TO DEMOCRACY
IN BULGARIA**

Albert P. Melone

Creating Parliamentary Government The Transition To Democracy In Bulgaria

Richard Bailey

Creating Parliamentary Government The Transition To Democracy In Bulgaria:

Creating Parliamentary Government Albert P. Melone, 1998 Tells the story of the negotiations and struggles in the early 1990s that transformed the Bulgarian political regime from a Soviet style puppet state to a freestanding democracy Closely examines the actual processes of negotiating a change in regime and establishing democratic political institutions drawing on in depth interviews with leading actors in the Bulgarian transition including members of Parliament Paper edition unseen 20 95 Annotation copyrighted by Book News Inc Portland OR *Bulgaria* Vesselin Dimitrov, 2013-01-11 The communist regime in Bulgaria was perhaps the most stable in Eastern Europe and its demise was brought about only by the general collapse of the Soviet bloc In the light of this what is surprising about the country s transitions to democracy and a market economy is not that it has been uneven but that it has proceeded without fundamental disruptions and is now showing some signs of consolidation The two party system that emerged from the round table negotiations in 1990 has survived remarkably intact although the parties within it have undergone considerable transformations The institutions of democracy have often been misused but have shown their ability to survive in crisis situations After a dismal record of macroeconomic mismanagement the establishment of a currency board has brought stability to the country s economy and the long delayed structural reform is finally off the ground Having survived the trials of transition Bulgaria is now faced with the more difficult task of adapting its political and economic institutions to the requirements of future EU membership **Handbook of Global Legal Policy** Stuart Nagel, 2022-04-18 Featuring a pragmatic approach to coping with the legal complications surrounding pretrial release drug related crime and freedom of religion among other issues this timely reference presents a host of legal policy problems in diverse political and cultural settings throughout the world Contributors bridge the academic gulf between worldwide and public policy studies as well as the ideological gap between liberal and conservative attitudes toward constitutional law individual liberty public safety and human rights The authors emphasize the need for an integrated one world perspective in the international legal community drawing on over 1200 references tables and illustrations *An Introduction to Post-communist Bulgaria* Emil Giatzidis, 2002 Assesses the post communist period in Bulgaria and examines how the democratization process has developed so far Contains valuable historical and comparative features providing the reader with a comprehensive and detailed account of the ongoing political social and economic transformation in this heavily understudied Balkan country Employs an extensive range of empirical material and analyses the obstacles and the reasons for the delays and failures of the proposed political and economic reforms Surveys the social implications of these reforms and examines the role of the emerging civil society and goes on to assess the way civil society and its organisations and institutions have been developed Written in a simple accessible and informative style the book will be vital reading for students scholars politicians and business people who wish to learn more about Bulgaria s past present and future The Right to Political Participation Gabriella Citroni, Irene Spigno, Palmina Tanzarella, 2022-01-27 This book provides a

comparative analysis of how judgments from the European Court of Human Rights ECtHR and the Inter American Court of Human Rights IACtHR affect political participation and electoral justice at the national level Looking at specific countries the work analyses the legal impact the implementation of the ECtHR and the IACtHR judgments has with a specific focus on cases in which the regional court concerned uses the democratic argument that is an argument related to democracy and political rights The reasoning is that although democracy is a much wider concept judgments concerning violations of political rights and electoral justice provide reliable indicators to assess the status and sustainability of democracy in a State Moreover the analysis of the violations of political rights and electoral justice allows an in depth comparison between the two regional human rights systems Mindful of the broader scope of the fall out generated by the non implementation of judgments including in socio economic terms the book includes a section exploring how judgments issued by the ECtHR and the IACtHR affect voters participation in the countries under their jurisdiction To this end an original dataset including the 47 Member States of the Council of Europe and the 20 countries which recognised the adjudicatory jurisdiction of the IACtHR is built Multidisciplinary in aim and scope of analysis the book will be an invaluable resource for researchers academics and policy makers working in the areas of constitutional law international human rights law and political economy

