

5 tips for coping with hay fever season

As with other types of allergies, the perfect way to manage hay fever is to find out what you are allergic to and then avoid it. It sounds easy, but this is much easier said than done. For sufferers, summer is the season of runny noses and itchy eyes, not the summer fun you were hoping for.

The first step is to talk to your pharmacist. **Hay fever medications** such as antihistamines, are very effective. Here are five tips for hay fever season:

- **Get a pollen filter for your car**
- **Change clothes regularly**
- **Check the pollen count**
- **Good sunglasses**
- **Use eye drops**
