Committee on Foreign Relations,1978 **Understanding Foreign Policy Decision Making** Alex Mintz,Karl DeRouen Jr,2010-02-22 Understanding Foreign Policy Decision Making presents a psychological approach to foreign policy decision making This approach focuses on the decision process dynamics and outcome The book includes a wealth of extended real world case studies and examples that are woven into the text The cases and examples which are written in an accessible style include decisions made by leaders of the United States Israel New Zealand Cuba Iceland United Kingdom and others In addition to coverage of the rational model of decision making levels of analysis of foreign policy

decision making and types of decisions the book includes extensive material on alternatives to the rational choice model the marketing and framing of decisions cognitive biases and domestic cultural and international influences on decision making in international affairs Existing textbooks do not present such an approach to foreign policy decision making international relations American foreign policy and comparative foreign policy *The Security of the Persian Gulf* Hossein

Amirsadeghi,2011-02-25 The Persian Gulf important because of its vast energy resources emerged into the limelight of geopolitics at the time of the British Labour government e tm s policy of withdrawal from East of Suez in 1968 Before 1968 it had been recognised that the Gulf lay in the legitimate sphere of influence of Britain while the United States exerted its influence in the two pivotal littoral states of Iran and Saudi Arabia The Soviets had been gaining influence in Iraq ever since the overthrow of the monarchy in 1958 and the Chinese were also fishing for influence by their support of the Popular Front for the Liberation of the Arabian Gulf This book examines the political axes of the various super powers with Iran and the Persian Gulf and discusses the implications of these problems for the issue of security in the region *War as Business*

Armin Krishnan,2016-03-03 The privatization of defence assets and the outsourcing of military services from the armed forces to the private sector is an increasing trend This book approaches the issue of military privatization by linking it to the transformation of the defence industries since the early 1990s and shows the extent to which many military functions and activities ranging from military research to military consulting training to operational support services have already been outsourced in the US and in Europe This detailed study provides new and updated information on the ongoing privatization of the defence sector and offers an original theoretical explanation as to why the most modern armed forces throughout the world have come increasingly to rely on private companies for nearly everything they do Contributing to a better understanding of military privatization and its close connection to technological change the book explains the complexity of the whole phenomenon and discusses its implications for national and international security **Asia-Pacific Regional**
