Culture to Historical Archaeologies of the Nineteenth Century Alasdair Brooks,2016 Britain was the industrial and

political powerhouse of the nineteenth century the birthplace of the Industrial Revolution and the center of the largest empire of the time With its broad imperial reach and even broader indirect influence Britain had a major impact on nineteenth century material culture worldwide Because British manufactured goods were widespread in British colonies and beyond a more nuanced understanding of those goods can enhance the archaeological study of the people who used them far beyond Britain s shores However until recently archaeologists have given relatively little attention to such goods in Britain itself thereby missing what is often revealing and useful contextual information for historical archaeologists working in countries where British goods were consumed while also leaving significant portions of Britain s own archaeological record poorly understood The Importance of British Material Culture to Historical Archaeologies of the Nineteenth Century helps fill these gaps through case studies demonstrating the importance and meaning of mass produced material culture in Britain from the birth of the Industrial Revolution mid 1700s to early World War II By examining many disparate items such as ceramics made for export various goods related to food culture Scottish land documents and artifacts of death these studies enrich both an understanding of Britain itself and the many places it influenced during the height of its international power

Finding Caspicara Susan Verdi Webster,2024 Caspicara was the most renowned sculptor of the eighteenth century Andean world Yet many works that are attributed to this Indigenous artist cannot be firmly documented as he is nearly absent in traditional archival records Susan Webster seeks to analyze not only the visual imagery and material culture of his many works but she also seeks to lay the foundation for understanding how scholars can revive the life and records of artists and other historical figures many of whom were Indigenous in this period with different methodologies By cultivating artistic theory popular religious devotion and specific styles of sculpture Webster s examination of the labor and workshop practices of this period contextualize the extensive commercial networks that existed within Quito and emanated beyond it Webster explores the reason why authors constructed an almost completely fictional life story and canon for this artist that continued for two centuries how this story fueled the agendas and goals of these authors in melding the colonial past with a newly independent country that could measure itself against western European culture and as a potent story for tourists She then considers the ways in which Caspicara s work was at the center of debates of sculpture versus painting in Quito These debates and their development in the city also add context to notions of authorship and how it was documented or not By exploring the professional world where he worked Webster s analysis of Indigenous sculptors and their family networks of labor and apprenticeship in the arts

allow us to understand the changing workforce and materials for sculptures This analysis also reveals what day to day life may have been for Caspicara and how this routine informed the artistic choices available to him Archival materials indirectly offer glimpses into how patrons regarded Caspicara and his work and how the work of others later embellished or altered his original vision Throughout the chapters visuality materials and reception challenge the typical obsession of art historians museum curators and auction houses in their hunger to attribute authorship in ways that increase the value both for prestige and monetary reasons and in ways that end up obscuring authorship and intent
