Art And The Christian Intelligence In St Augustine:

Art and the Christian intelligence in St. Augustine Robert J. O'Connell, 1978 Christ and the Just Society in the Thought of Augustine Robert Dodaro, 2004-11-25 Christ and the Just Society in the Thought of Augustine is a study of Augustine's political thought and ethics in relation to his theology The book examines fundamental issues in Augustine's theological and political ethics in relation to the question How did Augustine conceive the just society At the heart of the book's approach is the relationship that Augustine outlines in his City of God and other writings between Christ and those believers who acknowledge him to be the only source of the soul's virtue The book demonstrates how Augustine sees Christ's grace and the scriptures contributing to the soul's growth in virtue especially as these issues are framed by the Pelagian controversy Finally the implications which Augustine sees for Christ's mediation of virtue are examined in relation to his revision of the ancient concepts of heroism and the statesman *The Spirit, the Affections, and the Christian Tradition* Dale M Coulter, Amos Yong, 2016-10-15 The essays in this volume explore the role of emotions and affections in the Christian tradition focusing also on the importance of pneumatology in Christianity *Augustine the Reader* Brian Stock, 2009-06-30 Stock displays an enviable and intimate knowledge of the text of Augustine above all of his Confessions and as the book progresses of the De Trinitate Encounters with God in Augustine's Confessions Carl G. Vaught, 2012-02-01 This book continues Carl G Vaught's thoroughgoing reinterpretation of Augustine's Confessions one that rejects the view that Augustine is simply a Neoplatonist and argues that he is also a definitively Christian thinker As a companion volume to the earlier Journey toward God in Augustine's Confessions Books I VI it can be read in sequence with or independently of it This work covers the middle portion of the Confessions Books VII IX Opening in Augustine's youthful maturity Books VII IX focus on the three pivotal experiences that transform his life the Neoplatonic vision that causes him to abandon materialism his conversion to Christianity that leads him beyond Neoplatonism to a Christian attitude toward the world and his place in it and the mystical experience he shares with his mother a few days before her death which points to the importance of the Christian community Vaught argues that time space and eternity intersect to provide a framework in which these three experiences occur and which give Augustine a three fold access to God *Praise Seeking Understanding* Jason Byassee, 2007-11-08 Praise Seeking Understanding sits at the intersection of three important fields in theology theological exegesis Augustinian studies and contemporary church practice Jason Byassee deftly brings the three together revealing an important symbiotic relationship between them a relationship hitherto largely ignored Though current exegetical methods have swung away from a Christological reading of the Old Testament rejecting in particular Augustine's treatment of the text Byassee believes that is a mistake we must remedy Using a recent translation of Augustine's Enarrationes in Psalmos Byassee describes in depth Augustine's psalm hermeneutic and his approach to scripture generally offering a defense of these views in conversation with recent work in theological exegesis Arts Ministry Michael J. Bauer, 2013-08-22 First

United Methodist Church in Augusta Georgia gives concerts to raise money for local service organizations Trinity Lutheran Church in Mission Kansas has been sponsoring a religious art show for more than twenty five years Fellowship Lutheran Church runs a Christian arts camp for young people every summer These are just three of the eighteen case studies of practicing arts ministries in this book in which Michael Bauer encourages the nurture and support of all the creative gifts of God's people Bauer lays a solid foundation for arts ministry grounding it in the historic Christian tradition and urging churches to expand their engagement with the creative arts to live and worship in full color as he puts it A concluding chapter clearly lays out how to develop an arts ministry helping readers to take these ideas from theory to practice to embrace and celebrate the continuing creative activity of God in the church

The Oxford Handbook of Religion and the Arts Frank Burch Brown, 2018 This volume offers 37 original essays from leading scholars on the crucial topics issues methods and resources for studying and teaching religion and the arts

Images of Conversion in St. Augustine's Confessions Robert J. O'Connell, 1996 Unsurprisingly conversion imagery also provokes a fresh estimate of the sexual component in Augustine's religious biography but the sexual aspect is balanced by Augustine's insistent stress on the vanity of his worldly ambitions

