

Armed Servants

AGENCY, OVERSIGHT, AND
CIVIL-MILITARY
RELATIONS

Peter D. Feaver

Armed Servants

Christian Drosten

Armed Servants:

Armed Servants Peter Feaver, 2009-07 How do civilians control the military In the wake of September 11 the renewed presence of national security in everyday life has made this question all the more pressing In this book Peter Feaver proposes an ambitious new theory that treats civil military relations as a principal agent relationship with the civilian executive monitoring the actions of military agents the armed servants of the nation state Military obedience is not automatic but depends on strategic calculations of whether civilians will catch and punish misbehavior This model challenges Samuel Huntington s professionalism based model of civil military relations and provides an innovative way of making sense of the U S Cold War and post Cold War experience especially the distinctively stormy civil military relations of the Clinton era In the decade after the Cold War ended civilians and the military had a variety of run ins over whether and how to use military force These episodes as interpreted by agency theory contradict the conventional wisdom that civil military relations matter only if there is risk of a coup On the contrary military professionalism does not by itself ensure unchallenged civilian authority As Feaver argues agency theory offers the best foundation for thinking about relations between military and civilian leaders now and in the future

Armed Servants Peter D. Feaver, 2005-03-15 How do civilians control the military In his book Feaver proposes a new theory that treats civil military relations as a principal agent relationship with the civilian executive monitoring the actions of military agents the armed servants of the nation state

The Watchful Eye Pasquale De Marco, 2025-07-12 In a world where national security concerns permeate everyday life the relationship between civilians and the military is more critical than ever This book offers a groundbreaking analysis of civil military relations drawing inspiration from principal agent theory to propose a novel framework for understanding how civilians maintain control over the military The armed servants model conceptualizes the military as agents of the nation state subject to the monitoring and control of civilian authorities This framework challenges traditional models that rely on assumptions of professionalism or institutional norms instead focusing on the dynamics of monitoring control and accountability Through a range of case studies both historical and contemporary the book explores the challenges and complexities of civil military relations in various political contexts These cases highlight instances of successful civilian control as well as cases where the military has asserted its autonomy or even challenged civilian authority The book identifies key factors that contribute to effective civil military relations including strong institutional mechanisms for monitoring and control clear lines of accountability a vibrant and independent media and an engaged and informed citizenry This analysis offers valuable insights for policymakers scholars and practitioners seeking to understand and improve civil military relations By highlighting the importance of civilian oversight accountability and transparency this book contributes to the ongoing effort to ensure democratic control over the military and safeguard the principles of good governance If you like this book write a review [Hearings Before and Special Reports Made by Committee on Armed Services of the House of Representatives on Subjects Affecting the Naval](#)

and Military Establishments , **Army equipment** War office,1864 **Patriots for Profit** Thomas Bruneau,2011-07-18

This book develops a new approach to the analysis of civil military relations by focusing on the effectiveness of the armed forces in fulfilling roles missions and on their efficiency in terms of cost The approach is applied to the United States using official documents and interviews with policy makers In addition to analyzing the impact of defense reform initiatives over the past thirty years the book includes the recent phenomenon of contracting out security that has resulted in greater numbers of contractors in Iraq and Afghanistan than uniformed military personnel While the book demonstrates that democratic civilian control of the military in the U S is not at issue it reveals that there is little public control over Private Security Contractors due to a combination of the current restricted interpretation of what is an inherently governmental function and limited legal authority This is despite the fact that PSCs have taken on roles and missions that were previously the responsibility of the uniformed military Further despite numerous efforts to redress the problem current political and institutional barriers to reform are not likely to be overcome soon **The Laws of the Island of Antigua** ,1805 *Leaks, Whistleblowing and the Public Interest* Ashley Savage,2016-08-26 This book is the first of its kind to provide an in depth treatment of the law of unauthorised disclosures in the United Kingdom Drawing upon extensive data obtained using freedom of information as a methodology and examples from comparative jurisdictions the book considers the position of civil servants employees of the security and intelligence services and service personnel in the armed forces It considers the protections available the consequences of leaking and a full assessment of the authorised alternatives *Warriors and Politicians* Charles A. Stevenson,2006-07-13 With historical case studies ranging from the Revolutionary War to the war in Iraq this new book shows how and why the US military is caught between two civilian masters the President and Congress in responding to the challenges of warfighting rearmament and transformation Charles Stevenson skilfully shows how although the United States has never faced the danger of a military coup the relations between civilian leaders and the military have not always been easy Presidents have contended with military leaders who were reluctant to carry out their orders Generals and Admirals have appealed to Congress for sympathy and support Congressional leaders have tried to impose their own visions and strategies on the US armed forces This triangular struggle has recurred time and again in wartime and in efforts to reshape the military for future wars Illustrating this dual system of civilian military control in a series of case studies this new volume starts from the way the Continental Congress ran the Revolutionary War by committee and concludes with the George W Bush and Donald Rumsfeld efforts to transform the US military into a modern terrorist fighting force This detailed coverage shows how warriors and politicians interacted at key points in US history This book will be of great interest to all students of the US Military government of the United States and of strategic and military studies in general **Strategy Strikes Back** Max Brooks,John Amble,ML Cavanaugh,Jaym Gates,2018-05-01 This book addresses real life applications of the Star Wars saga from the political fallout of targeting civilians to toxic top down leadership to the long term consequences

