anyone looking at turbocharging their business and career the Sponge Process which emphasises listening is a radical new way of engaging with clients and customers

Pursuing Respect in the Cannibal Isles Nancy Shoemaker, 2019-11-15
 Full of colorful details and engrossing stories Pursuing Respect in the Cannibal Isles shows that the aspirations of individual Americans to be recognized as people worthy of others respect was a driving force in the global extension of United States influence shortly after the nation's founding Nancy Shoemaker contends that what she calls extraterritorial Americans constituted the vanguard of a vast early US global expansion Using as her site of historical investigation nineteenth century Fiji the cannibal isles of American popular culture she uncovers stories of Americans looking for opportunities to rise in social status and enhance their sense of self Prior to British colonization in 1874 extraterritorial Americans had she argues as much impact on Fiji as did the British While the American economy invested in the extraction of sandalwood and sea slugs as resources to sell in China individuals who went to Fiji had more complicated personal objectives Pursuing Respect in the Cannibal Isles considers these motivations through the lives of the three Americans who left the deepest imprint on Fiji a runaway whaleman who settled in the islands a sea captain's wife and a merchant Shoemaker's book shows how ordinary Americans living or working overseas found unusual venues where they could show themselves worthy of others respect others approval admiration or deference

Making and Selling Culture Richard Ohmann, 1996-11-25 An inside look at cultural industries featuring interviews with key players from such companies as Twentieth Century Fox National Public Radio and Coca Cola To what extent do moviemakers television and radio producers advertising executives and marketers merely reflect trends beliefs and desires that already exist in our culture and to what extent do they consciously shape our culture to their own ends In depth interviews with ten executives from the culture industry and five scholarly analyses examine that question and address the issues of power and authority meaning and identity that arise when cultural producers define and react to audiences In their own words leaders from companies like Twentieth Century Fox National Public Radio and Warner Bros Television describe their perception of the sometimes paradoxical relationship between culture and what influences it For example while the former president of Coca Cola North America claims the company has never tried to create a trend he notes that we market in more countries than belong to the United Nations a product that has insinuated itself into the lives of the people to a point where it has become you know it's there These reflections by key players provide an unprecedented view as editor Richard Ohmann writes into the ways cultural producers imagine or know markets and how such knowledge figures in their decisions about what events experiences and products to make
