disconnection from each other and Mother Earth have brought us to this present reality of disaffected and lost students exhausted teachers overwhelmed administrators and the escalating intrusion of political agendas into the classroom Thankfully for those of us willing to stay in the struggle this beautiful work offers true solutions for how to reconnect with Life s energies and persevere together just as Native peoples have done for millennia I am so grateful for this book Margaret Wheatley Author We two legged big brained hominid creatures are kin to all that ever was is and ever will be The contributors here ask what that means for how we think learn and educate our young This is no fringe pedagogy but educational first responders coming to rescue a culture in a five alarm crisis It is a very good time to reconsider education the process of drawing forth and summon the Angels of our better natures who have been there all along David W Orr Arizona State University For too long we have sought to impose the tyranny of our pulverising mind on the self creating self organising and self sustaining generosity of the all blessing universal soul manifesting itself in all phenomena unconditionally and impartially Modern education for all the good that it has done has progressively alienated itself from the nourishing graces of the Sector Noble it was meant to be and stands in dire need of resuscitation and restoration to its original purpose The present anthology offers in my view a most compelling invitation to look into the soul of education deriving its vital life force from the deep recesses of the fecund womb of all embracing sovereign Nature Thakur S Powdyel former Minister of Education Royal Government of Bhutan

*A Handbook to Old Testament Exegesis* William P. Brown, 2017-03-17 Designed for both Hebrew and non Hebrew students *A Handbook to Old Testament Exegesis* offers a fresh hands on introduction to exegesis of the Old Testament William P Brown begins not with the biblical text itself but with the reader helping students to identify their own interpretive lenses before engaging the biblical text Brown guides the student through a wide variety of interpretive approaches including modern methodologies feminist womanist Latino a queer postcolonial disability and ecological approaches alongside more traditional methods This allows students to critically reflect on themselves as bona fide interpreters While covering a wide range of biblical passages Brown also highlights two common biblical texts throughout the work to help show how each interpretive approach highlights different dimensions of the same texts Students will appreciate the value of an empathetic inquiry of Scripture that is both inclusive of others and textually in depth