of abandoning postwar allies *The Ostrogoths from the Migration Period to the Sixth Century* S. J. B. Barnish, Federico Marazzi, 2007 The Ostrogoths appropriated the remnants of the Roman empire in Italy Spain southern Gaul and the north west Balkans In this title studies illuminate the evolution of medieval Europe from Roman civilisation moderated by Germanic outsiders **Inversions** Iain M Banks, 2023-12-05 Originally published London Orbit 1998 Congressional Record United States. Congress, 1976 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Belonging to the Army** Holly A. Mayer, 2023-02-24 Chronicles the identities and importance of civilians to the American Revolutionary War effort Belonging to the Army reveals the identity and importance of the civilians now referred to as camp followers whom Holly A Mayer calls the forgotten revolutionaries of the War for American Independence These merchants contractors family members servants government officers and military employees provided necessary supplies services and emotional support to the troops of the Continental Army They served in virtually every imaginable capacity from lifting spirits with food drink and dances to nursing the sick digging ditches and spying on and fighting against the enemy Mayer demonstrates that by making encampments livable communities a matter of some significance given the years it took to achieve independence these civilians played a fundamental role in the survival and ultimate success of the Continental Army In this study of the army as a community rather than merely as a formal military organization Mayer looks at the formation and administration of the Continental community as well as the meaning of class gender and race within in She considers whether the community contributed to social revolution even as it struggled to effect the independence that was part of the political revolution Mayer describes how the military initially wanted to be rid of most camp followers but unable to fulfill its own support functions assimilated the civilians and thus gave an expansive meaning to the term belonging to the army She documents how such assimilation included attempts to make camp followers invisible and to make them fit the army's visionary image Mayer shows that in actuality the military failed to conceal and recast the civilians efforts and that invisibility only enveloped the camp followers as the nation chose to remember selectively who belonged to army **August von Jochmus' gesammelte Schriften** August von Jochmus, 1883 *Yule Logs* George Alfred Henty, 1898 **Longmans' Christmas Annual ...**, 1898 Ten Years in Equatoria and the Return with Emin Pasha Gaetano Casati, 1898 *Vladimir Solov'ëv's Justification of the Moral Good* Thomas Nemeth, 2015-04-20 This new English translation of Solov'ëv's principal ethical treatise written in his later years presents Solov'ëv's mature views on a host of topics ranging from a critique of individualistic ethical systems to the death penalty the meaning of war animal rights and environmentalism Written for the educated public rather than for a narrow circle of specialists Solov'ëv's work largely avoids technical vocabulary while illustrating his points with references to classical

literature from the ancient Greeks to Goethe Although written from a deeply held Christian viewpoint Solov v emphasizes the turn from his earlier position now allegedly developing the independence of moral philosophy from metaphysics and revealed religion Solov v sees the formal universality of the idea of the moral good in all human beings albeit that this idea is bereft of material content This first new English language translation in a century makes a unique contribution to the study of Solov v s thought It uses the text of the second edition published in 1899 as its main text but provides the variations and additions from the earlier versions of each chapter in running notes Other unique features of this translation are that the pagination of the widely available 1914 edition is provided in the text and the sources of Solov v s numerous Biblical quotations and references as well as literary and historical allusions

Special Operations Success James D. Kiras, 2024-10-24 Special Operations Success establishes a new benchmark in military theory in this deeply analytic and innovative work It answers several pressing questions How successful have American special operations been over the past quarter century Are special forces fated to cycles of expansion and misuse Will special forces invariably exceed the authorities granted to them because of they are Is a general theory of special operations feasible given the range of activities and conditions that fall under the category Kiras work is based on two decades of practical teaching and consulting experience within different special operations communities and its analysis and conclusions are designed to inform practitioners policymakers educators and the general public The book develops a framework in the form of a theory comprising capabilities and control for the comprehensively evaluating special operations success and is divided into three parts Part I lays the foundation for a general theory of special operations Part II explores the two component parts of theory capabilities and control and Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty year period in the United Kingdom South Africa and the United States

While this might not be the Armed Servants full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Armed Servants eBooks, including some popular titles.

FAQs About Armed Servants Books

What is a Armed Servants PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Armed Servants PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems

have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Armed Servants PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Armed Servants PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Armed Servants PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