On Order Saint Augustine, 2020-10-27 A fresh new translation of Augustine's third work as a Christian convert The first four works written by St Augustine of Hippo after his conversion to Christianity are dialogues that have influenced prominent thinkers from Boethius to Bernard Lonergan Usually called the Cassiciacum dialogues these four works are of a high literary and intellectual quality combining Ciceronian and neo Platonic philosophy Roman comedy and Vergilian poetry and early Christian theology They are also arguably Augustine's most charming works exhibiting his whimsical levity and ironic wryness On Order is the third work in this tetralogy and it is Augustine's only work explicitly devoted to theodicy the reconciliation of Almighty God's goodness with evil's existence In this dialogue Augustine argues that a certain kind of self knowledge is the key to unlocking the answers to theodicy's vexing questions and he devotes the latter half of the dialogue to an excursus on the liberal arts as disciplines that will help strengthen the mind to know itself and God

The Mysticism of Saint Augustine John Peter Kenney, 2005 Augustine's vision at Ostia is one of the most influential accounts of mystical experience in the Western tradition and a subject of persistent interest to Christians philosophers and historians This book explores Augustine's account of his experience as set down in the Confessions and considers his mysticism in relation to his classical Platonist philosophy John Peter Kenney argues that while the Christian contemplative mysticism created by Augustine is in many ways founded on Platonic thought Platonism ultimately fails Augustine in that it cannot retain the truths that it anticipates The Confessions offer a response to this impasse by generating two critical ideas in medieval and modern religious thought firstly the conception of contemplation as a purely epistemic event in contrast to classical Platonism secondly the tenet that salvation is absolutely distinct from enlightenment

Augustine beyond the Book, 2012-05-11 Augustine of Hippo 354-430 is arguably the most influential thinker and Latin author of the Early Christian

period His widespread legacy has been explored to date only in part and largely with respect to his textual reception This interdisciplinary volume attempts to redress this emphasis with a set of analyses of Augustine's impact in the visual arts drama devotional practices music the science faith debate and psychotherapy The included studies trace intricate and occasionally surprising instances of Augustine's ubiquitous presence in intellectual spiritual and artistic terms The result is a far more differentiated and dynamic picture of the mechanisms by which the legacy of an historical figure may be perpetuated including the sometimes supra rational and imaginative dimensions of transmission *Confession* Jeremy Tambling,1990 **Porphyry Against the Christians** Robert M. Berchman,2005 Porphyry's *Against the Christians* offers an important example of Hellenic Biblical criticism and a critique of Christianity at the close of Late Antiquity fl 300 C E

Theology and Technology, Volume 2 Carl Mitcham,Jim Grote,Levi Checketts,2022-07-20 Originally published nearly forty years ago as a spiritual successor to Carl Mitcham and Robert Mackey's *Philosophy and Technology* the essays collected in the two volumes of *Theology and Technology* span an array of theological attitudes and perspectives providing sufficient material for careful reflection and engagement The first volume offers five general attitudes toward technology based off of H Richard Niebuhr's five ideal types in *Christ and Culture* The second volume includes biblical historical and modern theological engagements with the place of technology in the Christian life This ecumenical collection ranges from authors who enthusiastically support technological development to those cynical of technique and engages the Christian tradition from the church fathers to recent theologians like Bernard Lonergan and Jacques Ellul Taken together these essays some reproductions of earlier work and others original for this project provide any student of theology a fitting entrance into considering the place of technology in the realm of the sacred *The Spirit of Augustine's Early Theology* Mr Chad Tyler Gerber,2013-06-28 St Augustine's pneumatology remains one of his most distinctive decisive and ultimately divisive contributions to the story of Christian thought How did his understanding of the Spirit develop Why does he identify the Spirit with divine love and cosmic order And from what personal and literary sources did he receive inspiration This examination of Augustine's pneumatology the first book length study of this important topic available seeks answers in Augustine's earliest extant writings penned during the years surrounding his famed return to the Catholic Church and the height of his efforts to synthesize Catholic theology and the Platonic philosophy of his day which had postulated a divine trinity of its own Careful analysis of these initial texts casts fresh light upon Augustine's more mature and well known theology of the Holy Spirit while also illuminating ongoing discussions about his early thought such as the nature and extent of his Platonic sympathies and the possibility that the recent convert remained committed to the divinity of the human soul

