

Years In The Secret Service My Life With Five Presidents

Harvey Sawler

Years In The Secret Service My Life With Five Presidents:

20 Years in the Secret Service Rufus W. Youngblood, 1973 The author recalls the highlights of his career guarding Chief Executives and their families from the end of Truman's administration to Nixon's first term Presidential Candidates Mel Ayton, 2021-11-24 Protecting the Presidential Candidates is the first book of its kind to examine how presidents and presidential candidates were protected during the presidential election cycles from JFK to Biden It is also the first book of its kind to tell the story of the role of state troopers and private bodyquards in protecting presidential candidates Protection for candidates changed and evolved from the free wheeling style of the 1950s and early 1960s which afforded presidential candidates little or no protection to the growth of bodyguard personnel increased intelligence facilities and state of the art technology employed today to keep the candidates safe Presidential candidates relish connecting with the public and it has given greater visibility to the bodyguards who are willing to place themselves between a presidential candidate and a would be attacker In the milieu in which the Secret Service operates bodyguards have witnessed the terrors of election campaigns when presidential candidates have waded into crowds to shake hands with their supporters rode in open top cars and made sudden but risky changes to their schedules oblivious to the fact that in every campaign there have been people stalking candidates with ill intent Many stories revealed in Protecting the Presidential Candidates have remained largely hidden from the public some buried in newspaper archives and others in oral histories presidential libraries or official government documents The author draws on numerous sources including FBI files presidential biographies vice presidential biographies civilian bodyquard memoirs Secret Service agent memoirs White House staff memoirs and more so that these stories can now be told The book also allows readers to gain an insight into the personal as well as professional relationships between the candidate and the bodyguards who protected them Some candidates were so trusting of their bodyguards they embraced them as part of an inner circle of advisers Bodyguards have also witnessed embarrassing moments in a candidate s campaign and how intrusive they have been at the most delicate of moments The president s day is your day one agent said Nobody sees the president the way an agent does Hunting the President Mel Ayton, 2014-04-14 In American history four U S Presidents have been murdered at the hands of an assassin In each case the assassinations changed the course of American history But most historians have overlooked or downplayed the many threats modern presidents have faced and survived Author Mel Ayton sets the record straight in his new book Hunting the President Threats Plots and Assassination Attempts From FDR to Obama telling the sensational story of largely forgotten or never before revealed malicious attempts to slay America s leaders Supported by court records newspaper archives government reports FBI files and transcripts of interviews from presidential libraries Hunting the President reveals How an armed would be assassin stalked President Roosevelt and spent ten days waiting across the street from the White House for his chance to shoot him How the Secret Service foiled a plot by a Cuban immigrant who told coworkers he was going to shoot LBJ from a

window overlooking the president's motorcade route How a deranged man broke into Reagan's California home and attempted to strangle the former president before he was subdued by Secret Service agents In early 1992 a mentally deranged man stalking Bush turned up at the wrong presidential venue for his planned assassination attempt The relationships presidents held with their protectors and the effect it had on the Secret Service's mission Hunting the President opens the vault of stories about how many of our recent Presidents have come within a hair s breadth of assassination leaving America's fate in the balance Most of these stories have remained buried until now Five Presidents Clint Hill, Lisa McCubbin, 2017-05-02 Originally published in hardcover in 2016 by Gallery Books Bobby and Jackie C. David Heymann, 2009-07-14 From the New York Times bestselling author of A Woman Named Jackie comes this in depth and well researched look at the complex relationship that existed between Bobby Kennedy and Jacqueline Kennedy Onassis 50 b w photos throughout LBJ's 1968 Kyle Longley, 2018-02-22 Examines President Lyndon Baines Johnson and his response to the year that he characterized as a year of a continuous nightmare Public Report of the White House Security Review United States. Department of the Treasury, 1995 American Intelligence, 1775-1990 Neal H. Petersen, 1992 **Years On: The Murder of John F. Kennedy** Blaine Taylor, 2014-03-27 JFK had won the Presidency in 1960 by a razor thin majority and his re election campaign for 1964 was expected to be as close He began it in November 1963 with a kick off multi city four day swing across the important state of Texas It was going unexpectedly well when shots were fired into his triumphant motorcade in downtown Dallas that ripped history apart changing it forever The assassination of American President John F Kennedy in 1963 came at the very height of both the Cold War following the Second World War and the Pax Americana that was thought to exist at the war s conclusion in 1945 The United States and its allies possessed a far greater number of nuclear weapons than their Soviet adversaries but the latter could unleash World War 3 and a nuclear Armageddon that would destroy them all The sudden and totally unexpected murder in broad daylight in an American city of one of the most popular presidents in history was the murder mystery of the 20th century The Cold War could have become hot and nuclear within minutes The murderer had to be found and vital questions had to be answered quickly Who did it why and who ordered Kennedy's assassination Was the deed part of a conspiracy foreign domestic or both Were none of the these questions part of the bloody puzzle and was it entirely possible that only one man was responsible. The questions remain to this very day and Dallas Fifty Years On The Murder of John F Kennedy reveals sensational new evidence eyewitness accounts **Saving Mrs. Kennedy** Harvey Sawler, 2004 Vietnam John Prados, 2009 The first and top secret documentation major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America The Kennedy Assassinations John F. Kennedy Library, 1983 **1974 Annual Supplement** Joan Schmitz Bergholt, 2013-12-21 Twenty Years in the Secret Service Rufus W. Youngblood,1973 Guide to the Presidency: Part V. The White House and the

