Creating a Photo Album in Photoshop Elements for Windows Katherine Ulrich, 2005 If you're like many users you may have a digital camera plenty of snapshots and a copy of Photoshop Elements Adobe's consumer level image editing software. But as anyone who's just come back from vacation with hundreds of digital photos knows getting all those photos printed and organized is another matter altogether. Many users find that printing photos on a home printer and assembling them into a traditional photo album can be a tedious and painstaking chore. With Adobe Photoshop Elements for Windows all this has changed. Using this software you can easily organize your digital photos into an album and then order a hardcover professionally bound book printed from your album pages. Best-selling author Katherine Ulrich cuts straight to the chase in this compact low-priced volume using simple project-based instruction and big colorful screen shots to guide you through the process of assembling your digital photos into an album using Photoshop Elements for Windows. By focusing on a single goal organizing your photos into an album rather than exploring every option and feature of the software Katherine demonstrates the quickest easiest smartest route to photographic success. Each short builds on the last as you learn how to import photos from your digital camera to your PC add captions and notes fix image flaws position your photos create albums choose your styles fine tune your layouts and order your stunning book of photos online or print your own. This book's friendly colorful layout and ultra affordable price makes it ideal for anyone who wants to quickly learn how to create beautiful printed photo books to share with family and friends. *Creating a Photo Album in Photoshop Elements for Windows* Katherine

Ulrich, 2005 **Creating a Web Page in Dreamweaver 8** Nolan Hester, 2005-12-23 You may not be a professional Web designer but you do want to design a decent Web page. There's no place better to start than with the de facto tool of choice for just about anybody creating Web pages and this slim low-priced guide to it. The same things that have made Dreamweaver so popular with the pros an easy to use no nonsense interface and a slew of features and utilities also make it the perfect tool for your purposes. This full guide provides the quickest route to creating a fun and functional Web page with it. Each short chapter uses big bold screen shots and step by step instructions to illuminate one aspect of the process. By the end of the volume you will have created a simple Web site filled it with text and graphics added navigation and links and tested and posted the final product. Timely tips and occasional sidebars detailing good design practices round out the package.

**Retouching Photos in Photoshop Elements 3** Nolan Hester, 2005 While Photoshop offers a host of professional level image editing and color features sometimes all users want to do is create a polished improved photo. This slim full color volume is for anyone who simply wants to get from start to finish fast and doesn't need to know every single Photoshop feature but just the ones they'll use to accomplish their goals. **Library Journal** Melvil Dewey, Richard Rogers Bowker, L.
