Regenerate Tony Scarcello,2020-09-24 Loss Fear Doubt What does anything mean when your ground of being is stripped away Tony met God when he was four years old through the love of his mother When he was twelve he realized he had a crush on one of his male friends and grew convinced God would have nothing to do with him At sixteen Tony reencountered God who affirmed that nothing stood between them but love When he was twenty three married to the girl of his dreams and on staff at a church Tony s secret came out and he came close to losing it all What followed was arduous years of deconstruction losing everything he thought he knew about God only to rediscover God in the mystery This God was not a new God it was the same one as before just seen with regenerated faith This God was more beautiful and restorative than Tony could have ever imagined Tony s story is not uncommon in the modern evangelical landscape Thousands of people throughout the West are experiencing a crisis of faith that is commonly referred to as deconstruction With raw honesty Tony uses his own story as a starting point for a dialogue on the deconstruction process Tony unpacks what the deconstruction process is why it happens and how the church can help people experiencing a crisis of faith without worsening it along the way In this memoir Tony candidly pleads for the church to make a turn not to a trendier progressive version of Christianity nor to a stricter form of fundamentalism but to the revolutionary Jesus centered movement that changed the face of the earth A movement once better known for its society of healing love than its dogma *You and Me Forever Study Guide* Lisa

The Magic of Awareness Anam Thubten, 2012-05-16 A Tibetan Buddhist teacher offers guidance on maintaining a state of awareness demonstrating how enlightenment can be found at any time in our everyday lives The paradox of awareness is very profound and yet very simple It can't be described because it has no objective qualities and no limitation Sometimes it comes naturally to the surface when we are fully in the present moment and no longer lost in thought

or mental projections Pure consciousness is neither high nor low neither pleasant nor unpleasant neither good nor bad No matter where we are no matter what we are doing we always have an immediate access to that inner stillness It can be experienced in an instant in all circumstances once we know how to pay attention to it It is utterly peaceful and it is also insightful so it sees through all illusions Whenever there is a moment of being deluded we can use that moment to practice settling in the very perfect sphere of the Buddha mind without trying to change anything When we reside in that liberated mind we find the very thing we have been seeking all along

Liquid Ecclesiology Pete Ward, 2017-06-06 In Liquid Ecclesiology Pete Ward explores the theological contours of the turn to ethnography in the study of the Christian Church His approach rests on a theology of culture that holds in tension and paradox the expression of the Church and divine presence This theological framework is then developed through an extended qualitative empirical case study examining the communicative practices of the contemporary evangelical Church The case study examines how the evangelical Gospel through expression has become marginalised in the everyday life of communities being replaced by a new more individual and personalised theology seen in worship songs The final section of the book returns to the debates around ethnographic forms of theology and the question of normativity This book will be of interest to all those engaged in empirical and theological work as well as those researching the contemporary Church and evangelicalism