executive branch Michael Nelson,2002 The Sport of Presidents Alexandra Kitty, 2024-07-02 The book examines the relationship between the presidency and the sport and argues through stories that the two naturally go together Golf is the sport of presidents It defines the presidency It is a game of patience concentration focus and moving forward toward a target The job is about aim and guiding others toward an end goal amid the obstacle and the job requires simplicity and making progress in as fewer moves as possible Golf allows access to the president and it is also a form of communication the leader uses to send subtle messages to the public American Gunfight Stephen Hunter, John Bainbridge, 2005-11-02 A fast paced definitive and breathtakingly suspenseful account of an extraordinary historical event the attempted assassination of President Harry Truman in 1950 by two Puerto Rican Nationalists and the bloody shoot out in the streets of Washington DC that saved the president's life Written by Pulitzer Prize winner and New York Times bestselling novelist Stephen Hunter and John Bainbridge Jr an experienced journalist and lawyer American Gunfight is at once a groundbreaking work of meticulous historical research and the vivid and dramatically told story of an act of terrorism that almost succeeded They have pieced together at last the story of the conspiracy that nearly doomed the president and how a few good men ordinary guys who were willing to risk their lives in the line of duty stopped it It begins on November 1 1950 an unseasonably hot afternoon in the sleepy capital At 2 00 P M in his temporary residence at Blair House the president of the United States takes a nap At 2 20 P M two men approach Blair House from different directions Oscar Collazo a respected metal polisher and family man and Griselio Torresola an unemployed salesman don t look dangerous not in their new suits and hats not in their calm purposeful demeanor not in their slow unexcited approach What the three White House policemen and one Secret Service agent cannot guess is that under each man's coat is a 9mm automatic pistol and in each head a dream of assassin's glory At point blank range Collazo and then Torresola draw and fire and move toward the president of the United States Hunter and Bainbridge tell the story of that November day with narrative power and careful attention to detail They are the first to report on the inner workings of this conspiracy they examine the forces that led the perpetrators to conceive the plot The authors also tell the story of the men themselves from their youth and the worlds in which they grew up to the women they loved and who loved them to the moment the quafire erupted Their telling commemorates heroism the quiet commitment to duty that in some moments of crisis sees some people through an ordeal even at the expense of their lives Secrets of the Secret Service Gary J. Byrne, 2018-01-02 From the author of the 1 New York Times bestseller CRISIS OF CHARACTER comes an explosive new expos of the Secret Service The United States Secret Service is tasked with protecting our Presidents their families and the complex in which they live and work Given this important mission world stability rests upon the shoulders of its agents In his new book former Secret Service officer Gary Byrne takes readers behind the scenes to understand the agency s history and today s security failings that he believes put Americans at risk The American public knows the stories of Secret Service heroism but they don't know about the hidden legacy of problems that have plagued the agency ever since its

creation Gary Byrne says that decades of catastrophic public failures near misses and bureaucratic and cultural rot threaten to erode this critical organization from the inside out Today as it works to protect President Trump the Secret Service stands at a crossroads and the time needed to choose the right course is running out Agents and officers are leaving the Secret Service in droves or they re being overworked to the point where they lose focus on the job Management makes decisions based on politics not the welfare of their employees Byrne believes that this means danger for the men and women of the Secret Service danger for the President they protect and danger for the nation In this book he shares what he has witnessed and learned about the Secret Service with the hope that the problems of this most important agency can be fixed before it s Bad Blood Jeffrey K. Smith, 2010-11 The tumultuous decade of the 1960s began with promise and hope when John F Kennedy JFK became the youngest elected President in American history Kennedy's New Frontier promised youthful and dynamic leadership heading into the latter half of the century A thousand days into the Kennedy presidency an assassin s bullets shattered the dreams of an idealistic generation After the Kennedy assassination Vice President Lyndon Johnson LBJ was catapulted into the Oval Office much to the chagrin of JFK s younger brother Attorney General Robert Kennedy His idyllic life disrupted by fate RFK viewed Johnson as a petty interloper who had seized JFK s rightful place in history Ever fearful that Robert Kennedy would attempt to regain the presidential throne LBJ s paranoia ultimately compromised his judgment and contributed to his downfall Bad Blood Lyndon B Johnson Robert F Kennedy and the Tumultuous 1960s chronicles the personal and political feud between two powerful and controversial twentieth century icons **President Has Been Shot!": The Assassination of John F. Kennedy** James L. Swanson, 2013-09-24 A breathtaking and dramatic account of the JFK assassination by the NEW YORK TIMES bestselling author of CHASING LINCOLN S KILLER In his new young adult book on the Kennedy assassination James Swanson will transport readers back to one of the most shocking sad and terrifying events in American history As he did in his bestselling Scholastic YA book CHASING LINCOLN S KILLER Swanson will deploy his signature you are there style a riveting ticking clock pace with an unprecedented eye for dramatic details and impeccable historical accuracy to tell the story of the JFK assassination as it has never been told before The book will be illustrated with archival photos and will have diagrams source notes bibliography places to visit and an index
