TWENTY-SIXTH ANNUAL EDITION

2000 Reserve Forces Almanac Reserve Forces Almanac

AW Chickering

2000 Reserve Forces Almanac Reserve Forces Almanac:

2000 Reserve Forces Almanac Ronald S. Hunter, 2000 **Retired Military Almanac, 2000** Uniformed Services
Almanac, 2000-03 *2007 Reserve Forces Almanac*, 2007 **Army Reserve Magazine**, 2000 **Reserve Forces**
Almanac Sol Gordon, 1998-02 *Proceedings of the 84th National Convention of the American Legion* American Legion.
Annual National Convention, 2003 *Proceedings of ... National Convention of the American Legion* American Legion.
Annual National Convention, 2003 *Army Echoes*, 1991 [An Overview of Past Proposals for Military Retirement Reform](#)
John Christian, 2006 By one estimate between fiscal years 1995 and 2005 total compensation costs for current and former
military personnel increased by almost 60 percent The military retirement benefit remains a significant portion of these costs
and every change to accessions retention and basic pay today will have a future effect on pension expenditures This technical
report provides an overview of the history of U S military retirement studies and associated legislation with a particular focus
on the past 60 years of proposed reforms It is organized around the following five major issues that have driven attempts at
retirement system reform cost equity selective retention civilian comparability and force management flexibility The author
finds that cost alone is reason to analyze the current retirement system and reform proposals of the past have focused
carefully on cost However he also finds that as the military s mission evolves over time it is also important to consider the
sometimes subtle incentive effects that the retirement system has on service member behavior Beyond considerations of cost
reform of the military retirement system necessarily involves ramifications for force structure and operational readiness
Soldiers, 1999 [Military Review](#), 1991 **Air University Library Index to Military Periodicals**, 1999 **Defense**
Strategy for the Post-Saddam Era Michael E. O'Hanlon, 2005-09-01 The Brookings Institution has long produced an
analysis of America s defense budgets and policies The war on terror and the ongoing operations in Iraq and Afghanistan
have forced upon this country soaring defense budgets and unprecedented challenges in policymaking In the newest
installment in this tradition leading foreign policy expert Michael O Hanlon offers policy recommendations for strengthening
the ability of America s military to respond to international crises in a tumultuous world The United States can for the
foreseeable future be confident that its armed forces will remain engaged in Iraq as well as in Afghanistan and other theaters
in the war on terror It will also need to remain involved in deterrence missions in the western Pacific most notably in Korea
and the Taiwan Strait It will wish to remain engaged in European security since the capabilities and cohesion of the NATO
alliance have important implications for the United States globally O Hanlon reviews these priorities asking tough questions
and developing frameworks for answering them What military will the United States need in the future How much will it cost
How can the U S increase the size of its ground forces without increasing the size of the defense budget In an era of
apocalyptic terror threats and at a time of 400 billion defense budgets and 400 billion federal budget deficits how can this
country protect its citizens while maintaining fiscal responsibility *The Thrift Savings Plan* Beth J. Asch, John T.

Warner,2000 The FY2000 National Defense Authorization Act provided authority to members of the armed services to participate in the federal thrift savings plan TSP whose structure is similar to the Civil Service Retirement System A cost analysis by the Federal Thrift Retirement Investment Board found that extending the TSP to reservists is a poor idea because of the excessive cost of administering many small accounts However the authors conclude that although reserve TSP accounts are likely to be numerous and small on average a a relatively small number of reservists are likely to participate and b reserve accounts will be larger if prior service personnel can transfer their active duty balances They recommend that reserve participants be allowed to contribute more to their accounts that the possibility of multiple accounts for one person be reduced and that funding be made available to the TSP Board to adapt its computer system to handle reserve TSP accounts *The Annual American Catalog, 1900-1909* ,1903 **Military Law Review** ,2003 **The US Military**

Profession into the 21st Century Sam Sarkesian,Robert Connor,2006-04-18 This brand new edition of The US Military Profession into the Twenty First Century re examines the challenges faced by the military profession in the aftermath of the international terrorist attack on the United States on September 11 2001 While many of the issues facing the military profession examined in the first edition remain the new war and international terrorism have compounded the challenges The US military must respond to the changed domestic and strategic landscapes without diminishing its primary function a function that now many see that goes beyond success on the battlefield Not only has this complicated the problem of reconciling the military professional ethos and *raison d etre* with civilian control in a democracy it challenges traditional military professionalism This book also studies the notion of a US military stretched thin and relying more heavily on the US Federal Reserves and National Guard These developments make the US military profession increasingly linked to public attitudes and political perspectives In sum the challenge faced by the US military profession can be termed a dual dilemma It must respond effectively to the twenty first century strategic landscape while undergoing the revolution in military affairs and transformation At the same time the military profession must insure that it remains compatible with civilian cultures and the US political social system without eroding its primary function This is an invaluable book for all students with an interest in the US Military and of strategic studies and military history in general **Review of Current Military Literature** ,1991

Reserve Forces Almanac ,1993 **Monthly Catalog of United States Government Publications** ,2003
