Vanhoozer, 2014-01-01 In this volume highly esteemed scholar Kevin Vanhoozer introduces readers to

a way of thinking about Christian theology that takes the work he began in the groundbreaking 2005 book *The Drama of Doctrine* to its next level. Vanhoozer argues that theology is not merely a set of cognitive beliefs but is also something we do that involves speech and action alike. He uses a theatrical model to explain the ways in which doctrine shapes Christian understanding and forms disciples. The church, Vanhoozer posits, is the preeminent theater where the gospel is performed with doctrine directing this performance. Doctrines are not simply truths to be stored, shelved, and stacked but indications and directions to be followed, practiced, and enacted. In performing doctrine, Christians are shaped into active disciples of Jesus Christ. He goes on to examine the state of the church in today's world and explores how disciples can do or perform doctrine. Written in an accessible and engaging style, *Faith Speaking: Understanding* sets forth a compelling vision of what the church is and what it should be doing and demonstrates the importance of Christian doctrine for this mission. Disciples who want to follow Christ in all situations need doctrinal direction as they walk onto the social stage in the great theater of the world. The Christian faith is about acknowledging and participating in the great thing God is doing in our world: making all things new in Christ through the Holy Spirit. Doctrine ministers understanding of God of the drama of redemption of the church as a company of faithful players and of individual actors, all of whom have important roles to play. In an age where things fall apart and centers fail to hold, doctrine centers us in Jesus Christ in whom all things hold together.

Christian Prophecy Niels Christian Hvidt, 2007-04-19

Throughout the Hebrew Bible, God guides and saves his people through the words of his prophets. When the prophets are silenced, the people easily lose their way. What happened after the incarnation, death, and resurrection of Christ? Did God fall silent? The dominant position in Christian theology is that prophecy did indeed cease at some point in the past: if not with the Old Testament prophets, then with John the Baptist, with Jesus, with the last apostle, or with the closure of the canon of the New Testament. Nevertheless, throughout the history of Christianity, there have always been acclaimed saints and mystics, most of them women, who displayed prophetic traits. In recent years, the charismatic revival in both Protestant and Catholic circles has once again raised the question of the place and function of prophecy in Christianity. Scholarly theological attitudes toward Christian prophecy range from modest recognition to contempt. Mainstream systematic theology, both Protestant and Catholic, has mostly marginalized or ignored the gift of prophecy. In this book, however, Niels Christian Hvidt argues that prophecy has persisted in Christianity as an inherent and continuous feature in the life of the church. Prophecy never died, he argues, but rather proved its dynamism by mutating to meet new historical conditions. He presents a comprehensive history of prophecy from ancient Israel to the present and closely examines the development of the theological discourse that surrounds it. Throughout, though, there is always an awareness of the critical discernment required when evaluating the charism of prophecy. The debate about prophecy, Hvidt shows, leads to some profound insights about the very nature of Christianity and the church. For example, some have argued that Christianity is a perfect state and that all that is required for salvation is acceptance of its doctrines. Others have emphasized how God continues to intervene and guide his

people onto the right path as the full implementation of God's salvation in Christ is still far away. This is the position that Hvidt forcefully and persuasively defends and develops in this ambitious and important work. **Where'd He Get That?** Margo Ruark, 2010-06-04. With foreword by Rev. Dr. Jane Claypool. A monumental achievement. Every minister in the field will want to have and use a copy right now. The definitive cross reference between *The Science of Mind* by Ernest Holmes and the Holy Bible. With over 750 references to Bible verses, this reference is a must have for ministers, translators, and teachers. Completely revised and updated to include other source references. Compliments existing material on the Allegorical Bible, *Rescuing the Bible from Fundamentalism*, and all entry level classes with the textbook. **Speak with the Earth and It Will Teach You** Daniel Cooperrider, 2022-11-30. I don't think it is enough appreciated how much an outdoor book the Bible is. Wendell Berry and author Daniel Cooperrider illustrates his point with beautiful narrative like a stroll through the woods. *Speak with the Earth* analyzes the Bible's treatment of nature and intersperses this analysis with the author's own reflections on experiences in nature. Organized in sections touching on the four elements, the book engages with the multifaceted relationship between the Bible and nature through various media including art, theology, the natural sciences, history, and lived experience. A timely work on the gift of the Earth that makes a strong case for environmental conservation as a cornerstone of religious life. **Teaching English in Missions** Jan Edwards Dormer, 2011-06-27. English teaching is common in missions today. However, there has been relatively little discussion on what constitutes effectiveness in English ministries. This book aims to foster such discussion. It first addresses issues of concern in English ministries and then suggests criteria for effectiveness, considerations in teacher preparation, and models for the teaching of English in missions. *Religion, Reform and Modernity in the Eighteenth Century* Robert G. Ingram, 2007. A new interpretation of English history and religion in the eighteenth century. The eighteenth century has long divided critical opinion. Some contend that it witnessed the birth of the modern world, while others counter that England remained an ancien regime, confessional state. This book takes issue with both positions, arguing that the former overstate the newness of the age and largely misdiagnose the causes of change, while the latter rightly point to the persistence of more traditional modes of thought and behaviour, but downplay the era's fundamental uncertainty and misplace the reasons for and the timeline of its passage. The overwhelming catalyst for change is here seen to be war, rather than long term social and economic changes. Archbishop Thomas Secker, 1693-1768, the Cranmer or Laud of his age, and the hitherto neglected church reforms he spearheaded form the particular focus of the book. This is the first full archivally based study of a crucial but frequently ignored figure. ROBERT G INGRAM is Assistant Professor at the Department of History, Ohio University. **The New Age Movement and the Biblical Worldview** John P. Newport, 1998. John Newport delivers a comprehensive study of the impact of New Age beliefs on contemporary culture and on Christianity itself, while also offering an effective biblical antidote to today's worldview crisis. After first surveying the historical development of the New Age worldview from ancient times through important tendencies
