emotional fluency is not necessarily emotional responsibility You taught me that men who declare that they have been my lover in many lifetimes probably jerked me around in all those other lifetimes too You taught me to balance the romantic with the rational and not to mistake neediness for passion You taught me to count the cost of a relationship and decide if I am willing to pay that price all of it and still not get what I want I learned that most people love as well as they know how at the time given human imperfection in giving love and human imperfection in receiving it I learned that sometimes love is deeper without sex and sometimes friendship is more loving than love I learned that love is everywhere here and now and is not restricted in form I learned that life is ultimately a great Mystery and that what we have to give and teach each other may be beyond our immediate comprehension You my mistakes of the open heart led me to experience the tremendous peace and clarity that comes from giving up absolutely on an unworkable situation You helped me to learn that I can survive the death of an illusory self in relationship and be reborn to new possibilities an ever widening horizon of life You have helped me to become a woman of wisdom a woman who has learned to make good love and good friends when I can and learned to make the scraps into enlightenment soup *The*

Everything Essential Buddhism Book Arnie Kozak, Arnold Kozak, 2015-07-10 Contains material adapted from The Everything Buddhism Book 2nd Edition **The Treasury of Knowledge, Book Seven and Book Eight, Parts One and Two** Jamgon Kongtru Lodro Taye, 2013-01-08 Jamgon Kongtrul's ten volume Treasury of Knowledge is a unique encyclopedic masterpiece embodying the entire range of Buddhist teachings as they were preserved in Tibet. Tibetan Buddhist teachers expected their students to study Buddhist philosophical texts as well as practice reflection and meditation. Present day students have also realized that awakening has its source in study as well as in reflection and practice. Foundations of Buddhist Study and Practice comprises Book Seven and Book Eight, Parts One and Two of the Treasury of Knowledge. Book Seven elucidates the various keys needed to correctly interpret, understand and contemplate Buddhist teachings, including the secret teachings of the Vajrayana. Parts One and Two of Book Eight explain how the teachings are to be integrated into one's life through the practice of meditation, which unites a state of one-pointed attention with profound insight into emptiness. Jamgon Kongtrul's evenhanded, elegant and authoritative statement of such controversial doctrines as unqualified emptiness, self-empty and qualified emptiness, other-empty, provisional and definitive meaning, and conventional and ultimate truth as presented in the various schools of Tibetan Buddhism will appeal to both serious Dharma practitioners and advanced students and scholars.

Esoteric Buddhism in China Wei Wu, 2024-03-05 During the Republican period 1912-1949 and after many Chinese Buddhists sought inspiration from non-Chinese Buddhist traditions showing a particular interest in esoteric teachings What made these Buddhists dissatisfied with Chinese Buddhism and what did they think other Buddhist traditions could offer Which elements did they choose to follow and which ones did they disregard And how do their experiences recast the wider story of twentieth century pan-Asian Buddhist reform movements Based on a wide range of previously unexplored Chinese sources this book explores how esoteric Buddhist traditions have shaped the Chinese religious landscape Wei Wu examines cross-cultural religious transmission of ideas from Japanese and Tibetan traditions considering the various esoteric currents within Chinese Buddhist communities and how Chinese individuals and groups engaged with newly translated ideas and practices She argues that Chinese Buddhists' assimilation of doctrinal ritual and institutional elements of Tibetan and Japanese esoteric Buddhism was not a simple replication but an active process of creating new meanings Their visions of Buddhism in the modern world as well as early twentieth century discourses of nation building and religious reform shaped the reception of esoteric traditions By analyzing the Chinese interpretation and strategic adaptations of esoteric Buddhism this book sheds new light on the intellectual development ritual performances and institutional formations of Chinese Buddhism in the twentieth century
