Ray Holland, Busayawan Lam

Creating Passion Brands Getting To The Heart Of Branding:

Creating Passion Brands Helen Edwards, Derek Day, 2005 This fresh and original take on branding is soundly based on academic theory and extensive original research Packed with global cases practical tools models and frameworks this work shows how to create a brand that is credible and desirable

Creating Passion Brands Helen Edwards, Derek Day, 2007 Faced with crowded markets flat growth and growing consumer cynicism brand marketers are looking for ways to deepen the emotional connection between their brands and customers This book uses interviews and case studies to show how brands such as Harley Davidson Google Zara clothing and Camper shoes have outstripped the growth of their peers by igniting passion among employees and consumers alike They are passion brands and they show the way forward for marketing in the 21st century Drawing on both research and academic theory the authors put forward a practical systematic approach to the business of creating passion brands from existing brands Always vivid often contentious Creating Passion Brands shows what really counts at the heart of branding today

Organizational Communication Dennis K. Mumby, 2012-08-02 *Organizational Communication A Critical Perspective* introduces students to the field of organizational communication historically conceptually and pragmatically from a perspective grounded in critical theory and research Author Dennis K Mumby explores how the history of organizational communication theory and research is one that embodies and attempts to resolve the fundamental tensions and contradictions between the individual and the organization By taking a critical perspective to the history theories and research of organizational communication this text seeks to address the following how do we provide ourselves with the analytic and practical tools that will enable us to be more informed and critical consumers of and participants in organizational processes Put more broadly how do we learn to be better informed citizens who can participate effectively in and be advocates of organizational democracy This textbook squarely addresses this problem In keeping with this theme this text goes at great pains to explore the link between theory and practice Mumby shows how management theory and research is of vital importance to our understanding of daily struggles for control over work and organizing processes The critical perspective throughout helps students understand how over the course of the last 100 years corporations have sought more and more sophisticated methods of constructing our identities in ways that are commensurate with organizational world views and goals Features unique to this text include the combination of the following issues A thematic critical perspective on organizational communication with analysis of traditional and contemporary approaches to organizational communication Integrated discussion of ethics and technology A full chapter on gender and organizational communication A full chapter devoted to issues of organizational democracy

Managing Strategic Design Ray Holland, Busayawan Lam, 2014-11-20 This core textbook emphasizes the power of design management to drive corporate strategic goals showing how design strategies can be thoughtfully formulated and managed to improve the performance of organizations Taking an engaging and accessible approach this book will help design students and graduates

to apply new concepts of design management in their works and to use design strategically to achieve organizational visions and targets Throughout the book s tripartite structure comprising an introduction to the topic followed by sections on how strategic design can be used to support key businesses functions and how it can be used to push organisations forward a strong link is made between design and marketing and the delivery of design led branding This textbook is essential for upper level undergraduate and postgraduate students studying design management on art and design degrees It also caters for practitioners and specialist elective modules offered on business and management and marketing and entrepreneurship courses in business schools

Journal of Economic Literature ,2006 **Brand storming. Gestire la marca nell'era della complessità** Michele Fioroni,Garry C. Titterton,2007 *Brands and Branding* Stephen Brown,2016-08-17 A fun and humorous introductory book written in Stephen Brown s entertaining and highly distinctive style that introduces curious readers to the key components of brands and helps them to begin to make sense of them what they are what they do why and how using plenty of examples and references drawn from a wide range brands such as Amazon Apple Google Gucci Nike Nintendo Starbucks Swatch and The Worst Hotel in the World With 3 000 branding books published each year why would you or your students want to read Brands Branding Here are seven reasons why It s introductory aimed at undergraduate students or postgrads without a bachelor degree in business and assumes nothing more than readers awareness of high profile brands such as Coca Cola Microsoft and Chanel It s indicative focusing on the basics and thus being a more reliable revision aid than Lucozade It s immersive taking readers on a journey and working on the assumption that they have smartphones or tablet computers to hand the print text links to images articles and academic publications to give emphasis and context where appropriate It s inclusive considering articles and reports but also blogs novels newspapers reviews social media and other sources It s irreverent branding is not always a deadly serious business It s intimate Stephen speaks to you directly and together you will pick your way through the sometimes weird and unfailingly wonderful world of brands and branding using examples rather than abstract ideas to illustrate points It s inspirational celebrating the curious and successful stories of brands from Cillit Bang to Cacharel Suitable for first and second year marketing or advertising students and for those new to or interested in branding and who are keen to know more

Brand Storming M. Fioroni,G. Titterton,2016-01-18 We have witnessed a revolution in the way consumers relate to a product increasingly tending to reject brands which offer over extensive lines in favour of those which are able to offer a lifestyle Brand Storming sets out to provide a guide for business people to meet consumer expectations
