Lyons,2019 Baroque the cultural period extending from the mid sixteenth to the mid eighteenth century created some of the world s most striking monuments music artworks and literature This Handbook goes beyond all existing studies by presenting Baroque not only as a style but also as a global cultural phenomenon arising in response to enormous religious political and technological changes *A King Travels* Teofilo F. Ruiz,2012-03-25 *A King Travels* examines the scripting and performance of festivals in Spain between 1327 and 1620 offering an unprecedented look at the different types of festivals that were held in Iberia during this crucial period of European history Bridging the gap between the medieval and early modern eras Teofilo Ruiz focuses on the travels and festivities of Philip II exploring the complex relationship between power and ceremony and offering a vibrant portrait of Spain s cultural and political life Ruiz covers a range of festival categories carnival royal entries tournaments calendrical and noncalendrical celebrations autos de fe and Corpus Christi processions He probes the ritual meanings of these events paying special attention to the use of colors and symbols and to the power relations articulated through these festive displays Ruiz argues that the fluid and at times subversive character of medieval festivals gave way to highly formalized and hierarchical events reflecting a broader shift in

how power was articulated in late medieval and early modern Spain Yet Ruiz contends that these festivals while they sought to buttress authority and instruct different social orders about hierarchies of power also served as sites of contestation dialogue and resistance *A King Travels* sheds new light on Iberian festive traditions and their unique role in the centralizing state in early modern Castile

Gender, Agency and Violence Dr Ulrike Zitzlsperger, 2013-10-03 *Gender Agency and Violence European Perspectives from Early Modern Times to the Present Day* centres on literary cinematic and artistic male and female perpetrators of violence and their discourses This volume takes an interdisciplinary and cross European approach covering French German English and Italian case studies from the sixteenth to the twentieth century and allowing for the exploration of recurrent themes The contributions also facilitate an insight into how the arts and media respond to historical turning points which time and again challenge the link between gender agency and violence for individuals and society alike

A Feast for the Eyes Christina Normore, 2015-05 *A Feast for the Eyes* is the first book length study of the court banquets of northwestern Europe in the fourteenth and fifteenth centuries Jacket

The Progresses, Processions, and Royal Entries of King Charles I, 1625-1642 Siobhan Keenan, 2020 The first study to explore the progresses of Charles I offering a full account of the king's travels Throwing new light on Charles accessibility to his subjects Keenan argues that he was not as distanced as has often been argued but was well aware of the importance of public ceremony and more widely travelled than his ancestors

Urban Space in the Middle Ages and the Early Modern Age Albrecht Classen, 2009 The contributors to this new volume explore the wide gamut of characteristic features determining the rise of the city as a central living space since the high Middle Ages and extend the investigation up to the eighteenth century Historians liter

Wittgenstein, Ethics and Aesthetics B.R. Tilghman, 2016-07-27 The author's purpose in this volume is to present the relevance of the ideas of Wittgenstein to those interested in aesthetics and the philosophy of art He focuses on both the earlier work centred around the *Tractatus* and the later work of the *Philosophical Investigations*

Poussin and France Todd Olson, Nicolas Poussin, 2002-01-01 Nicolas Poussin perhaps the most famous French painter of the seventeenth century lived and worked for many years in Rome Yet he remained deeply engaged with cultural and political transformations occurring in France argues Todd R Olson in this original exploration of Poussin's paintings their production and their reception Poussin's references to ancient literature and sculpture addressed a political elite the Robe nobility whose humanist education in classical antiquity equipped them to relate Greek and Roman history to contemporary events and to deploy ancient precedents in legalistic and political arguments When the French civil war known as the Fronde erupted in the middle of the seventeenth century the paintings that Poussin exported to France responded directly in both subject and style to the crisis in monarchical authority and the disenfranchisement of his Robe patrons Olson demonstrates that Poussin's association with a disgraced political group his loss of official support and his exile in Italy imbued his history paintings with a symbolic weight The painter's audience considered the hardearned pleasures of his restrained difficult pictorial style a benchmark of integrity as well as a

criticism of the Regency's indiscriminate collecting practices and taste for foreign luxury Poussin transformed the easel painting into an expression of cultural and political commitments binding a community Olson's fresh insights reveal the importance of this painter's work to a learned and powerful French constituency at a critical moment in French history and demonstrate that Poussin's famously timeless style was far more responsive to historical contingencies than has been previously recognized