The Spirit of Augustine's Early Theology Chad Tyler Gerber,2016-03-03 St Augustine's pneumatology remains one of his most distinctive decisive and ultimately divisive contributions to the story of Christian thought How did his understanding of the Spirit develop Why does he identify the Spirit with divine love and cosmic order And from what personal and literary

sources did he receive inspiration This examination of Augustine's pneumatology the first book length study of this important topic available seeks answers in Augustine's earliest extant writings penned during the years surrounding his famed return to the Catholic Church and the height of his efforts to synthesize Catholic theology and the Platonic philosophy of his day which had postulated a divine trinity of its own Careful analysis of these initial texts casts fresh light upon Augustine's more mature and well known theology of the Holy Spirit while also illuminating on going discussions about his early thought such as the nature and extent of his Platonic sympathies and the possibility that the recent convert remained committed to the divinity of the human soul

Rhetorics of Reason and Desire Sarah Spence, 2019-05-15 *Rhetorics of Reason and Desire* traces the appearance of rhetoric in key literary works from classical times to the Middle Ages focusing on the reception and transformation of Ciceronian rhetoric in Vergil's *Aeneid* Augustine's *Confessions* and *On Christian Doctrine* and the lyrics of the early troubadours

Christian Humanism Alasdair A. MacDonald, Z.R.W.M. von Martels, Jan Veenstra, 2009-03-25 It is a misconception that Christianity and Humanism are in any way in conflict with each other The present book shows that through many centuries and especially in the Renaissance the two stood in a relation that was mutually complementary The contributions in this volume treat aspects and manifestations of this cultural symbiosis and they throw new light on authors and texts both more and less familiar The subject areas discussed include religion history philosophy literature and education The age of Renaissance and Reformation is the central focus but earlier and later periods are also featured The contributions comprise a *Festschrift* for Professor Arjo Vanderjagt whose work deals centrally with both Christianity and Humanism Contributors are Fokke Akkerman István P. Bejczy Alexander Broadie Christoph Burger Marcia L. Colish Albrecht Diem Stephen Gersh Berndt Hamm Volker Honemann Adrie van der Laan Alasdair A. MacDonald Peter Mack Zweder von Martels Matthieu van der Meer Hans Mooij Simone Mooij Valk Just Niemeijer John North Willemien Otten Jan Papy Detlev P. Tzold Rob Pauls Marc van der Poel Burcht Pranger Peter Raedts Han van Ruler Rudolf Suntrup Jan R. Veenstra and Ronald Witt

The Vision of the Soul James Matthew Wilson, 2017-06-12 For those for whom conservatism means something more than anti liberalism who wish to dive deep into the conservative tradition in search of pearls The American Conservative Ours is an age full of desires but impoverished in its understanding of where those desires lead an age that asserts mastery over the world but also claims to find the world as a whole absurd or unintelligible In *The Vision of the Soul* James Matthew Wilson seeks to conserve the great insights of the western tradition by giving us a new account of them responsive to modern discontents The western or Christian Platonist tradition he argues tells us that man is an intellectual animal born to pursue the good to know the true and to contemplate all things in beauty By turns a study in fundamental ontology aesthetics and political philosophy Wilson's book invites its readers to a renewal of the West's intellectual tradition Conservatism needs a new prophet James Matthew Wilson is the man for the job and *The Vision of the Soul* is his calling card A new classic For it we give thanks to God and to Plato *Covenant* James Wilson's important book returns to a conservatism in the tradition of

Burke Eliot and Russell Kirk He wants us to focus on beauty and its place in Western culture The book is a strong defense of that culture but not an unthinking one Crisis Magazine A stirring and timely account and defense of the West s traditional way of understanding the universe and our place in it Matthew M Robare The Kirk Center

Reviewing **Art And The Christian Intelligence In St Augustine**: Unlocking the Spellbinding Force of Linguistics
