13 Los Angeles Poets Jack Grapes, 1997 Poetry Los Angeles is a city of fade of sunlight and shadow a world of ambiguity that distorts memory and heightens desire The film noir protagonist of the 40s and 50s has been transformed into a private I who drives down these mean freeways and slouches toward the self to be born We bask in the glare of paradise and wait for something ominous to happen Before us the open urban territory the palpable sense of expectation the lethal relation between the sexes

A Generation of Spanish Poets 1920-1936 C. B. Morris, 1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets

Literature and Race in Los Angeles Julian Murphet, 2001-03-19. Los Angeles is both the most fragmented and the most minoritized metropolis in America and its most luridly abstract and aestheticized city. With more than eighty-five languages being spoken in its classrooms and one homogeneous visual language emanating from its entertainment industry, LA radically challenges the prospects of that archaic representational medium, literature. In its investigation of the work of Bret Easton Ellis, James Ellroy, Anna Deveare Smith, and others, *Literature and Race in Los Angeles* articulates their aesthetic preoccupations with the structures of social space in the city. Harnessing some of the theoretical insights of Henri Lefebvre and the LA school of geographers, Murphet demonstrates the versatility of literary production in LA and speculates about the fortunes of literature in a predominantly visual culture.

Sons And Daughters Of Los David James, 2003-02-27. Los Angeles, a city that is synonymous with celebrity and mass market culture, is also, according to David James, synonymous with social alienation and dispersal. In the communities of Los Angeles, artists, cultural institutions, and activities exist in ways that are often concealed from sight, obscured by the powerful presence of Hollywood and its machinations. In this significant collection of original essays, *The Sons and Daughters of Los* reconstructs the city of Los Angeles with new cultural connections. Explored here are the communities that offer alternatives to the picture of LA as a conglomeration of studios and mass media. Each essay examines a particular piece of or place in Los Angeles cultural life, from the Beyond Baroque Poetry Foundation to the Woman's Building to Highways and LACE, as well as the achievements of these grassroots initiatives. Also included is critical commentary on important artists, including Harry Gamboa Jr. and others whose work has done much to shape popular culture in LA. The cumulative effect of reading this book is to see a very different city take shape, one whose cultural landscape is far more innovative and reflective of the diversity of the city's people than mainstream notions of it suggest. *The Sons and Daughters of Los* offers a substantive and complicated picture of the way culture plays itself out on the smallest scale in one of the largest metropolises on earth, contributing to a richer, more textured understanding of the vibrancy of urban life and art.

Unholy Sensations Joshua Paddison, 2025. The true

story of the first California cult scandal In 1891 a suffragist and social reformer named Alzire Chevallier launched a moral crusade to destroy Fountaingrove a utopian spiritualist community in northern California Chevallier accused the colony's leader the poet and prophet Thomas Lake Harris of perverting the teachings of the Bible to promote a new sexology that was worse than Mormonism She insisted that Harris used magical powers of hypnosis to take sexual and financial advantage of his followers turning them into a spiritual harem that practiced free love and other gross immoralities Media reports emphasized the presence of Japanese immigrant men at Fountaingrove raising racialized specters of miscegenation and moral contamination The international scandal full of the sorts of salacious details prized by newspaper editors at the dawn of the era of yellow journalism would last more than a decade establishing Harris as the prototype for a new type of public menace the California cult leader *Unholy Sensations* takes a close up look at the Fountaingrove scandal to examine religion gender sexuality and race in the Gilded Age from a fresh perspective By chronicling the life stories of the people swept up in the scandal *Unholy Sensations* reveals connections and tensions between a wide variety of nineteenth century religious and social groups including suffragists and spiritualists Christian Scientists and Theosophists journalists and politicians and Protestant ministers and urban reformers Together these disparate groups helped spark California's first cult scare demonizing Harris as the first but far from the last dangerous California cult leader By showing that the term cult has always been a marker of race sexuality and religion *Unholy Sensations* reveals the limits of American freedom and the centrality of religion to the policing of whiteness family and nation *Hold-Outs* Bill Mohr, 2011-11-14 This book examines the evolution of contemporary American poetry in Los Angeles California *Encyclopedia of the New York School Poets* Terence Diggory, 2009 An A to Z reference to writers of the New York School including John Ashbery who is often considered America's greatest living poet Examines significant movements in literary history and its development through the years **The New York School Poets and the Neo-Avant-Garde** Mark Silverberg, 2016-02-17 New York City was the site of a remarkable cultural and artistic renaissance during the 1950s and 60s In the first monograph to treat all five major poets of the New York School John Ashbery Barbara Guest Kenneth Koch Frank O'Hara and James Schuyler Mark Silverberg examines this rich period of cross fertilization between the arts Silverberg uses the term neo avant garde to describe New York School Poetry Pop Art Conceptual Art Happenings and other movements intended to revive and revise the achievements of the historical avant garde while remaining keenly aware of the new problems facing avant gardists in the age of late capitalism Silverberg highlights the family resemblances among the New York School poets identifying the aesthetic concerns and ideological assumptions they shared with one another and with artists from the visual and performing arts A unique feature of the book is Silverberg's annotated catalogue of collaborative works by the five poets and other artists To comprehend the coherence of the New York School Silverberg demonstrates one must understand their shared commitment to a reconceptualized idea of the avant garde specific to the United States in the 1950s and 60s when the adversary culture of the

Beats was being appropriated and repackaged as popular culture Silverberg's detailed analysis of the strategies the New York School poets used to confront the problem of appropriation tells us much about the politics of taste and gender during the period and suggests new ways of understanding succeeding generations of artists and poets

Everett Ruess Philip L. Fradkin, 2011-08-29 Everett Ruess was twenty years old when he vanished into the canyonlands of southern Utah spawning the myth of a romantic desert wanderer that survives to this day It was 1934 and Ruess was in the fifth year of a quest to record wilderness beauty in works of art whose value was recognized by such contemporary artists as Dorothea Lange Ansel Adams and Edward Weston From his home in Los Angeles Ruess walked hitchhiked and rode burros up the California coast along the crest of the Sierra Nevada and into the deserts of the Southwest In the first probing biography of Everett Ruess acclaimed environmental historian Philip L. Fradkin goes beyond the myth to reveal the realities of Ruess's short life and mysterious death and finds in the artist's astonishing afterlife a lonely hero who persevered

Spanish Poetry of the Twentieth Century Andrew Debicki, 2014-10-17 Twentieth century Spanish poetry has received comparatively little attention from critics writing in English Andrew Debicki now presents the first English language history published in the United States to examine the sweep of modern Spanish verse More important he is the first to situate Spanish poetry in the context of European modernity to trace its trajectory from the symbolists to the postmodernists Avoiding the rigid generational schemes and catalogs of names found in traditional Hispanic literary histories Debicki offers detailed discussions of salient books and texts to construct an original and compelling view of his subject He demonstrates that contemporary Spanish verse is rooted in the modern tradition and poetics that see the text as a unique embodiment of complex experiences He then traces the evolution of that tradition in the early decades of the century and its

gradual disintegration from the 1950s to the present as Spanish poetry came to reflect features of the postmodern especially the poetics of text as process rather than as product By centering his study on major periods and examining within each the work of poets of different ages Debicki develops novel perspectives The late 1960s and early 1970s for example were not merely the setting for a new aestheticist generation but an era of exceptional creativity in which both established and new writers engendered a profound intertextual and often self referential lyricism This book will be essential reading for specialists in modern Spanish letters for advanced students and for readers interested in comparative literature
