Dutch Decorated Bookbinding in the Eighteenth Century, Volume III Jan Storm van Leeuwen, 2022-12-05 Awarded with the 15th ILAB Breslauer Prize for Bibliography 2010 This classic can be ranked among the well known international standard works on the subject of bookbinding The author Dr Jan Storm van Leeuwen gives in this work an elaborate general historical introduction to his subject It also contains a general introduction to each province as they were known in the eighteenth century and an extensive overall picture of the towns where luxury bindings were manufactured describing the bookbinder s workshops and binderies of each town The historical introduction is completed with a catalogue of the approximately 2000 relevant bindings in the collections of the Koninklijke Bibliotheek National Library of the Netherlands and its sister institution the Museum Meermanno Westreenianum About 1500 other bindings that the author studied over time in other collections are also described But the most important feature of this work is that all nearly 10 000 stamps on these bindings are represented by a picture Never before so many bindings 3500 have been recorded described and discussed in such detail and with the benefit of an established model and terminology Vol I General historical introduction Noord Holland Vol IIa Zuid Holland Vol IIb Zeeland Province of Utrecht Friesland Province of Groningen Drente Overijssel Gelderland Noord Brabant and Limburg Place unknown or irrelevant and Bindings in exceptional materials Vol III Catalogue of bindings in the Koninklijke Bibliotheek and the Museum Meermanno Westreenianum List of Bindings in other collections Overview of Rubbings important for identification Diagrams Books referred to with abbreviated titles Index to the text Index to Catalogue and List The print edition is available as a set of four volumes 9789061943693 *A History of the Art of Bookbinding* William Salt Brassington, 1894 *Victorian Publishers' Book-bindings in Cloth and Leather* Ruari McLean, 1974 Reference tool for Rare Books Collection *Manual of Library Bookbinding Practical and Historical* Henry Thomas Coutts, George Arthur Stephen, 1911 **Isaac Vossius and his Circle** F.F. Blok, 2021-10-18 This book gives a detailed account of the most interesting period in the life of the Dutch humanist scholar Isaac Vossius Leiden 1618 Windsor 1689 It is largely based on Vossius s extensive correspondence much of which has never been published before In particular Isaac s correspondence with his father Gerardus Joannes Vossius has been thoroughly investigated and is a prime source of information here Isaac Vossius s travels through England France and Italy followed his formative years at Leiden and Amsterdam during which time he had come under the strong influence of the French scholar Claude Saumaise A narrative account of these travels is given and Vossius s contacts with the various circles of scholars that he encountered are discussed in detail Such contacts allowed him to enter libraries otherwise difficult of access and there he continued his search for manuscripts Vossius s period as a wandering scholar can be said to have been rounded off with the year that he spent in Paris as secretary to Hugo Grotius All this time Vossius was building up his own collection of books and the fruits of these library researches were the philological editions that he began to publish in the four years that followed A new phase of Vossius s life opened in 1648 when Queen

Christina of Sweden invited him then still only thirty to come to her court The following six years were the most turbulent in the scholar s life He became the queen s tutor in Greek and also her personal confidant Under Vossius s guidance the queen steeped herself in the study of Plato and the Neoplatonists while the philosophy of Descartes whom she likewise invited to Stockholm seems to have held little interest for her It was while Vossius was at the Swedish court that he finally came into open conflict with Saumaise his former mentor Vossius built up a magnificent library for Christina This collection was however dispersed even before it has been completed though unfortunately not before Vossius s own books had been inadvertently incorporated into that library With the queen s approval Vossius then selected a new collection for himself from the royal library In 1655 Vossius disillusioned withdrew to the quiet of his own study in The Hague Since 1690 his collection of books and manuscripts has been housed in the University Library at Leiden where it forms the basis of the international fame of that institution