A Theater of Diplomacy Ellen R. Welch, 2017-04-03 The seventeenth century French diplomat François de Callières once wrote that an ambassador resembles in some way an actor exposed on the stage to the eyes of the public in order to play great roles The comparison of the diplomat to an actor became commonplace as the practice of diplomacy took hold in early modern Europe More than an abstract metaphor it reflected the rich culture of spectacular entertainment that was a backdrop to emissaries' day to day lives Royal courts routinely honored visiting diplomats or celebrated treaty negotiations by staging grandiose performances incorporating dance music theater poetry and pageantry These entertainments allegorical ballets masquerade balls chivalric tournaments operas and comedies often addressed pertinent themes such as war peace and international unity in their subject matter In both practice and content the extravagant exhibitions were fully intertwined with the culture of diplomacy But exactly what kind of diplomatic work did these spectacles perform Ellen R Welch contends that the theatrical and performing arts had a profound influence on the development of modern diplomatic practices in early modern Europe Using France as a case study Welch explores the interconnected histories of international relations and the theatrical and performing arts Her book argues that theater served not merely as a decorative accompaniment to negotiations but rather underpinned the practices of embodied representation performance and spectatorship that constituted the culture of diplomacy in this period Through its examination of the early modern precursors to today's cultural diplomacy initiatives her book investigates the various ways in which performance structures international politics still

Dionysus Reborn Mihai Spărișu, 2019-06-30 Mihai Spărișu here explores the significance of the closely linked concepts of play and aestheticism in philosophical and scientific discourse since the end of the eighteenth century Spărișu points out that since its birth in archaic and classical Hellenic thought the concept of play has always been subject to the influences of various rational and prerational sets of values Spărișu maintains that there have been not one but two major modern concepts of aestheticism artistic aestheticism related to a prerational mentality and introduced in modern thought by Schopenhauer and Nietzsche and philosophical/scientific aestheticism initiated by Kant and Schiller and shaped by rationalism According to Spărișu the first has often arisen in response to the attempts of philosophy and science to impose their standards on art and the second has often been called on to deal with the epistemological crises that periodically shake these disciplines Spărișu also looks closely at some of the play concepts that surface in modern science in connection with the Darwinian theory of evolution and the play of scientific discourse itself as exemplified by the new physics and the contemporary philosophy of science A penetrating and cogently argued book *Dionysus Reborn* will be

welcomed by readers interested in Continental philosophy scientific discourse and the aesthetics of play including literary theorists comparatists philosophers intellectual historians and social scientists

Art History as Cultural History Richard Woodfield, 2001 This book focuses on Aby Warburg 1866-1929 one of the legendary figures of twentieth century cultural history and includes the first translation of one of his key essays the Gombrich lecture *Ritual, Ceremony and the Changing Monarchy in France, 1350-1789* Lawrence M. Bryant, 2024-08-01 This collection of articles explores changes in images of the French monarchy propagated in ceremonies that townspeople and officials created for their kings Bryant looks at royal entrances as massive processional and street theaters in which members of the kingdom both discoursed with and exalted the king in a multiplicity of ritual forms symbolism and public art These ceremonies personalized the idea of the state as embodied in the king and they publicized rights and authority new historical or mythological themes innovative styles of monumental architecture and art and theories of ideal and shared government

Music, Sensation, and Sensuality Linda Phyllis Austern, 2013-10-11 Divided into three sections Linda Phyllis Austern collects eighteen cross disciplinary essays written by some of the most important names in the field to look at this stimulating topic The first section focuses on the cultural and scientific ways in which music and the sense of hearing work directly on the mind and body Part Two investigates how music works on the socially constructed representational or sexualized body as a means of healing beautifying and maintaining a balance between the mental and physical Finally the book explores the action of music as it is heard and sensed by wider social units such as the body politic mass communication from print to sound recording and broadcast technologies

East of West NA, 2019-06-12 This ambitious collection offers an innovative look at crosscultural theatrical exchanges Overturning the argument that Western culture has been imposed on subject cultures in favor of the paradigm of exchange East of West

examines the rich intersection of East and West in film television shows stage plays and operas from a range of countries The essays show how the East not only has resisted the cultural imperialism of the West but has transformed Western culture into local tradition at the same time as Western performances have poached images themes and characters from the East The essays provide a lively glimpse of creative hybridization and crosscultural adaptation as East meets West on the world s stages
