Brian Scaddan

16th Edition Iee Wiring Regulations Inspection Testing And Certification:

16th Edition IEE Wiring Regulations: Inspection, Testing & Certification Brian Scaddan, 2007-06-07 Brian Scaddan's guides to the IEE Wiring Regulations have established themselves as an industry standard. This new edition will be an essential reference for all contractors, technicians and other professionals working in a non-supervisory capacity as well as newcomers to the industry, all of whom are involved in inspecting and testing electrical installations and need to ensure their work complies with the latest version of the Wiring Regulations. This text is a practical guide to the current inspection and testing requirements in electrical installation and is written specifically for the City Guilds 2391 vocational award, the next step for anyone with a 2381 qualification, advancing technical knowledge without the supervisory emphasis of the 2400. The new edition is updated throughout to match the 2004 version of BS 7671:2001 incorporating Amendments 1, 2002, 2, 2004 and is supported by a sample test paper complete with model answers and mark scheme. The fifth edition also provides essential information on the completion of electrical installation certificates with a step-by-step guide on the entries that need to be made and where to source data. Brian Scaddan is the Chief Examiner for the City Guilds 2391 vocational award. He has 30 years' experience in Further Education and is now Director of Brian Scaddan Associates Engineering Training Consultants.

16th Edition Wiring Regulations Brian Scaddan, 2004-10 Brian Scaddan's guides to the IEE Wiring Regulations have established themselves as an industry standard. This new edition will be an essential reference for all contractors, technicians and other professionals working in a non-supervisory capacity as well as newcomers to the industry, all of whom are involved in inspecting and testing electrical installations and need to ensure their work complies with the latest version of the Wiring Regulations. This text is a practical guide to the current inspection and testing requirements in electrical installation and is written specifically for the City Guilds 2391 vocational award, the next step for anyone with a 2381 qualification, advancing technical knowledge without the supervisory emphasis of the 2400. The new edition is updated throughout to match the 2004 version of BS 7671:2001 incorporating Amendments 1, 2002, 2, 2004 and is supported by a sample test paper complete with model answers and mark scheme. The fifth edition also provides essential information on the completion of electrical installation certificates with a step-by-step guide on the entries that need to be made and where to source data. Brian Scaddan is the Chief Examiner for the City Guilds 2391 vocational award. He has 30 years' experience in Further Education and is now Director of Brian Scaddan Associates Engineering Training Consultants. Clarifies the requirements of certificate completion with a new step-by-step guide. Fully in line with the 2004 version of BS 7671:2001 incorporating Amendments 1, 2002, 2, 2004 and matched to the City Guilds 2391 Vocational award.

17th Edition IEE Wiring Regulations: Inspection, Testing and Certification Brian Scaddan, 2008-06-20 This popular guide clarifies the requirements for inspection and testing, explaining in clear language those parts of the Regs that most need simplifying. In addition to the usual descriptive and diagrammatic test methods that are required, explanations of the theory and reasoning behind test

procedures are given together with useful tables for test results comparison The book also provides essential information on the completion of electrical installation certificates with a step by step guide on the entries that need to be made and where to source data It is an affordable reference for all electrical contractors and other workers involved in inspection and testing of electrical installations It will answer queries quickly and help ensure work complies with the latest version of the Wiring Regulations With the coverage carefully matched to the syllabus of the City Guilds Certificates in Inspection Testing and Certification of Electrical Installations 2391 10 and Fundamental Inspection Testing and Initial Verification 2392 10 and containing a sample paper and suggested solutions it is also an ideal revision guide Brian Scaddan I Eng MIET is a consultant for and an Honorary Member of City Guilds He has over 35 years experience in Further Education and training He is Director of Brian Scaddan Associates Ltd an approved City and Guilds and NICEIC training centre offering courses on all aspects of Electrical Installation Contracting including the C G 2391 and 2392 series He is also a leading author of books on electrical installation *16th Edition IEE Wiring Regulations: Explained & Illustrated* Brian Scaddan, 2007-06-07 Brian Scaddan s guides to the IEE Wiring Regulations have established themselves as an industry standard This new edition will be an essential reference for all contractors technicians and other professionals as well as newcomers to the industry who need to ensure their work complies with the latest version of the Wiring Regulations Used alongside the regulations themselves this book is the key to safe and efficient electrical installation The book is also a concise and popular text for the City Guilds 2381 syllabus The new edition is updated throughout to match the 2004 version of BS 7671 2001 incorporating Amendments 1 2002 2 2004 and also features extended coverage of Special Locations such as bathrooms construction sites and computer data type installations There are common misconceptions in the application of the Wiring Regulations in these areas with regard to bonding voltages disconnection times and sizes of earthing conductors Brian Scaddan clarifies the requirements and outlines the correct procedures to follow and those to avoid Problems are provided for use as self check exercises or college assignments Brian Scaddan is the Chief Examiner for the City Guilds 2391 vocational award He has 30 years experience in Further Education and is now Director of Brian Scaddan Associates Engineering Training Consultants
