Rudavsky, 2012-02-01 Despite the importance of time and cosmology to Western thought surprisingly little attention has been paid to these issues in histories of Jewish philosophy Focusing on how medieval philosophers constructed a philosophical theology that was sensitive to religious constraints and yet also incorporated compelling elements of science and philosophy T M Rudavsky traces the development of the concepts of time cosmology and creation in the writings of Ibn Gabirol Maimonides Gersonides Crescas Spinoza and others *Water and Sacred Architecture* Anat Geva, 2023-05-25 This edited book examines architectural representations that tie water as a physical and symbolic property with the sacred The discussion centers on two levels of this relationship how water influenced the sacredness of buildings across history and different religions and how sacred architecture expressed the spiritual meaning of water The volume deliberately offers original material on various unique contextual and design aspects of water and sacred architecture rather than an attempt to produce a historic chronological

analysis on the topic or focusing on a specific geographical region As such this unique volume adds a new dimension to the study of sacred architecture The book s chapters are compiled by a stellar group of scholars and practitioners from the US Canada Europe Asia and Africa It addresses major aspects of water in religious buildings such as rituals pilgrimage water as a cultural material and place making hydro systems modern practices environmental considerations the contribution of water to transforming secular into sacred and future digital cyber context of water and sacredness All chapters are based on original archival studies historical documents and field visits to the sites and buildings These examinations show water as an expression of architectural design its materiality and its spiritual values The book will be of interest to architects historians environmentalists archaeologists religious scholars and preservationists *Bibliographie Internationale de L'histoire Des Religions* ,1954 **Toward the Millennium** Peter Schäfer,2018-09-24 This collection of 16 articles represents a selection of the papers delivered in the course of a seminar 1995 1996 at the Institute for Advanced Study in Princeton and its concluding joint symposium held at the Institute and Princeton University Wide ranging in scope the volume covers messianic expectations from biblical times up to modern and contemporaneous adaptations whereby the focus lies on the messianic concept within Judaism diversity and variety of messianic expectations in antiquity messianic movements at the time of the Crusades and around the fifth millennium 1240 the Pseudo Messiah Sabbatai Avi in the early modern period the philosophers Hermann Cohen Franz Rosenzweig and Walter Benjamin with respect to their thinking about messianism as well as the Lubavitch movement Also included are investigations on pagan Graeco Roman writings and messianic strands in the medieval and baroque Christian context The section on the modern period contains contributions dealing with the Ahmaddiyya movement in India messianic currents in the socio political culture of the Weimar Republic as well as certain messianic aspects in the very recent so called Branch Davidian community in Waco Texas The broad spectrum of stimulating analyses provides a fresh re evaluation of an apparently timeless phenomenon 'The Heathen in his Blindness...' S.N. Balagangadhara,2018-08-14 Today most intellectuals agree that a Christianity has profoundly influenced western culture b members from different cultures experience many aspects of the world differently c the empirical and theoretical study of both culture and religion emerged within the West The present study argues that these truisms have implications for the conceptualization of religion and culture More specifically the thesis is that non western cultures and religions differ from the descriptions prevalent in the West and it is also explained why this has been the case The author proposes novel analyses of religion the Roman religio the construction of religions in India and the nature of cultural differences Religion is important to the West because the constitution and the identity of western culture is tied to the dynamic of Christianity as a religion
