in celebration of the discipline s centenary Building the Kingdom of God on Earth Martin Erdmann, 2005-03-31 In his book Building the Kingdom of God on Earth Dr Erdmann deals primarily with John Foster Dulles participation in the ecumenical movement from 1919 to 1945 Dulles role in shaping the religious economic and political policies of the Federal Council of Churches in its support of world order and peace especially in his function as chairman of the Commission on a Just and Durable Peace was crowned with success in the founding of the United Nations Organisation in 1945 His personal friends Philip Kerr Lord Lothian and Lionel Curtis the principal leaders of the Round Table Group come into the pictures at various times By and large they pursued the same objectives as those of Dulles The book shows the detailed influence of the Round Table Group and its affiliated organisations such as the Royal Institute of International Affairs London and the Council for Foreign Relations New York City on the ecumenical movement using it successfully for their purpose of creating an international community of nations Xenophon's Anabasis and its Reception Tim Rood, Melina Tamiolaki, 2022-10-24 This volume constitutes the first large scale collaborative reflection on Xenophon's Anabasis gathering experts on Greek historiography and Xenophon It is structured in three sections the first section provides a linear reading of the Anabasis through chapters on select episodes from Book 1 through Book 7 including the opening Cyrus characterisation the meeting of Socrates and Xenophon Xenophon s leadership the marches through Armenia and along the Black Sea coast and the service under Seuthes in Thrace The second section offers an in depth exploration of hitherto overlooked recurrent themes Based on new approaches and scholarly trends it focuses on topics such as the concept of friendship the speeches of characters other than Xenophon the suffering of the human body the role of rumour and misrepresentation and the depiction of emotions The third section offers a more thorough investigation of the manifold reception of this work in Antiquity Byzantium Renaissance modern period in cinema studies and illustrations Finally in acknowledgement of the Anabasis long history as a pedagogical text the volume contains an envoi on the importance and benefits of teaching Xenophon and the Anabasis more specifically

Anthropologists and the Rediscovery of America, 1886–1965 John S. Gilkeson, 2010-09-20 This book examines the intersection of cultural anthropology and American cultural nationalism from 1886 when Franz Boas left Germany for the United States until 1965 when the National Endowment for the Humanities was established Five chapters trace the development within academic anthropology of the concepts of culture social class national character value and civilization and their dissemination to non anthropologists As Americans came to think of culture anthropologically as a complex whole far broader and more inclusive than Matthew Arnold s the best which has been thought and said so too did they come to see American communities as stratified into social classes distinguished by their subcultures to attribute the making of the American character to socialization rather than birth to locate the distinctiveness of American culture in its unconscious canons of choice and to view American culture and civilization in a global perspective LIFE ,1948-03-15 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing
