C. Byerley,2020-01-19 Everywhere we turn the Internet is there We access it through all kinds of devices including some small enough to fit in our ears or wear on our wrists And what does it serve up to us Information But most of that is not neutral Good and evil right and wrong truth and deception knowledge and ignorance all of it is available to us on the internet It is just a keystroke a swipe a bing away In his book A Battle at the Fingertips James Byerley tells a fascinating frightening and all too human tale of the dark and light sides of the internet world Enter the archives Byerley has created Discover the battle brewing there a battle sometimes more true to life than many see or would care to admit Entertaining Thought provoking Chilling A journey you ll not forget William D Watkins award winning author speaker and teacher president of Literary Solutions A Battle at the Fingertips The IMFish net Archives is a Christian fiction techno terrorism thriller set in contemporary times about two opposing growing closely knit social media communities that clash inside and outside the internet While one community wields discipleship love and evangelism toward online users IMFish net the other aims to spread anarchy hate and targeted bullying especially against the Christian institution ATH Subtly throughout this collision powerful forces of God s hand support and sustain the former community while dark capacities as inferred psychological influences infiltrate and guide the latter As this epic battle takes shape new truths and understandings are learned by all of the A Battle at the Fingertips characters about God s goal to marshal his loved ones including those entrenched in evil and about internet usage as a whole This novel divided into historical archives rather than chapters demonstrates how evangelism especially through the use of technology can bring about conflict indicative of the current spiritual battle raging developing at the fingertips of a keyboard It suggests how God is always in control and in the end victorious It shows how chaos can lead to triumph through tragedy especially when it is truth and God s love that is used as

bait in the net A Battle at the Fingertips leaves its readers with a new understanding of four truths that all characters discover by the end of the novel 1 The internet is a powerful tool for ministering to the isolated and lonely 2 Social media members are largely made up of a society of individuals looking for a community to call their home exactly the type of scenario Jesus looks to for the enhancement of His kingdom In an age with diminishing front porch gatherings and ice cream socials people are now more isolated These communities are providing an avenue for camaraderie good and bad 3 Any attempt to make an impact within the internet will always succeed at the grassroots level a truth the protagonists learn from mistakes they make in their vision of creating an online ministry throughout the novel 4 The fourth truth is the most profound Some of the opposing evangelists and anarchists discover how similar to one another they are in their counterculture efforts The ATH community is angry with IMFish net because they feel oppressed by their ideals IMFish net member Aiden eventually convinces Howard the leader of ATH that Christians are persecuted outcasts too are not of this world at all and are oppressed mostly due to secular culture This is when the ministry at the grassroots level takes place one on one via chat dialogue format in the novel s gripping climax
