Intoxicated Identities Tim Mitchell, 2013-07-04. In *Intoxicated Identities*, Tim Mitchell provides a novel and well-grounded framework for understanding subjective drinking experiences from the Aztecs to the present day in areas as diverse as Chiapas, Chihuahua, Oaxaca, Mexico City, Texas, and California. Power drinking plays a crucial role in Mexican religion, politics, fine arts, and ritual. Spousal abuse, Mexico ranks number one in deaths from cirrhosis, and Mexican Americans are twice as likely to be arrested for drunken driving as blacks or whites. With methods and concepts derived from an extraordinary range of disciplines, Mitchell explains how Mexican culture reinforces heavy drinking. He analyzes supply, nationalistic marketing strategies, but emphasizes demand, psychocultural motivations unique to Mexico. He chronicles the joys and sorrows of a *borrachera* or drinking binge and explores this altered state of consciousness on its own terms, not from any temperance or anti-alcohol perspective.

Regaining Control Grant Martin, 1990. **Ancient Sins . . . Modern Addictions** R. Scott Sullender, 2013-07-05. There is a virtual epidemic of addiction in the United States, both traditional addictions to drugs and alcohol, but also newer addictions like sex, gambling, rage, work, and food eating. Some authorities have labeled addiction the number one mental health problem in America. We are spending millions of dollars annually trying to prevent, understand, and treat this epidemic, and yet by any measure of success, we are losing this war. In this cultural context, Dr. Sullender invites us to look again at the spiritually based scheme of the Seven Deadly Sins, which originated at the dawn of Western civilization. He suggests that what our spiritual forebears meant by deadly is best captured in the modern concept of addiction. Based on this thesis, this book explores what is addictive about the sins of pride, envy, anger, greed, gluttony, sloth, and lust, and suggests that these sins are all obsessive and as such become the mental component in the addictive cycle. Each

chapter concludes by offering some spiritual resources practices and insights that can help us win the battle against addiction which is ultimately won or lost on a mental or spiritual plane
