

Army Surveillance in America, 1775-1980

JOAN M. JENSEN

Since the Revolution, Americans have debated what action the military should take toward civilians suspected of espionage, treason, or revolutionary activity. This important book—the first to present a comprehensive history of military surveillance in the United States—traces the evolution of America's internal security policy during the past two hundred years.

Joan M. Jensen discusses how the federal government has used the army to intervene in domestic crises and how Americans have protested the violation of civil liberties and applied political pressure to limit military intervention in civil disputes. Although movements to expand and to constrain the military have each dominated during different periods in American history, says Jensen, the involvement of the army in internal security has increased steadily. Jensen describes a wide range of events and individuals connected to this process. These include Benedict Arnold's betrayal of West Point; the

Army Surveillance In America 1775 198:

Army Surveillance in America, 1775-1980 Joan M. Jensen, 1991-01-01 Looks at the role the Army has taken in keeping track of suspected spies traitors and revolutionaries and describes how the federal government has used the Army to intervene in domestic problems

Battling Miss Bolshevik Kirsten Marie Delegard, 2012-05-28 Why did the political authority of well respected female reformers diminish after women won the vote In *Battling Miss Bolshevik* Kirsten Marie Delegard argues that they were undercut during the 1920s by women conservatives who spent the first decade of female suffrage linking these reformers to radical revolutions that were raging in other parts of the world In the decades leading up to the Nineteenth Amendment women activists had enjoyed great success as reformers creating a political subculture with settlement houses and women s clubs as its cornerstones Female volunteers piloted welfare programs as philanthropic ventures and used their organizations to pressure state local and national governments to assume responsibility for these programs These female activists perceived their efforts as selfless missions necessary for the protection of their homes families and children In seeking to fulfill their maternal responsibilities progressive women fundamentally altered the scope of the American state recasting the welfare of mothers and children as an issue for public policy At the same time they carved out a new niche for women in the public sphere allowing female activists to become respected authorities on questions of social welfare Yet in the aftermath of the suffrage amendment the influence of women reformers plummeted and the new social order once envisioned by progressives appeared only more remote *Battling Miss Bolshevik* chronicles the ways women conservatives laid siege to this world of female reform placing once respected reformers beyond the pale of political respectability and forcing most women s clubs to jettison advocacy for social welfare measures Overlooked by historians these new activists turned the Daughters of the American Revolution and the American Legion Auxiliary into vehicles for conservative political activism Inspired by their twin desires to fulfill their new duties as voting citizens and prevent North American Bolsheviks from duplicating the success their comrades had enjoyed in Russia they created a new political subculture for women activists In a compelling narrative Delegard reveals how the antiradicalism movement reshaped the terrain of women s politics analyzing its enduring legacy for all female activists for the rest of the twentieth century and beyond

FBI Files on Mexicans and Chicanos, 1940-1980 José Angel Gutiérrez, 2021-03-04 A multi chapter book that examines the FBI files on two well known persons of Mexican origin Luisa Moreno and Ernesto Galarza four Chicanos Ambassador Raymond Telles and his wife Delfina Navarro Francisco Pancho Medrano Freddy Fender two organizations the Texas Farm Workers Union and the American G I Forum and one event the Zoot Suit police riots in Los Angeles California during the 1940s

To Raise and Discipline an Army Joshua Kastenberg, 2017-04-15 Major General Enoch Crowder served as the Judge Advocate General of the United States Army from 1911 to 1923 In 1915 Crowder convinced Congress to increase the size of the Judge Advocate General s Office the legal arm of the United States Army from

thirteen uniformed attorneys to more than four hundred Crowder's recruitment of some of the nation's leading legal scholars as well as former congressmen and state supreme court judges helped legitimize President Woodrow Wilson's wartime military and legal policies. As the United States entered World War I in 1917, the army numbered about 120,000 soldiers. The Judge Advocate General's Office was instrumental in extending the military's reach into the everyday lives of citizens to enable the construction of an army of more than four million soldiers by the end of the war. Under Crowder's leadership, the office was responsible for the creation and administration of the Selective Service Act under which thousands of men were drafted into military service as well as enforcement of the Espionage Act and wartime prohibition. In this first published history of the Judge Advocate General's Office between the years of 1914 and 1922, Joshua Kastenbergh examines not only courts martial but also the development of the laws of war and the changing nature of civil-military relations. The Judge Advocate General's Office influenced the legislative and judicial branches of the government to permit unparalleled assertions of power such as control over local policing functions and the economy. Judge advocates also altered the nature of laws to recognize a person's diminished mental health as a defense in criminal trials, influenced the assertion of US law overseas, and affected the evolving nature of the law of war. This groundbreaking study will appeal to scholars, students, and general readers of US history as well as military, legal, and political historians. American Intelligence, 1775-1990 Neal H. Petersen, 1992 New Deal Law and Order Anthony Gregory, 2024-06-11 Anthony Gregory traces the origins of America's modern law and order politics to a surprising source: the New Deal, the crucible of modern liberalism. FDR's tough-on-crime agenda played a crucial role in the New Dealers' reform agenda, which greatly expanded the limits of federal power and fundamentally altered the future of the state. **Military Intelligence**, CMH 60-13 Army Lineage Series. By John Patrick Finnegan. Lineages compiled by Romana Danysh. Presents an organizational history of Military Intelligence in the United States Army from its beginnings to the present. Includes the lineages and heraldic items of military intelligence brigades, groups, and battalions organized under tables of organization and equipment. **Military Intelligence** John Patrick Finnegan, 1998 CMH 60-13 Army Lineage Series. By John Patrick Finnegan. Lineages compiled by Romana Danysh. Presents an organizational history of Military Intelligence in the United States Army from its beginnings to the present. Includes the lineages and heraldic items of military intelligence brigades, groups, and battalions organized under tables of organization and equipment. American military policy, its development since 1775 C. Joseph Bernardo, Eugene Hayward Bacon, 1955 The Journal of Military History, 2001 **Professional Journal of the United States Army**, 1974 **America, History and Life**, 1995 Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide. *Atlas of American Military History* James C. Bradford, 2003 From the Battle of Bunker Hill to the Battle of Midway, from Vietnam to the Persian Gulf, from George Washington to Douglas MacArthur, the Atlas of American Military History covers the full span of America at war, exploring

the personalities methods strategies and historical contexts of each conflict Following a loose chronological framework this book examines every significant military campaign and war in which the United States has been engaged both domestically and internationally from the Revolutionary War to the present Written by trusted military historians each section combines analysis with a strong narrative account and an assessment of major campaigns and battle taking up the American viewpoint as well as those of its allies and opponents Military method weaponry and communication technology receive detailed treatment in the text and in the maps The center point of the book is its stunning color maps including historical military cartography specially commissioned maps and graphic reconstructions These maps show troop ship and aircraft movements of major campaigns and battles the theaters of fighting the balance of forces and the wider strategic picture It also features hundreds of illustrations appendixes and a glossary and information on military commanders events treaties code names and civilian personalities Edited by noted historian James Bradford The Atlas of American Military History is a beautiful and informative volume for history buff and general reader alike Journal of Women's History ,1994 **Annual Report of the American Historical Association** American Historical Association,1915 **Parameters** ,1989
