Marion Soublière

1998 Nunavut Handbook:

The 1998 Nunavut Handbook Marion Soublière, 1997 *A Place Called Nunavut* Karin Irma Margot van Dam, Kim van Dam, 2008 In 1999 Nunavut Territory was created in the Canadian Arctic The area is about 50 times as large as the Netherlands and is inhabited by a population of 30 000 85% of the population is Inuit the indigenous people in this area The central questions in this research project are what place or regional identities are being ascribed to Nunavut by different groups of people from within and from outside the region and how do these identities work In the process of the formation of the region the territorial Government of Nunavut is an important actor in producing a regional identity that is based on the cultural identity of the Inuit the Inuit Homeland This official regional identity creates a symbolic unity that is important in linking people to the region and through which the land the history and the people are united in a new territorial membership However there is no reason to assume that there is only one regional identity for Nunavut Different individuals or groups of people from within and from outside the region such as the people who live in one of the 25 communities and those who work for the multinational mining corporations or as tourist operators are also involved in the production and reproduction of identities for Nunavut They represent Nunavut for example as a place to live a resource region a wilderness or as a sustainable place Nunavut Government also links these alternative identities to the area because as a government they are not only interested in protecting Inuit culture but also aim to modernize the economy in order to enhance prosperity and well being As such the place identities are hybrid and identities that before were produced only by external actors are now also being produced by internal actors and vice versa *Canadian Folk* Peter Unwin, 2013-09-07 A collection of lives and stories that provides a fascinating look at the eminent and no so eminent characters who came before us and left their colourful mark on Canada s history **Encyclopedia of the Arctic** Mark Nuttall, 2005-09-23 With detailed essays on the Arctic s environment wildlife climate history exploration resources economics politics indigenous cultures and languages conservation initiatives and more this Encyclopedia is the only major work and comprehensive reference on this vast complex changing and increasingly important part of the globe Including 305 maps This Encyclopedia is not only an interdisciplinary work of reference for all those involved in teaching or researching Arctic issues but a fascinating and comprehensive resource for residents of the Arctic and all those concerned with global environmental issues sustainability science and human interactions with the environment *The Oxford Handbook of North American Archaeology* Timothy R. Pauketat, 2012-02-23 The Oxford Handbook of North American Archaeology reviews the continent s first and last foragers farmers and great pre Columbian civic and ceremonial centers from Chaco Canyon to Moundville and beyond *Canada and the Idea of North* Sherrill E Grace, 2002-04-15 Canada and the Idea of North examines the ways in which Canadians have defined themselves as a northern people in their literature art music drama history geography politics and popular culture From the Franklin Mystery to the comic book superheroine Nelvana Glenn Gould s documentaries the paintings of Lawren

Harris and Molson beer ads the idea of the north has been central to the Canadian imagination Sherrill Grace argues that Canadians have always used ideas of Canada as North to promote a distinct national identity and national unity In a penultimate chapter *The North Writes Back* Grace presents newly emerging northern voices and shows how they view the long tradition of representing the North by southern activists artists and scholars With the recent creation of Nunavut increasing concern about northern ecosystems and social challenges and renewed attention to Canada's role as a circumpolar nation *Canada and the Idea of North* shows that nordicity still plays an urgent and central role in Canada at the start of the twenty first century *Arctic Predator* Kathleen Lippa, 2025-02-04 The shocking crimes of a trusted teacher wrought lasting damage on Inuit communities in Canada's Arctic In the 1970s a young schoolteacher from British Columbia was becoming the darling of the Northwest Territories education department with his dynamic teaching style He was learning to speak the local language Inuktitut something few outsiders did He also claimed to be Indigenous a claim that would later prove to be false In truth Edward Horne was a pedophile who sexually abused his male students From 1971 to 1985 his predations on Inuit boys would disrupt life in the communities where he worked towns of close knit families that would suffer the intergenerational trauma created by his abuse Journalist Kathleen Lippa after years of research examines the devastating impact the crimes had on individuals families and entire communities Her compelling work lifts the veil of silence surrounding the Horne story once and for all **The ...
