*Witching Culture* Sabina Magliocco, 2010-11-24 Taking the reader into the heart of one of the fastest growing religious movements in North America Sabina Magliocco reveals how the disciplines of anthropology and folklore were fundamental to the early development of Neo Paganism and the revival of witchcraft Magliocco examines the roots that this religious movement has in a Western spiritual tradition of mysticism disavowed by the Enlightenment She explores too how modern Pagans and Witches are imaginatively reclaiming discarded practices and beliefs to create religions more in keeping with their personal experience of the world as sacred and filled with meaning Neo Pagan religions focus on experience rather than belief and many contemporary practitioners have had mystical experiences They seek a context that normalizes them and creates in them new spiritual dimensions that involve change in ordinary consciousness Magliocco analyzes magical practices and rituals of Neo Paganism as art forms that reanimate the cosmos and stimulate the imagination of its practitioners She discusses rituals that are put together using materials from a variety of cultural and historical sources and examines the cultural politics surrounding the movement how the Neo Pagan movement creates identity by contrasting itself against the dominant culture and how it can be understood in the context of early twenty first century identity politics *Witching Culture* is the first ethnography of this religious movement to focus specifically on the role of anthropology and folklore in its formation on experiences that are central to its practice and on what it reveals about identity and belief in twenty first century North America

*Goddess Worship, Witchcraft, and Neo-Paganism* Craig Hawkins, 2016-09-06 The twentieth century has seen a remarkable revival of the Old Religion as adherents of New paganism call the native religious traditions of Europe and tribal traditions from North America that predated Christianity Many neo pagan groups identify with Celtic Druidic Egyptian Native American Norse or Roman traditions others with modern science fiction motifs and still others with witchcraft Neo paganism is occultic in nature A central figure in much of Neo paganism is the Mother Goddess who has been introduced and worshiped among certain feminists even in some mainline Protestant churches Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential information and insights for

their spiritual journeys Each book has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

#### **Dancing the Sacred Wheel** Frances

Billingshurst,2019-03-25 There are eight seasonal festivals referred to as sabbats that make up the Wheel of the Year Dancing the Sacred Wheel draws on the author s own personal experience of following a traditional Pagan spiritual path and creating ritual over 20 years in southern Australia Combining traditional Pagan lore with history in order to develop a relationship with her local environment the author also offers invaluable pointers as to how to incorporate the localised elements into something that also provides a traditional feel Dancing the Sacred Wheel not only provides an in depth look the folklore and myth associated with each sabbat but also discusses ways of creating specific rituals and observances that acknowledge each seasonal gateway when the local environment is reflecting something completely different Dancing the Sacred Wheel challenges the reader regardless of which hemisphere they reside to draw inspiration from their environment and to create their own unique Wheel of the Year

Tolbert,Michael Dylan Foster,2024-07-15 Möbius Media explores the interplay of popular and traditional cultures reminding readers that expressive cultural forms are never mutually exclusive but exist in a state of creative tension and interconnection merging and re defining one another With this insightful volume editors Jeffrey Tolbert and Michael Dylan Foster build on their earlier work *The Folkloresque* by considering how folklore is understood and mobilized within a variety of popular discourses and commercial marketplaces The collection challenges readers to consider the stakes of labeling something as folklore or folk It demonstrates the rhetorical and political potency of ideas such as traditionality heritage and community in storytelling venues including films games and even podcasts in the construction and policing of genres and in the selling of commodities By interrogating popular media and expressions that make use of ideas such as folklore tradition authenticity and heritage Möbius Media further develops the theoretical applicability of the folkloresque concept and encourages productive interdisciplinary dialogue Through the lens of the folkloresque scholars can better see the hidden ideologies that inform the marketplace and influence contemporary modes of communication This interdisciplinary work will appeal to scholars and students of cultural studies media studies popular culture literature anthropology and related areas     *Do What Thou Wilt* Lawrence Sutin,2025-09-23

*Do What Thou Wilt* An exploration into the life and works of a modern mystic occultist poet mountaineer and bisexual adventurer known to his contemporaries as The Great Beast Aleister Crowley was a groundbreaking poet and an iconoclastic visionary whose literary and cultural legacy extends far beyond the limits of his notoriety as a practitioner of the occult arts Born in 1875 to devout Christian parents young Aleister s devotion scarcely outlived his father who died when the boy was twelve He reached maturity in the boarding schools and brothels of Victorian England trained to become a world class mountain climber and seldom persisted with any endeavor in which he could be bested Like many self styled illuminati of his class and generation the hedonistic Crowley gravitated toward the occult An aspiring poet and a pampered wastrel obsessed with reconciling his quest for spiritual perfection and his inclination do exactly as he liked in the earthly realm Crowley developed his own school of mysticism Magick as he called it summoned its users to embrace the imagination and to glorify the will Crowley often explored his

spiritual yearnings through drug saturated vision quests and rampant sexual adventurism but at other times he embraced Eastern philosophies and sought enlightenment on ascetic sojourns into the wilderness This controversial individual a frightening mixture of egomania and self loathing has inspired passionate but seldom fair assessments from historians Lawrence Sutin by treating Crowley as a cultural phenomenon and not simply a sorcerer or a charlatan convinces skeptic readers that the self styled Beast remains a fascinating study in how one man devoted his life to the subversion of the dominant moral and religious values of his time     Shadow Worlds Andrew Wood,2023-07-13 A vigorous strand of interest in the occult the spooky and the mysterious has been part of New Zealand s history since 1840 Shadow Worlds takes a lively look at communicating with spirits secret ritualistic societies the supernatural the New Age everything from The Golden Dawn and Rosicrucianism to Spiritualism witchcraft and Radiant Living and introduces the reader to a cast of fascinating characters who were generally true believers and sometimes con artists It s a fresh and novel take on the history of a small colonial society that was not quite as ploddingly conformist as we may have imagined     *Female Leaders in New Religious Movements* Inga Bårdsen Tøllefsen,Christian Giudice,2017-10-06 In this book historians of religion and gender studies explore the biographies of a number of female leaders and the factors within their groups and cultural contexts that support these women s religious leadership New Religious Movements have been supportive of women taking roles of leadership for a long time Authors of this book examine issues of gender and female leadership from diverse theoretical and methodological standpoints The book covers a broad range of groups both with regard to time and place covering Paganism Hindu guru groups Christian organizations esoteric mystical movements African churches and a Japanese NRM The common focal point is the powerful prophetic charismatic women who have founded and or led New Religious Movements     **Fictional Practice: Magic, Narration, and the Power of Imagination** ,2021-09-27 To what extent were practitioners of magic inspired by fictional accounts of their art In how far did the daunting narratives surrounding legendary magicians such as Theophilus of Adana Cyprianus of Antioch Johann Georg Faust or Agrippa of Nettesheim rely on real world events or practices Fourteen original case studies present material from late antiquity to the twenty first century and explore these questions in a systematic manner By coining the notion of fictional practice the editors discuss the emergence of novel imaginative types of magic from the nineteenth century onwards when fiction and practice came to be more and more intertwined or even fully amalgamated This is the first comparative study that systematically relates fiction and practice in the history of magic
