Weather Bureau,1914 **Encyclopedia of American Short Films, 1926-1959** Graham Webb,2020-07-27 Short subject films have a long history in American cinemas These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon a newsreel possibly a serial and a short before launching into the feature film Shorts could tackle any topic of interest an unusual travelogue a comedy musical revues sports nature or popular vaudeville acts With the advent of sound on film in the mid to late 1920s makers of earlier silent short subjects began experimenting with the short films using them as a testing ground for the use of sound in feature movies After the Second World War and the rising popularity of television short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s *Picturing a Different West* Janis P. Stout,2007 *Picturing a Different West* addresses Willa Cather and Mary Austin as central figures in a women s tradition of the pictured West Both Cather and Austin moved west in their youth and spent much of their lives there Cather lived on the Great Plains while Austin resided in California and the Southwest Cather s travels repeatedly took her to the Southwest and she wrote three novels with Southwestern settings Starting with the masculine tradition of Western art that

was prevalent when Austin and Cather launched their careers Janis P Stout shows how the authors challenged and revised that tradition Rather than a West of adventure violence and conquest open only to rugged and daring men the authors envisioned a new West not conventionally feminine so much as an androgynous space of freedom for women and men alike Their vision of an alternative West and their alternative ways of thinking about and portraying gender are inseparable Placing Cather and Austin alongside contemporaries Elsie Clews Parsons Mabel Dodge Luhan Georgia O Keeffe and Laura Gilpin Stout emphasizes the visual nature of Austin's and Cather's personal experiences of the West and Southwest their awareness of the prevailing visual representations of the West and the visual nature of their books about the West with respect to both prose style and illustrations In closing Stout demonstrates the continuance of their tradition in illustrated western books by Leslie Marmon Silko and by Margaret Randall and Barbara Byers

The Desert and the Sown Mary Hallock Foote, 2019-11-29 In *The Desert and the Sown* Mary Hallock Foote crafts a vivid narrative that explores the intersection of nature and human endeavor in the arid landscapes of the American West Her prose elegantly intertwines elements of realism with lyrical descriptions of the desert and its transformative agricultural possibilities Foote's keen observations of both the harsh environment and the resilience of its inhabitants present a rich tapestry of life that captures the complexities of adaptation and survival Set against the backdrop of late 19th century America this work offers a critical reflection on themes of colonialism ecological change and the struggle for prosperity in an inhospitable land Mary Hallock Foote an influential figure in American literature drew from her experiences as a pioneer woman and her intimate knowledge of the West notably the challenges of settling in Nevada Her unique perspective as both a writer and an active participant in the community underscores her commitment to portraying the lives and struggles of those who endeavor to cultivate life in an unforgiving landscape Foote's background in art and literature provides her with a remarkable ability to render her surroundings with both eloquent detail and emotional depth I highly recommend *The Desert and the Sown* to readers interested in American literature environmental narratives and women's writing Foote's exquisite storytelling not only illuminates the pioneering spirit of the West but also reflects broader themes of resilience and transformation This book is a poignant reminder of the connections between nature and culture making it a significant contribution to the canon of American literature

REFLECTIONS OF A "B"- MOVIE JUNKIE Jim Driscoll, 2008-12-30 *Reflections Of A B Movie Junkie* is a tribute to the old B Movies of the Saturday Matinees of yesteryear Actually it is more of a homage to them or at least 6 genres of those film types that were so prevalent back in primarily the 40's and 50's Their research and discussion however in some instances dates all the way back to the beginning of the talkies of motion picture content and can extend in the other direction into the early 70s These 6 genres include the popular B Western The Comedy Teams The Jungle Adventures Sci Fi Fantasy Horror and the Serial or Chapter Plays so popular with the week end Matinee crowds back then These film types filled up our Saturday afternoons and evenings with exciting adventure curious wonder spine tingling horror

and non stop action Often filmed on a shoe string budget and in a limited time frame many of these classics came to be looked upon by many fans as being so truly bad that they were good in a bad sort of way They are thus categorized reviewed and discussed for the most part in a lovingly personal style especially when compared to the film types we are subjected to in today s market They had their place in film history and that time is long since gone But for some of us they have never been equaled which for others may indeed be a good thing

A Literary History of the American West Western Literature Association (U.S.), 1987 Literary histories of course do not have a reason for being unless there exists the literature itself This volume perhaps more than others of its kind is an expression of appreciation for the talented and dedicated literary artists who ignored the odds avoided temptations to write for popularity or prestige and chose to write honestly about the American West believing that experiences long knowns to be of historical importance are also experiences that need and deserve a literature of importance