Democratizing Central and Eastern Europe Luca Tomini, 2015-05-22 At first it was believed that accession to the EU would have a positive effect on the process of democratization in former communist countries However over time it became clear that difficulties with the democratic system endured in a number of these countries This book reconsiders the results of the process of democratization in Central and Eastern Europe and evaluates the nature and effectiveness of the Europeanization process It comparatively explores the process of democratic consolidation and accession to the European Union in Poland Slovakia and Bulgaria Using these case studies the book assesses the impact of the EU on the accountability and integrity of governments in this part of Europe This text will be of key interest to scholars and students of democratization studies European studies EU studies transition studies area studies and international relations

Bulgaria and Europe Stefanos Katsikas, 2011-10-01 Bulgaria and Europe Shifting Identities offers a unique analysis of Bulgaria's relationship with the European continent Katsikas examines how Bulgarian historiography and literature over the centuries have created differing conceptions of Europe and in the process shaped the country's own shifting identity Through his analysis he provides the broader cultural context and historical perspective required in order to understand the country's EU accession process as well as its aftermath This work ultimately addresses what has arguably been the key question facing Bulgaria in the post Cold War period Are we European

Foundations and Public Policy Joan Roelofs, 2003-01-30 Documents how even progressive foundations serve to reinforce the political status quo *Congress Responds to the Twentieth Century* Sunil Ahuja, Robert E. Dewhirst, 2003 Congress occupies a central place in the U S political system Its reach into American society is vast and deep Overtime the issues it has confronted have increased in both quantity and

complexity At the beginning Congress dealt with a handful of matters whereas today it has its hands in every imaginable aspect of life It has attempted to meet these challenges and has changed throughout the course of its history prodded by factors both external and internal to the institution The essays in this volume argue therefore that as society changed throughout the twentieth century Congress responded to those changes

The Future of NATO Expansion Zoltan Barany, 2003-07-21 In 1999 three East Central European states Poland Hungary and the Czech Republic gained membership in the North Atlantic Treaty Organization Professor Barany argues that once it began the Alliance should continue the enlargement process Nevertheless he maintains that only states that satisfy NATO's membership criteria should be allowed to join Through an extensive analysis of four countries Bulgaria Romania Slovakia and Slovenia who at the time of the book's original publication in 2003 were NATO aspirants Barany demonstrates that they were in several important respects unprepared for membership and that there was no pressing reason for NATO's haste Barany argues that while NATO should be clear that its doors remain open to qualified candidates the Alliance should hold off further expansion until prospective members will become assets rather than liabilities

Parties, Rules, and the Evolution of Congressional Budgeting Lance T. LeLoup, 2005

The Statesman's Yearbook 2006 B. Turner, 2017-02-07 For one hundred and forty two years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The 2006 edition is fully updated and contains more information than ever before A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman's Yearbook gives you all of the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and it is an essential annual purchase

Comparing Post-Soviet Legislatures Joel M. Ostrow, 2000 One dilemma facing new or newly independent states such as those of the former Soviet Union is how to design effective legislatures when political parties are weak and fragmented or even nonexistent In this book Joel M Ostrow develops a comparative institutional framework to explain marked differences in behavior across three post Soviet legislatures the Russian Supreme Soviet the Russian State Duma and the Estonian legislature He argues that these differences in ability to manage political conflict can be explained in large measure by the design of the legislatures Most significant is the choice of whether and how to include parties or partisan factors Legislatures are an omnipresent component of modern democracy Ostrow's comparative institutional design confirms the presumption of many political scientists that parties are essential for legislative consensus building However it also reveals that parties may have paradoxical effects on a legislature's performance In following the budget process in Russia and Estonia Ostrow explores the consequences that different institutional designs have had on post Soviet legislatures He has found that how parties are included may determine how capable a legislature is at managing political conflict both internally and with the executive branch of the government The

