The La Trappe Creek Chronicles Ethan L. Welch M. D., 2008-12 The LaTrappe Creek Chronicles is a story of how a week of sailing with four friends became an annual event Friends invited friends fathers invited sons and eventually grandfathers invited grandsons joining to create enduring memories of camaraderie and adventure Thirty five years later the Society still sails for one week each year but with some ten boats and a roster of over one hundred members In these pages we celebrate the sport of sailing noting the range from racing small one design dinghies to cruising catamarans from the America s Cup to the Tucket Bucket Jet travel and charter facilities worldwide afford new sailing grounds and catalyzed our group to sail in exotic venues and add on unique travel with spouses and friends Unusual highlights include an audience with the Pope and treading the sacred burial grounds of the gods of Polynesia The combination of sailing and travel brought a keen interest in history and ecology long before saving the oceans became so critical This is also a story of the robust education found while in the pursuit of the art and science of sailing the discipline of proper anchoring the joys of producing gourmet fare from a tiny galley the spice of philosophy the confrontation of political discourse and examining and embracing the different views on economics and cosmic exploration Most of these lessons cascading from the confines of a cockpit with brandy and cigars The Chronicles is not a how to book but there are usable observations for governance of such an organization as the LaTrappe Creek Historical and Ecological Society There are By Laws indelibly retained in the memory of the Commodore and established Archives to secure information that even the CIA or KGB could not access Above all these chronicles relate how all who have been a part of this sailing saga have experienced the joy of valued friends and unfortunately the sadness of burying old friends at sea And Oh Yes There is a real place called LaTrappe Creek and all the characters in this book are real Sustainable Agriculture Green Manure in Rice Farming , **Ancient Ammon B.** MacDonald, Younker, 2023-11-13 This work is a presentation on a people of Transjordan known to readers of the Bible as a neighbour and often an enemy of first millennium B C Israel Topics include a review of archaeological research in Ammon the emergence of the Ammonites and Ammonite territory and sites Excavations at Tall Jawa, Jordan, Volume 1 The Iron Age Town Michèle Daviau, 2022-05-20 Located in a strategic position on the southern flank of the Ammonite hill country overlooking the Madaba Plain the earliest settlement at Tall Jawa dates to the Iron I period 1100 900 BC This settlement was redesigned during Iron Age II 900 600 BC and consisted of a walled town surrounded by a casemate style fortification system and a multi chambered gate complex Major buildings standing to the second storey are described in detail with their furnishings and contents A marked change in architecture ceramic technology and high status artefacts mark the high point of Tall Jawa during the period of the Assyrian empire 730 600 BC The major features of each structure are illustrated both in the text and on a CD ROM This volume presents the final report of six seasons of excavations at Tall Jawa in central Jordan The particular focus of this report is the architecture and stratigraphy of the settlements which occupied the site during the
