1849 California Trail Diaries Of Elijah Preston Howell:

The 1849 California Trail Diaries of Elijah Preston Howell Elijah Preston Howell, 1995 Elijah Preston Howell traveled from Gentry County Missouri to the goldfields in California during the dramatic summer of 1849 His eloquent and descriptive gold rush diary has been superbly annotated and placed in historical context by trail scholars Emigrant Trails Historical Studies Series No 1 **The Great Medicine Road, Part 2** Will Bagley, 2015-10 During the early weeks of 1848 as U S congressmen debated the territorial status of California a Swiss immigrant and an itinerant millwright forever altered the future state's fate Building a sawmill for Johann August Sutter James Wilson Marshall struck gold The rest may be history but much of the story of what happened in the following year is told not in history books but in the letters diaries journals and other written recollections of those whom the California gold rush drew west In this second installment in the projected four part collection The Great Medicine Road Narratives of the Oregon California and Mormon Trails the hardy souls who made the arduous trip tell their stories in their own words Seven individuals tales bring to life a long ago year that enriched some impoverished others and forever changed the face of North America Responding to often misleading promotional literature adventurers made their way west via different routes Following the Carson River through the Sierra Nevada or taking the Lassen Route to the Sacramento Valley they passed through the Mormon Zion of Great Salt Lake City and traded with and often displaced Native Americans long familiar with the trails Their accounts detail these encounters as well as the gritty realities of everyday life on the overland trails They narrate events describe the vast and diverse landscapes they pass through and document a journey as strange and new to them as it is to many readers today Through these travelers diaries and memoirs readers can relive a critical moment in the remaking of the West and appreciate what a difference one year can make in the life of a nation Literature of Travel and Exploration Jennifer Speake, 2014-05-12 Containing more than 600 entries this valuable resource presents all aspects of travel writing There are entries on places and routes Afghanistan Black Sea Egypt Gobi Desert Hawaii Himalayas Italy Northwest Passage Samarkand Silk Route Timbuktu writers Isabella Bird Ibn Battuta Bruce Chatwin Gustave Flaubert Mary Kingsley Walter Raleigh Wilfrid Thesiger methods of transport and types of journey balloon camel grand tour hunting and big game expeditions pilgrimage space travel and exploration genres buccaneer narratives guidebooks New World chronicles postcards companies and societies East India Company Royal Geographical Society Society of Dilettanti and issues and themes censorship exile orientalism and tourism For a full list of entries and contributors a generous selection of sample entries and more visit the Literature of Travel and Exploration An Encyclopedia website *Indians and Emigrants* Michael L. Tate, 2014-08-04 In the first book to focus on relations between Indians and emigrants on the overland trails Michael L Tate shows that such encounters were far more often characterized by cooperation than by conflict Having combed hundreds of unpublished sources and Indian oral traditions Tate finds Indians and Anglo Americans continuously trading goods and news with each other and Indians providing various forms of assistance

to overlanders Tate admits that both sides normally followed their own best interests and ethical standards which sometimes created distrust But many acts of kindness by emigrants and by Indians can be attributed to simple human compassion Not until the mid 1850s did Plains tribes begin to see their independence and cultural traditions threatened by the flood of white travelers As buffalo herds dwindled and more Indians died from diseases brought by emigrants violent clashes between wagon trains and Indians became more frequent and the first Anglo Indian wars erupted on the plains Yet even in the 1860s Tate finds friendly encounters were still the rule Despite thousands of mutually beneficial exchanges between whites and Indians between 1840 and 1870 the image of Plains Indians as the overland pioneers worst enemies prevailed in American popular culture In explaining the persistence of that stereotype Tate seeks to dispel one of the West s oldest cultural misunderstandings

The Frontier Army in the Settlement of the West Michael L. Tate, 2001-10-01 A reassessment of the military s role in developing the Western territories moves beyond combat stories and stereotypes to focus on more non martial accomplishments such as exploration gathering scientific data and building towns **Annals of Iowa** ,2001

Samuel Matthias Ayres, 2006 Love Letters from Missouri is a human interest story of a young Missouri doctor Dr Samuel Ayres who joined the general exodus of 1850 to the gold fields of California in the pursuit of riches As promised to his wife Samuel faithfully writes letters describing his day to day adventures of the trail including brief encounters with Indians successful treatment of numerous cases of cholera along the Platte river between Fort Kearney and Fort Laramie and celebrating the third anniversary of the establishment of the Great City of Salt Lake Frequently he mentions his loneliness and heartbreak being away from his wife Priscilla and their two small boys of concern for his own personal safety and of his extreme disappointment in the deteriorated conditions and lack of opportunities found in California on his arrival Following only one actual day of labor in the gold fields Dr Ayres succumbed to illness and tragically dies November 19 1850 six months and one week after his departure from his Missouri wife and family *Idaho Yesterdays* ,1998 With Golden Visions Bright Before Them Will Bagley, 2012-10-01 During the mid nineteenth century a quarter of a million travelers men women and children followed the road across the plains to gold rush California This magnificent chronicle the second installment of Will Bagley s sweeping Overland West series captures the danger excitement and heartbreak of America s first great rush for riches and its enduring consequences With narrative scope and detail unmatched by earlier histories With Golden Visions Bright Before Them retells this classic American saga through the voices of the people whose eyewitness testimonies vividly evoke the most dramatic era of westward migration Traditional histories of the overland roads paint the

gold rush migration as a heroic epic of progress that opened new lands and a continental treasure house for the advancement of civilization Yet according to Bagley the transformation of the American West during this period is more complex and contentious than legend pretends The gold rush epoch witnessed untold suffering and sacrifice and the trails and their trials were enough to make many people turn back For America s Native peoples the effect of the massive migration was no less than ruinous The impact that tens of thousands of intruders had on Native peoples and their homelands is at the center of this story not on its margins Beautifully written and richly illustrated with photographs and maps With Golden Visions Bright Before Them continues the saga that began with Bagley s highly acclaimed award winning *So Rugged and Mountainous Blazing the Trails to Oregon and California 1812 1848* hailed by critics as a classic of western history **Oregon Historical Quarterly** Oregon Historical Society,1997 **The World Rushed In** J. S. Holliday,2015-03-16 When *The World Rushed In* was first published in 1981 the Washington Post predicted It seems unlikely that anyone will write a more comprehensive book about the Gold Rush Twenty years later no one has emerged to contradict that judgment and the book has gained recognition as a classic As the San Francisco Examiner noted It is not often that a work of history can be said to supplant every book on the same subject that has gone before it Through the diary and letters of William Swain augmented by interpolations from more than five hundred other gold seekers and by letters sent to Swain from his wife and brother back home the complete cycle of the gold rush is recreated the overland migration of over thirty thousand men the struggle to strike it rich in the mining camps of the Sierra Nevadas and the return home through the jungles of the Isthmus of Panama In a new preface the author reappraises our continuing fascination with the gold rush experience as a defining epoch in western indeed American history **Nebraska History** Addison Erwin Sheldon,James Lee Sellers,James C. Olson,1996 **Annals of Wyoming** ,1998 *Missouri Historical Review* Francis Asbury Sampson,1996 **The Plains Across** John D. Unruh,1993 One of three finalists for the Pulitzer Prize in History and the winner of seven awards including the John H Dunning Prize of the American Historical Association the Ray A Billington Book Award of the Organization of American Historians and the National Historical Society Book Prize *America, History and Life* ,1998 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *The Western Historical Quarterly* ,1999 *Journal of the West* Lorrin L.
