Patent Office, 1912 **Airman**, 1993 **The Proper Study of Religion** Sam D. Gill, 2020 In *The Proper Study of Religion*, Sam Gill charts an innovative course of development for the academic study of religion by engaging the legacy of Jonathan Z. Smith, Gill's teacher and mentor for fifty years. Building on Smith's foundational legacy through creative encounters, Gill explores an extensive range of absorbing topics, including comparison as essential to academic technique and to human knowledge itself, play philosophically understood as a core dynamic of Smith's entire program, the relationship of academic document-based studies to the sensory-rich real world of religions and self-moving as providing a biological and philosophical foundation on which to develop and expand upon a proper academic study of religion.

The Business of Sustainability Chris Laszlo, Karen Christensen, Daniel S. Fogel, Gernot Wagner, Peter J. Whitehouse, 2010-01-01 *The Business of Sustainability* is a core resource for policy makers, members of the development community, entrepreneurs and corporate executives as well as business and economics students and their professors. It contains rich analysis of how sustainability is being factored into industries across the globe, with enlightening case studies of businesses serving as agents of change. Contributing authors provide a groundbreaking body of research-based knowledge. They explain that the concept of sustainability is being re-framed to be positive about business instead of being tied to the old notion of a trade-off between business and society: that is, if business wins, society and the environment must lose, and they explore how economic development can contribute to building our common future. *Cradle and All Header* **Headline Book**
