God's Reflections Ronald Ian Phillips,Ernest Schmidt,David Grotzke,Seth Grotzke,2022-04-07 Using a unique and ground breaking approach that combines religion with American history these four authors masterfully present a thoroughly researched and captivating account of fifty two inspirational stories of America s exceptionalism intricately woven with God s truths Each story connects the life giving honesty of the American people with a life shaping application from the gospel Individuals interested in the history of the United States or Christianity and looking for an overarching account of what unites us as Americans and believers will be enthralled by these inspiring stories of struggles and triumphs We are not the light just the reflection if we stand close enough to the Source The further we move away from God s will for our lives the more we stumble in the dark But as believers we know there is an all powerful force that will lift us up and help us to walk in the light The goal of God s Reflections Biblical Insight from America s Story is to draw Christians closer to the light source so they can radiate brighter in their service to God and their country and be part of the greatest rescue mission of all making disciples for Jesus Christ **Creating America** Jesus Garcia,Donna Ogle,Winthrop D. With new topics and contributions this updated second edition discusses the history and contemporary presence of Islam in Europe and America. The book debates the relevance and multi-faceted participation of Muslims in the dynamics of Western societies, challenging the changing perception on both sides. Collating over 30 chapters written by experts from around the world, the volume presents a wide range of perspectives. Case studies from the Muslim presence in the Iberian Peninsula between the Middle Ages and the modern age set off the Handbook along with an outline of Muslims in America up to the twentieth century. The second part covers concepts around new conditions in terms of consolidating identities, the emergence of new Muslim actors, the appearance of institutions and institutional attitudes, the effects of Islamic presence on the arts and landscapes of the West, and the relational dynamics like ethics and gender. Exploring the influence of Islam, particularly its impact on society, culture, and politics, this interdisciplinary volume is a key resource for policymakers, academics, and students interested in the history of Islam, religion, and the contemporary relationship between Islam and the West.
