The Arms Race and Arms Control, 1984 Stockholm International Peace Research Institute, 1984 **The Evolution of International Security Studies** Barry Buzan, Lene Hansen, 2009-08-27 International Security Studies ISS has changed and diversified in many ways since 1945 This book provides the first intellectual history of the development of the subject in that period It explains how ISS evolved from an initial concern with the strategic consequences of superpower rivalry and nuclear weapons to its current diversity in which environmental economic human and other securities sit alongside military security and in which approaches ranging from traditional Realist analysis to Feminism and Post colonialism are in play It sets out the driving forces that shaped debates in ISS shows what makes ISS a single conversation across its diversity and gives an authoritative account of debates on all the main topics within ISS This is an unparalleled survey of the literature and institutions of ISS that will be an invaluable guide for all students and scholars of ISS whether traditionalist new agenda or critical **Ballistic missile defense technologies.** , 1985 **Bulletin of the Atomic Scientists** , 1985-01 *The Nuclear Non-proliferation Treaty* Ian Bellany, Coit D. The Arms Race and Arms Control 1984 SIPRI. STOCKHOLM INTERNATIONAL PEACE RESEARCH INSTITUTE, 2020-09-04 For the third year running this book originally published in 1984 provided those actively concerned with the dangers of war at the time with well researched and up to date information on military developments of every kind Based on material published in the SIPRI Yearbook 1984 this book contains the essential data on nuclear issues on military expenditure and the arms trade and examines the breakdown of the arms control talks in 1983 Bulletin of the Atomic Scientists , 1985-01 Strategic Defenses Office of the Technology Assessment, 2014-07-14 To contribute to the worldwide debate on President Reagan's Strategic Defense Initiative here are two important studies Ballistic Missile Defense Technologies and Anti Satellite Weapons Countermeasures and Arms Control Originally published in 1986 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *Unarmed Forces* Matthew Evangelista, 2018-08-06 Throughout the Cold War people worldwide feared that the U S and Soviet governments could not prevent a nuclear showdown Citizens from both East bloc and Western countries among them prominent scientists and physicians formed networks to promote ideas and policies that would lessen this danger Two of their organizations the Pugwash movement and the International Physicians for the Prevention of Nuclear

War won Nobel Peace Prizes Still many observers believe that their influence was negligible and that the Reagan administration deserves sole credit for ending the Cold War The first book to explore the impact these activists had on the Soviet side of the Iron Curtain *Unarmed Forces* demonstrates the importance of their efforts on behalf of arms control and disarmament Matthew Evangelista examines the work of transnational peace movements throughout the Khrushchev Brezhnev and Gorbachev eras and into the first years of Boris Yeltsin's leadership Drawing on extensive research in Russian archives and on interviews with Russian and Western activists and policymakers he investigates the sources of Soviet policy on nuclear testing strategic defense and conventional forces Evangelista concludes that transnational actors at times played a crucial role in influencing Soviet policy specifically in encouraging moderate as opposed to hard line responses for they supplied both information and ideas to that closed society Evangelista's findings challenge widely accepted views about the peaceful resolution of the Cold War By revealing the connection between a state's domestic structure and its susceptibility to the influence of transnational groups *Unarmed Forces* will also stimulate thinking about the broader issue of how government policy is shaped *Department of Defense Authorization for Appropriations for Fiscal Year 1989* United States. Congress. Senate. Committee on Armed Services, 1988 *Statistical Reference Index*, 1986 [International Encyclopedia of Military History](#) James C. Bradford, 2004-12 With its impressive breadth of coverage both geographically and chronologically the *International Encyclopedia of Military History* is the most up to date and inclusive A-Z resource on military history From uniforms and military insignia worn by combatants to the brilliant military leaders and tacticians who commanded them the campaigns and wars to the weapons and equipment used in them this international and multi cultural two volume set is an accessible resource combining the latest scholarship in the field with a world perspective on military history **Future Survey Annual 1985** Michael Marien, 1987-01-01 **Disarmament**, 1986 *Global and Regional Approaches to Arms Control in the Middle East* Gamal M. Selim, 2013-07-11 Since the end of the Cold War the Middle East has been the focus of various projects for the establishment of arms control including CBMs regimes Whereas some of these projects were initiated at the global level others were discussed and debated at the regional level This book analyses the global and regional dynamics of arms control in the Middle East in the post Cold War era It examines American and European arms control projects the contexts in which they were presented the reactions of major regional actors and their impacts on arms control efforts in the region It assesses Arab perceptions of the motivations for and constraints on establishing arms control regimes It also explores the prospects of regional arms control in the context of the ongoing Arab Spring with its ramifications for Arab regional politics and provides a new perspective on arms control in the Middle East This volume enriches the ongoing discourse which to date has been dominated by mainly Western perspectives **Hearings on National Defense Authorization Act for Fiscal Year 1990--H.R. 2461 ...