author was present at many of the committee hearings and legislative sessions he describes and his firsthand observations and interviews with committee members enhance his analysis *The Statesman's Yearbook 2005* B. Turner, 2017-02-07 For one hundred and forty one years The Statesman's Yearbook has been relied upon to provide accurate and comprehensive information on the current political economic and social status of every country in the world The 2005 edition is fully updated and contains more information than ever before A foldout colour section provides a political world map and flags for the one hundred and ninety two countries of the world In an endlessly changing world the annual publication of The Statesman's Yearbook gives you all of the information you need in one easily digestible single volume It will save hours of research and cross referencing between different sources and is an essential annual purchase *The Routledge Companion to Central and Eastern Europe since 1919* Adrian Webb, 2008-04-16 The Routledge Companion to Central and Eastern Europe since 1919 is a compact and comprehensive reference guide to the area from the Treaty of Versailles to the present day With particular focus on the early nationalist and subsequent fascist and communist periods Adrian Webb provides an essential guide to the events people and ideas which have shaped and continue to shape central and eastern Europe since the re ordering of Europe at the end of the First World War Covering cultural economic political and environmental issues this broad ranging and user friendly volume explores both the common heritage and collective history of the region as well as the distinctive histories of the individual states Key features include wide ranging political and thematic chronologies maps for clear visual reference special topics such as the economy the environment and culture full list of office holders and extensive biographies of prominent people in all fields glossary of specialist terms With a wealth of chronological statistical and tabular data this handy book is an indispensable resource for all those who wish to understand the complex history of central and eastern Europe **International Bibliography of Political Science** Compiled by the British Library of Political and Economic Science, 2000-02 IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge on the social sciences

Central and South-Eastern Europe 2004 Europa Publications, 2003 Comprises a general survey of the region country surveys political profiles of the region and information on international and regional organizations and research institutes

Judicial Accountabilities in New Europe Daniela Piana, 2016-05-06 This volume focuses on a highly challenging aspect of all European democracies namely the issue of combining guarantees of judicial independence and mechanisms of judicial accountability It does so by filling the gap in European scholarship between the two policy sectors of enlargement and judicial cooperation and by taking full stock of an interdisciplinary literature spanning from comparative politics socio legal studies and European studies *Judicial Accountabilities in New Europe* presents an insightful account of the judicial reforms adopted by new member States to embed the principle of the rule of law in their democratic institutions along with the guidelines of quality of justice promoted by European institutions in all member States *Hitching a Ride* Glen S.

Krutz, 2001 Omnibus legislating is the controversial practice of combining disparate measures in one massive bill Omnibus packages are must pass bills because they have a nucleus that enjoys widespread support but they also contain a variety of often unrelated measures that are simply hitching a ride Why are omnibus bills employed Why the increase in their use Why do leaders attach certain bills to omnibus packages and not others Glen Krutz addresses these and other questions in this original and insightful study of an important change in the legislative process Many view omnibus packages as political vehicles and therefore attribute their rise to politics but Krutz finds that whatever their political value omnibus packages are institutionally efficient Omnibus legislating improves congressional capability by providing a tool for circumventing the gridlock of committee turf wars and presidential veto threats In addition to furnishing a fascinating look at law making Hitching a Ride Omnibus Legislating in the U S Congress provides a challenge to recent studies of congressional change that focus on political factors Political and institutional factors together Krutz argues explain congressional evolution

Democratisation and the Prevention of Violent Conflict Jenny Engström, 2016-12-05 Challenging the often held belief that democratization necessarily leads to aggressive ethnic nationalism and even violent conflict this book offers an alternative account of democratization and inter ethnic relations It suggests that democratization can in fact help to prevent violent conflict in divided societies as demonstrated by two case studies Bulgaria and Macedonia At a time when democracy promotion is increasingly becoming part of international relations and foreign policy this study offers some poignant lessons for democratization and conflict resolution in places such as Iraq Afghanistan and Israel Palestine to name but a few

This is likewise one of the factors by obtaining the soft documents of this **Creating Parliamentary Government The Transition To Democracy In Bulgaria** by online. You might not require more get older to spend to go to the books start as with ease as search for them. In some cases, you likewise realize not discover the broadcast Creating Parliamentary Government The Transition To Democracy In Bulgaria that you are looking for. It will entirely squander the time.

However below, bearing in mind you visit this web page, it will be in view of that totally simple to get as well as download guide Creating Parliamentary Government The Transition To Democracy In Bulgaria

It will not take many get older as we run by before. You can get it even if decree something else at home and even in your workplace. thus easy! So, are you question? Just exercise just what we meet the expense of below as without difficulty as evaluation **Creating Parliamentary Government The Transition To Democracy In Bulgaria** what you like to read!
