The Roots of Modern Conservatism Michael Bowen, 2011-09-26 Between 1944 and 1953 a power struggle emerged between New York governor Thomas Dewey and U S senator Robert Taft of Ohio that threatened to split the Republican Party In *The Roots of Modern Conservatism* Michael Bowen reveals how this two man battle for control of the GOP and the Republican presidential nomination escalated into a divide of ideology that ultimately determined the party s political identity Initially Bowen argues the separate Dewey and Taft factions endorsed fairly traditional Republican policies However as their conflict deepened the normally mundane issues of political factions such as patronage and fund raising were overshadowed by the question of what true Republicanism meant Taft emerged as the more conservative of the two leaders while Dewey viewed Taft s policies as outdated Eventually conservatives within the GOP organized against Dewey s leadership and emboldened by the election of Dwight Eisenhower transformed the party into a vehicle for the Right Bowen reveals how this decade long battle led to an outpouring of conservative sentiment that had been building since World War II setting the stage for the ascendancy of Barry
