Cracking the Code of Our Physical Universe Matthew M. Radmanesh, 2006-05-30 What sets this book apart is the fact that it is not just another science book describing scientific facts and phenomena It would surely be redundant since that task has been done many times over with much more elegant prose and brighter narrators In this book for the first time we have undertaken the task of breaking the code of any piece of matter or natural phenomena whether it is an atom a quantum occurrence a planet a galaxy or any other perceivable thing It covers any natural phenomena ever discovered or one that will be unravelled by the future pioneers in their respective fields This book provides the trail map of any and all things that man has discovered and shows how their codes were cracked The list of discoveries is endless but prominent amongst them are the discovery of fire electricity magnetism laws of motion the solar system and planets so on and so forth This book goes beyond just pure science since it fuses philosophy with science It actually makes science a subset of philosophy or more precisely applied philosophy Just like the light phenomenon which was made to be a subset of the field of electricity by James Clerk Maxwell revolutionizing our technical world so does this book by bringing a new era of incredible

There exists the force of good and evil which are both actively interfering in the affairs of men and operate by dynamics not explicitly understood by mortals It appears that man's actions and inactions are engineered by unseen forces that manipulate him to accomplish a specific purpose It also appears that in the fulfillment of prophecy Satan is an unpaid worker in the kingdom of God This treatise Cracking the Ancient Codes captures vividly the intrigues behind the Bible stories from the spiritual dimension It narrates the story of the Seed and the Serpent manifesting in different forms as they engaged in unabated contention throughout the ages The intentions of Satan are clear to frustrate the manifestation of the Seed by either defiling or destroying the Seed's ancestors In this plot Israel and Jerusalem are the sacred sites the Jews and later the church are the principal actors Without ambiguity the Light shines with an outstanding luminance and Darkness cannot decipher the mystery behind it Mortals have to make the constant choice between life and death Events surrounding the state of Israel and the existence of the church remain the most valid markers for fulfillment of spiritual prophecy The world

conventions are the result of coding and deal with meaning This volume appeals to students and researchers working in the fields of semiotics philosophy biology and mathematics *From Analysis to Visualization* David H.
