you're done you'll be slicing through red tape with the precision of a samurai sword and deflecting pointless emails faster than Neo dodging bullets in The Matrix. A word of warning: reading this book may cause uncontrollable eye-rolling, sudden outbursts of laughter, and a strong desire to karate chop your keyboard. Side effects may include increased productivity, better work-life balance, and the ability to see through corporate BS from a mile away. Ready to unleash your inner corporate ninja? Turn the page, young grasshopper. Your journey to business badassery begins now. Oh, and if your boss catches you reading this at work, just tell them it's a very serious book about synergizing paradigms and leveraging core competencies. They'll either be impressed or so confused they'll leave you alone. Win-win. Now let's begin our training. Hajime.

The Gateway to Prosperity System Matthew M. Radmanesh Ph.D., 2015-11-04. Unlike most business guides, *The Gateway to Prosperity System* goes from mediocrity to power and beyond. The new book by Dr. Matthew M. Radmanesh has undertaken the task of breaking the code of any business using proven fundamental principles that can improve any business's viability and longevity dramatically. Much like Dr. Radmanesh's *Gateway to Understanding: Electrons to Waves and Beyond*, which sets the foundation for understanding our physical universe, *The Gateway to Prosperity* sets out to explore the ultimate governing principles of the entire business world with a top-down approach, utilizing essential and powerful keys and principles that can unlock the vault and open many hidden doors of opportunity. This work goes beyond the traditional business concepts and explores the more broad-based principles of life and existence in conjunction with the discovered scientific and philosophical laws that lie beneath the technical aspects of any business activity. Moreover, these powerful principles and laws can be used by any business entity, from Internet-based companies to school systems to small businesses to multi-billion-dollar corporations and even to state and federal governments. This book begins with the main driving force behind any business: the viewpoint that powers up the entire operation and, by conceiving the right ideas for the business, breathes life into it. Each chapter leads the reader to the next step in the process of developing and evolving a viable and expanding business that can withstand and survive the devastating forces of any market condition. By explaining and employing sound scientific fundamentals, such as the use of absolutes, the relativity of knowledge, and the use of the scientific methodology, *The Gateway to Prosperity* offers a revolutionary new business guide fusing business fundamentals, philosophy, and science, as well as a step-by-step approach for anyone to make it big in the business world.

Gender Linda Brannon, 2016-12-19. *Gender: Psychological Perspectives* synthesizes the latest research on gender to help students think critically about the differences between research findings and stereotypes, provoking them to examine and revise their own preconceptions. The text examines the behavioral, biological, and social context in which women and men express gendered behaviors. The text's unique pedagogical program helps students understand the portrayal of gender in the media and the application of gender research in the real world. Headlines from the news open each chapter to engage the reader. Gendered Voices present true personal accounts of people's lives. According to the Media Boxes, highlight gender-related coverage in newspapers, magazines, books, TV, and movies while

According to the Research boxes offer the latest scientifically based research to help students analyze the accuracy and fairness of gender images presented in the media Additionally Considering Diversity sections emphasize the cross cultural perspective of gender This text is intended for undergraduate or graduate courses on the psychology of gender psychology of sex psychology of women or men gender issues sex roles women in society and women s or men s studies It is also applicable to sociology and anthropology courses on diversity Seventh Edition Highlights 12 new headlines on topics ranging from gender and the Flynn effect to gender stereotyping that affects men Coverage of gender issues in aging adults and transgendered individuals Expanded coverage of diversity issues in the US and around the globe including the latest research from China Japan and Europe More tables figures and photos to provide summaries of text in an easy to absorb format End of chapter summaries and glossary Suggested readings for further exploration of chapter topics Companion website at www.routledge.com/cw/Brannon containing both instructor and student resources
