The Research Funding Guidebook Joanne B. Ries,Carl G. Leukefeld,1998 Although the landscape of research funding is continually changing over the past several years one feature has remained consistent people who are

young in their careers are expected to take on not only the responsibility of applying for external funding but are also required to get it manage it and renew it in order to keep their research programs projects and careers viable The Research Funding Guidebook begins at the point many grant seekers can identify with rejection Part I emphasizes how to resubmit unfunded applications to make them more competitive The material contained in this section is invaluable especially since funding sources are now limiting the number of times the same application can be resubmitted Part II goes on to highlight the practical issues of a project after funding has been obtained Here the authors provide a map of the people and places that must become part of a researcher s daily and weekly routine The guidance provided in this part of the book includes a checklist that can be used to aid the newly funded investigator s progress Time management an essential but often overlooked feature of research funding is also dealt with in this section The subjects of other sections of this volume include the small business aspects of maintaining funding for a project and the process of targeting continued funding by determining the next fundable step of a project This is a hands on guide that will never be far from the reach of those using it Topics like what to include in a project proposal tips for competitive writing and how to select funding sources are easily accessed In addition helpful checklists and samples are provided along the way These practical features and the comprehensive up to date information presented make The Research Funding Guidebook an indispensable reference for new and experienced investigators alike Anyone interested in research funding in any academic discipline will find this book useful
