## **Creating Miracles Understanding The Experience Of Divine Intervention:**

*Creating Miracles* Carolyn Godschild Miller, 2006 In *Creating Miracles* Carolyn Miller explores miracles in people's lives. In over 50 accounts of real experiences she describes how ordinary people spontaneously entered altered states of consciousness and positively affected sometimes life-threatening events. Drawing on her scientific background as an experimental psychologist she analyzes the common patterns in these situations as well as the skepticism with which these stories might be received. Part one of *Creating Miracles* spotlights ordinary miracles where average people respond to extraordinary circumstances. Part two explains how to create the personal conditions that are needed for a miracle to occur. Miller shows the importance of being able to tap into intuition, the inner divine guide, as well as disarming the ego in bringing a person into a state of miracle readiness. A handy "Things to Think About" section at the end of each chapter highlights the chapter's most important points.

[Creating Miracles](#) Carolyn G. Miller, PhD, 2011-02-08 Miracles Can Happen to You. We normally use the term "miraculous" to describe dramatic, larger-than-life events, but not all miracles are out of this world. Ordinary miracles—surprising positive occurrences such as surviving a horrible automobile accident or finding our soul mate—can happen in our everyday lives. A scientist as well as a student of metaphysics, Dr. Carolyn Miller has spent more than twenty-five years researching the elements that are common in real-life miracles. She has discovered that ordinary people often survive impending disaster by entering a serene state of consciousness and following inner guidance. In *Creating Miracles*, Dr. Miller shares specific suggestions and techniques such as tapping into our intuition and disarming our ego for cultivating a state of miracle readiness in our lives. Through the true stories and amazing experiences she relates in this book, she demonstrates that miracles are real and that accessing them requires only that we follow some clear and simple steps.

**All Your Prayers Are Answered** Sam Menahem,2000-10 This book answers several questions that have perplexed people throughout the ages Why do good people get sick and suffer misfortune Can prayer help and heal Is God powerful but not omnipotent Or does God have varying answers to prayers This book suggests that all of us are alive for a reason to learn and grow spiritually This growth requires a movement toward faith love forgiveness and unity Positive movement in these areas helps us deal with fear hate guilt and inferiority These psychological problems are also opportunities for growth As we learn to pray more effectively we are healed spiritually psychologically and often physically We need to look at life as a beautifully unfolding divine plan If all prayers were answered with instantaneous miraculous healings people would not learn to take responsibility for their thoughts feelings and behavior They would just turn to God to bail them out or provide selfish gain Thus all prayers are answered in a way that can lead to the maturity necessary to pray more effectively Only God knows the next step in each person s journey Our job is to surrender to divine direction take responsibility for ourselves and do what we need to do and accept all results Prayer leads to maturity peace and happiness which in turn leads to more effective prayer
